General Debility

Day in and day out there is that feeling of weakness that makes a burden of itself. Food does not strengthen. Sleep does not refresh.

It is hard to do, hard to bear, what should be easy—vitality is on the ebb, and the whole system suffers. For this condition take

Hood's Sarsaparilla

It vitalizes the blood and gives vigor and tone to all the organs and functions. In usual liquid form or in chocolate tablets known as Sarsatabs, 100 doses \$1.

"I believe that party service should be rewarded," says Sec. tary Cortelyou. Some of it should be, anyway—with terms in the penitentiary.—Kansas City Journal.

We will wager doubts of that furniture trust did not know they were in a combine. Thus are the small fry imposed on.

Nevertheless, it is the simple truth that baseball in Washington is to better under the Roosevelt administration than under its predecessors.—Charleston News and Courier.

The per capita distribution of wealth in this country, is reported to be \$1,310. The fact that John D. Rockefeller has cornered the vast majority of the per caps, somewhat detracts from the exceeding joy that this item might be expected to arouse.

The thread trust has advanced the price one cent per spool. This unseemly action is likely to still further bias the public mind against the phy-

sical and mental welfare of its members, accompanied by a just distribution of total product among the producers. This does not mean share and share alike, but according to the productive capacity, physical or mental, or both, of each. If a few are getting each year, and constantly, by hook or by crook, the total product of all who work, then the condition is not one of prosperity. If certain individuals in a short lifetime become possessed of so much property that they can make abnormal gifts of charity; if one man can give away, for instance, the vast sum of \$32,000,000 in one gift without feeling it any more than you would miss \$5, we make a fatal mistake if we ascribe such a condition to prosperity. If we find the railroads being used to allow a few to acquire such fortunes at the expense of their fellowmen by having their freight carried at a rate lower than others have to pay, so that they are able to create monopolies in themselves, our conditions are not one of prosperity, but it is dangerous to the perpetuity of our free government. From the beginning of the world the public highways always had been built by the government. In the same way the government could have built our iron highways—the railroads, and even though privately built, the railroads of the country are still public highways. This is the decision of all the courts in the land. The corporations, not the individuals who control them, can not do with them as they will. They are mere trustees, or agencies of the government, to run them as public highways for the benefit of all, and without any favoritism or discrimination to anyone. Every free press issued, every favor in freight rates granted, every in defiance of the law. Some people are under the delusion that recent statutes made these things unlawful. Not at all; they were unlawful from the beginning. We only need statutes to make it a criminal offense to grant them, and to jail those who should grant them. That these public highways should be used to enable a few men to destroy their business rivals is the basest crime of our day and generation.

Supreme Justice Gaynor, of New York, relative of our boot and shoe leader has this to say of tainted money in a recent issue of the Commoner: There is no prejudice in this country against honestly acquired wealth, however large. It is wealth acquired innocently by which is under the ban of the splendid intelligence and integrity of the people of this country. The prime object of government is to promote distributive justice to all. Without this object being fulfilled there can be no true prosperity. Prosperity is the highest production which a community is capable of consistent with the phy-

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as some people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonials letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Do not make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

HIDDEN DANGERS.

Nature Gives Timely Warnings That No Dallas Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber tinted, sick kidneys send out a thin, pale and foamy, or a thick, red ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently.

Mrs. A. R. Hill, of 331 E. Fifth St., Albany, Ore., says: "Not a word too much is said in praise of Doan's Kidney Pills, and it ought to be proof enough of their merit when people living right here in Albany recommend them. Instead of some unknown person in Texas or some other faraway place. I have used Doan's Kidney Pills myself and know of many who who have used them. In my case they cured back ache and other troublesome symptoms of kidney complaint. Everyone else who has used them to my knowledge have had the same satisfaction and that is why I lend my name in endorsing the remedy."
