FATHER THOUGHT CHILD WOULD DIE

Suffered with Cuban Itch, and Sores Covered Body from Head to Foot — Would Claw Himself and Cry All the Time — Could Not Be Dressed — Mother Advised to Try the Cuticura Remedies.

My little boy in the Spring of 1901, when only an infant of three months, caught the Cuban Itch from one of my neighbor's babies. Sure he had to be taken to the bottom of his feet, and he would scratch himself and cry all the time. I could not sleep day or night. I had to wash him with Cuticura Soap and one box Cuticura Ointment. He was cured in just two weeks. I would have gladly paid \$100.00 for the Cuticura Remedies had I not known they were so good. I can't begin to speak of the suffering my husband and I suffered when we had to dress our little boy. I could not do so without weeping and weeping. He would not let us touch him, and he would cry and cry. I would have gladly paid \$100.00 for the Cuticura Remedies had I not known they were so good. I can't begin to speak of the suffering my husband and I suffered when we had to dress our little boy. I could not do so without weeping and weeping. He would not let us touch him, and he would cry and cry. I would have gladly paid \$100.00 for the Cuticura Remedies had I not known they were so good.

When a lady friend told me to try the Cuticura Remedies, she said she had cured her own child, which was nearly eaten up with the Cuban Itch. I bought one box Cuticura Ointment, and I washed him with Cuticura Soap and one box Cuticura Ointment. He was cured in just two weeks. I would have gladly paid \$100.00 for the Cuticura Remedies had I not known they were so good.

A Woman's Practical Argument.

"What brings you here, Mary?" said Truesdell to his wife, as she entered the liquor store. "It was so long-some at home, and your business seldom allows you to be there, I replied his neck and resolute wife. "Do me there is no company like yours, and you cannot come to me, I must come to you. I have a right to share your pleasures as well as your sorrows." "But to come to such a place as this?" "No place can be improper where my husband is—whom God hath joined together let no man put asunder. She took up a glass of spirits which the saloon-keeper had just poured out for her husband. "Surely you're not going to drink?" said Tom in huge astonishment. "Why not? You say you drink to forget sorrow, and I surely have sorrow to forget." "Woman, woman, you are not going to give that to the children?" cried Tom, as she was passing the glass of liquor to them. "Why not? Can children have a better example than their father's? Is not what is good for him good for them also? It will put them to sleep and they will forget that they are old and hungry. Drink, my children, this is fire and bed and food and clothing—drink, you see how much good it does your father." With seeming reluctance, Mary offered her husband to lead her home, and that night he prayed long and fervently that God would help him to break an evil habit, and keep a newly formed but firm resolution. His reformations were thorough, and Mrs. Truesdell is now one of the happiest of women, and remembers with melancholy pleasure her first and last visit to the dramshop—EX.

BAD BLOOD THE SOURCE OF ALL DISEASE

Every part of the body is dependent on the blood for nourishment and strength. When this life stream is flowing through the system in a state of purity and richness we are assured of perfect and uninterrupted health; because pure blood is nature's safe-guard against disease. When, however, the body is fed on weak, impure or polluted blood, the system is deprived of its strength, disease germs collect, and the trouble is manifested in various ways. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders that will continue to grow worse as long as the poison remains. These impurities and poisons find their way into the blood in various ways. Often a sluggish, inactive condition of the system, and torpid state of the avenues of bodily waste, leaves the refuse and waste matters to sour and form uric and other acids, which are taken up by the blood and distributed throughout the circulation. Coming in contact with contagious diseases is another cause for the poisoning of the blood; we also breathe the germs and microbes of Malaria into our lungs, and when these get into the blood in sufficient quantity it becomes a carrier of disease instead of health. Some are so unfortunate as to inherit bad blood, perhaps the dregs of some old constitutional disease of ancestors is handed down to them and they are constantly annoyed and troubled with it. Bad blood is the source of all disease, and until this vital fluid is cleansed and purified the body is sure to suffer in some way. For blood troubles, which are taken up by the blood and distributed remedy ever discovered. It goes down into the circulation and removes any and all poisons, supplies the healthful properties it needs, and completely and permanently cures blood diseases of every kind. This action of S. S. S. is so thorough that hereditary taints are removed and weak, diseased blood made strong and healthy so that disease cannot remain. It cures Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, etc., and does not leave the slightest trace of the trouble for future outbreaks. The whole volume of blood is renewed and cleansed after a course of S. S. S. It is also nature's greatest tonic, made entirely of roots, herbs and barks, and is absolutely harmless to any part of the system. S. S. S. is for sale at all first class drug stores. Book on the blood and any medical advice free to all who write.

If I were going to remain in the mercantile business, I would stay right here. I have good reasons for selling.

My store is 80 by 80 feet; well stocked with the best line of brand new goods; district and in the midst of a population of over 2,500 people. It offers the best opportunity for a man of energy in the Northwest today.

PROPOSITION: My price is the actual invoice cost of the goods in stock at the time of sale. I will take either cash in full or part Portland or Willamette Valley real estate or secured notes. I will pay all the expenses of any man who will investigate and does not find everything as I represent. This is a first class offer and I know it. It is better than 90% of the offers you read next week. Investigate and find that I am right.
