Bad Blood

Is the cause of all humors, eruptions, boils, pimples, scrofulous sores, eczema or salt rheum, as well as of rheumatism, catarrh and other troubles. The greatest blood remedy for all these troubles, proved by its unequalled record of cures, is

Hood's Sarsaparilla

In usual liquid form or in chocolate tablets known as Sarsatabs. 100 doses \$1.

If paper and stock continues to rise, newspapers will have to charge more for subscription.

Salem's cherry show was a great success, but what would it have amounted to without its Polk county exhibitors?

We will wager that no celebration town in the valley had less accidents or drunks than Dallas, be they wet or dry towns.

Tom Richardson now has a newspaper for sale. He should have several of them after getting all that S. P. advertising done for nothing.

We are beginning now to see the need of that fruit canner. Cherries would not now be going to waste around Dallas if we had one in operation.

The increased cost of living has made our honest gold coin a 50-cent dollar, sometimes it is not more than forty cents.—St. Louis Post Dispatch.

"It takes more nerve for a woman to open a telegram than it does for a man to open a jacket," says the Phila. Inquirer. And the result is far less startling.

And now it is said that potatoes will be utilized in the manufacture of lead pencils. That will do as well as anything else as an excuse for raising the price of pencils and potatoes.

The Itemizer's suggestion for a drink fountain has been taken up by the Fourth of July committee and they expect to apply their surplus funds of about \$100 toward starting the improvement.

Slaughter of Millinery Goods

All Ladies' and Childrens' trimmed hats at just one-half retail price. We have had a fine sale on hats, but we anticipated the trade too strong and have a large stock to select from. Also we will discount all Summer Goods at 25 per cent reduction. This includes all price goods strictly. Mens', Womens' and Childrens' White Oxfords. These are bargains. Come and get your share. Many other bargains will be shown you.

INDEPENDENCE.

Courtesy West Side-Enterprise.
Mr. and Mrs. E. Miller and children, of Salem, have been visiting Mrs. Miller's sister, Mrs. Jack Wilson.

J. M. Stark departed Saturday for Prineville to sell out a bankrupt stock of goods which he recently purchased there.

Robert Barrie and family, of Salem, are now residents of Independence. He will look after the line work of the Pacific States Telephone Co.

The launch Independence met with a serious accident on the return trip from Salem Friday. The cylinder head of the engine blew out and left the launch helpless. It drifted back down stream and it was not possible to anchor it to the shore for a considerable length of time. Floating logs were in the river and under the conditions existing the situation was somewhat serious. There were about a dozen passengers and some of them were quite badly frightened. The launch was finally moved to the bank and the passengers unloaded.

The sweet pea fair given by the ladies of the M. E. church Saturday was a success. The chief amusement feature was the play, "And Jerusalem's Quilting Party," a burlesque on the old-fashioned quilting party. The exhibit of sweet peas was very good and the winners of the various prizes were as follows: Best collection, Mrs. R. H. Knox; 2nd best collection, Mrs. Chas. Calbreath; best specimen of white, Mrs. J. E. Jones; second specimen of white, Mrs. Hildebrand; on red and pink specimens, Mrs. H. H. Knox took first and second prizes.

The many friends of Mrs. Frank Cox will be pained to hear of her death which occurred Sunday, July 14, after a short illness. Mrs. Cox maiden name was Lena White and she was born and raised in Oregon. She was 24 years of age and had long been a resident of this vicinity where she was well known. Deceased leaves two small children, a girl of five years and a baby boy of two weeks. The sympathy of many friends is extended to the husband and children. Mrs. Cox was a member of the Christian church of this city and the funeral services will be conducted that evening today at 11 o'clock, Rev. Wigmore officiating.

TOP NOTCH FOR HAY.

Hay Commands a Higher Price than Ever Before.

The same as nearly every other commodity, the price of new hay has soared away up into the empyrean. In fact its value now in the field is nearly twice what it generally is at this time of the year. And it is not plentiful even at the advanced price. Mr. George Schmelzer informs me that he and his men were yesterday scouring the county contracting for their year's supply for the livery stable, and that they found hay hard to get and selling at \$8 a ton in the field. This is about the average price asked for good timothy, chest commanding about the same price, also oat hay. This is probably the highest price ever asked for hay in the field in this county, and the cost is laid not so particularly to its scarcity, but to the cost of production. Labor now commands such a price that it would be impracticable for the farmer to sell it at a lower price.

Rebekahs Install Officers.

Last night the Rebekahs of Dallas installed their officers for the ensuing year. District Deputy Ella Carpenter acting as installing officer. After the ceremonies, ice cream and cake were served and a splendid time enjoyed by all. The new officers are: N. G. Mabel Holmes; N. G., Evangeline Hart; V. G., Ollie Howe; Sec., Mrs. W. L. Soehren; Treas., Mrs. Minnie Ellis; Chaplain, Mrs. J. G. VanOrsdel; Warden, Ella Brown; Conductor, Mrs. E. J. Cook; R. S. N. G., Mrs. C. G. Cook; L. S. N. G., Mrs. E. V. Dalton; E. S. V. G., Mrs. F. H. Morrison; L. S. V. G., Lydia Campbell; Inner Guardian, May Hughes; outside guardian, Miss Hughes.

To Repair the Big Bridge.

There was a meeting last Tuesday morning of representatives of Salem and Marion and Polk counties, to take steps leading to the proper care and repairs of the big steel bridge. A committee composed of County Judge Scott, Commissioner Teal, of Polk county, and Alderman Fraser, of the Salem city council, was appointed to prepare plans and specifications for an 120-foot span and for painting the bridge, and receive bids on the same after public advertisement.

Roy Hawkins is clerking temporarily for W. R. Ellis.

George Nesling is back from a trip to Lower California.

Tom Magers is acting as chauffeur for Banker Williams.

Dale Hill and Carl and Ben Poljan went to Siletz bay Sunday.

Field Allen has been running the warehouse during Mr. Soehren's absence.

Mr. James Myers has rented his extensive Smithfield holdings and will move to town, but has not yet fully decided whether it will be Dallas or Salem. Mr. Myers holds a lucrative position with a well known hop firm.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine stings the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant condition is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar bottles. Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. Do not make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

UNDER THE BIG CLOCK. What Our County Officials Have Done Since Our Last Issue.

\$100 Reward \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution of assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer \$100 for any case that it fails to cure. Send for list of testimonials. Address F. J. Cheney & Co., Toledo, Ohio. Sold by all druggists. Take Hall's Family Pills.

When Mr. Finnelly returned after a day's outing with Michael, the only one on his face was long and joyful and quickly drew inquiries from the mother.

"I mistrust Micky is not long for this world," said Mr. Finnelly, with a deep sigh. "I mistrust there's a spell over 'im already, and he'll not be long 'til he goes."
"Arrah, what are you talkin' about?" demanded his wife as she removed some little brown sticky decorations from the countenance of the sleepy Michael. "He's one of the long, thin kind, but he's got his good health and a fine pair o' lungs in him."
Mr. Finnelly shook his head with stubborn conviction.
"You can say what plazes you," he remarked sputteringly, "but I've got this to tell you woman: On the platform of the station there was a large, big scales, and I stepped on, holdin' Micky by the hand. They tipped an' balanced at wan hundred sixty-two pounds. Thin I lifted Micky up an' held him in the air—all free of the platform, mind ye—and, woman, thin scales niver droptroop a pound. There was only a bit of a trinkle. I'd hardly the strength in me legs to walk home."

A Glean of Hope.

The dark lantern flashed through the flat. Then came the gleam of a revolver.
"Hands up!" hissed the head of the family. "You are a burglar?"
"Y-yes," gasped the intruder as he faced the cold steel.
"What have you stolen?"
"Your wife's pug dog."
"That's all, you may sneek out quietly."
"And your mother-in-law's parrot."
"You don't say! Well, here is some loose change."
"And your daughter's photograph."
"Good! Here's some more loose change."
"Also your son's punching bag."
"What? Great Scott, man, come out to the lee chest! There certainly will be some peace in this flat from now on!"

HIDDEN DANGERS. Nature Gives Timely Warnings That No Dallas Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently.

Mrs. A. R. Hill, of 331 E. Fifth St., Albany, Ore., says: "Not a word too much is said in praise of Doan's Kidney Pills, and it ought to be professedly of their merit when people living right here in Albany recommended them, instead of some unknown person in Texas or some other faraway place. I have used Doan's Kidney Pills myself and know of many more who have used them. In my case they cured back ache and other troublesome symptoms of kidney complaint. Everyone else who has used them to my knowledge have had the same satisfaction and that is why I lend my name in endorsing the remedy."

Remember the name, Doan's, and take no other. For sale by all dealers. Price 50 cents. For Mr. Milburn Co., Buffalo, New York, sole agents for the United States.

A Very Useful Tree.
The most marvelous tree in the world is the cranberry palm, which grows in Brazil. Its roots produce the same medicinal effect as sarsaparilla. From parts of the tree wine and vinegar are made. Its fruit is used for feeding cattle. Of the straw, hats, baskets, brooms and mats are made. It is also used for thatching houses. The pulp has an agreeable taste, and the nut is delicious and exclusive. It yields also a saccharine substance as well as a starch resembling sugar. Of the wood of the stem musical instruments, water tubes and pumps are made. From the stem a white liquid similar to the milk of the cocconut and a hard resinous substance may be extracted. Moreover, salt is extracted from the tree, and likewise an alkali used in the manufacture of common soap.—Answers.
