SKIN DISEASES HUMORS IN THE BLOOD

When the blood is pure, fresh and healthy, the skin will be soft, smooth and free from blemishes, but when some acid humor takes root in the circulation its presence is manifested by a skin eruption or disease. These humors get into the blood, generally because of an inactive or sluggish condition of the members of the body whose duty it is to collect and carry off the waste and refuse matter of the system. This unhealthy matter is left to sour and ferment and soon the circulation becomes charged with the acid poison. The blood begins to throw off the humors and acids through the pores and glands of the skin, producing Eczema, Acne, Tetters, Psoriasis, Salt Rheum and skin eruptions of various kinds. Eczema appears, usually with a slight redness of the skin followed by pustules from which there flows a sticky fluid that dries and forms a crust, and the itching is intense. It is generally on the back, breast, face, arms and legs, though other parts of the body may be affected. In Tetters the skin dries, cracks and bleeds; the acid in the blood dries up the natural oils of the skin, which are intended to keep it soft and pliant, causing a dry, feverish condition and giving it a hard, leathery appearance. Acne makes its appearance on the face in the form of pimples and black heads, while Psoriasis comes in scaly patches on different parts of the body. One of the worst forms of skin trouble is Salt Rheum; its favorite point of attack is the scalp, sometimes causing baldness. Poison Oak and Ivy are also disagreeable types of skin disease. The humor producing the trouble lies dormant in the blood through the winter to break out and torment the sufferer with the return of Spring. The best treatment for all skin diseases is S. S. S. It neutralizes the acids and removes the humors so that the skin, instead of being irritated and diseased, is nourished by a supply of fresh, healthy blood. External applications of salves, washes, lotions, etc., while they soothe the itching caused by skin affections, can never cure the trouble because they do not reach the blood. S. S. S. goes down into the circulation and forces out every particle of foreign matter and restores the blood to its normal, pure condition, thereby permanently curing every form of skin affection. Book on Skin Diseases and any medical advice desired sent free to all who write. S. S. S. is for sale at all first class drug stores.

For some time I have been conducting a general merchandise business in Moro, Oregon, with practically no competition. I have built up a trade of over \$90,000 a year, netting me a profit of over 15%. This has all been done with hired help as my time has been devoted to the real estate business. With little effort it can be made to pay over 20% on an investment of \$28,000. If I were going to remain in the mercantile business, I would stay right here. I have good reasons for selling.

GIRL BABY'S AWFUL ECZEMA

Sight of Eye Destroyed by Disease—Tried Five Doctors but Grew Worse—In Agony Eight Months—Parents Discouraged, Until They Tried Cuticura Remedies

IN ONE WEEK ALL SORES DISAPPEARED

"Our little girl, one year and a half old, was taken with eczema and it was what the doctor said it was. We called in the family doctor and he gave some tablets and said she would be all right in a few days. The eczema grew worse and we called in doctor No. 2. He said she was teething, as soon as the teeth were through she would be all right. But she still grew worse. Doctor No. 3 said it was eczema. By this time she was nothing but a yellow, greenish area. Well, he said he could help her, so we went to him and he gave us a bottle of Cuticura. We used it about a week. One morning we discovered a little yellow pimple on one of her cheeks. Of course we were discouraged. I saw one of the Cuticura advertisements in the paper and thought we would try the Cuticura Treatment, so I went and purchased a set of Cuticura Remedies, which cost \$1. and in three days our daughter, who had been sick about eight months, showed great improvement, and in one week all sores had disappeared. Of course it could not restore the eyesight, but if we had used the Cuticura Treatment, I am confident that it would have saved the eye. We think there is no remedy so good for any skin trouble or impurity of the blood as Cuticura. Mr. and Mrs. Frank Abbott, R. F. D. No. 6, Fulton, Oregon Co., N. Y., August 17, 1906."

RUNS AMUCK.

Ralph Williams' Toot Wagon Gang's ain't Gait.

Sunday afternoon while going for a spin out Falls City way with Miss Edna Similton in his 10-H. P. motor, R. E. Williams had an experience that he does not want repeated in the near future. In trying to gain control of the machine after striking a rat, it became unmanageable, and taking the bit in its teeth, began the ascent of the bank on the side of the road. Mr. Williams threw off all power, but the blasted thing still had enough left to get up that bank and go through a plank fence, breaking short off a large oak post as a sort of pastime. Of course the front of the auto was all smashed up, but Mr. Williams and Miss Similton can consider that they got off very lucky. It is a wonder that they were not both badly hurt. The auto is now in the hands of Foundryman Biddle, but will soon be out once more.
