It is perfectly natural to rub the spot that hurts, and when the muscles, erves, joints and bones are throbbing and twitching with the pains of theumatism the sufferer is apt to turn to the liniment bottle, or some other

The aches and pains are only symptoms, and though they may be scattered or relieved for a time by surface treatment, they will reappear at the first exposure to cold or dampness, or after an attack of indigestion or other irregularity. Rheumatism can never be permanently cured while the circulation remains saturated with irritating, pain-producing uric acid poison. The disease will shift from muscle to muscle or joint to joint, settling on the nerves, causing inflammation and swelling and such terrible pains that the nervous system is often shattered, the health undermined, and perhaps the patient becomes deformed and crippled for life. Diarrhoea Remedy Better tham Three Doctors.

"Three years ago we had three doctors with our little boy and everything that they could do seemed in vain. At last when all seemed to be gone we bedoes not reach the blood, where the cause is located. Rheumatism is more than skin deep—it is rooted and grounded in the blood and can ouly be reached by constitutional treatment—IT CANNOT BE RUBBED AWAY.

Rheumatism is due to an excess of uric acid in the blood, brought about by the accumulation in the system of refuse matter which the natural avenues of bodily waste, the Bowels and Kidneys, have failed to carry off. This refuse matter, coming in contact with the different acids of the body, forms uric acid which is absorbed into the blood and distributed to all parts of the blood and distributed to all parts of the blood and Rheumatism gets possession of the system. Boy in Misery 12 Years - Eczema Spread Over Body in Rough Scales, Cracked, Inflamed, and Swollen—Case Pronounced Incurable, but Completely Cured by Two Sets of Cuticura Remedies.

HIS SKIN NOW FINE AND SMOOTH AS SILK

"I wish to inform you that your wonderful Cuticura has put a stop to twelve years of misery I passed with my son. As an infant I noticed on his body a red spot and treated same with different remedies for about five years, but when the spot began to get larger I put him under the care of doctors. Under their treatment the disease spread to four different parts of his body. The longer the doctors treated him the worse it grew. During the day it would get rough and form like scales. At night it would be cracked, inflamed, and badly swollen, with terrible burning and itching. When I think of his suffering, it nearly breaks my heart. His screams could be heard down-stairs. The suffering of my son made me full of misery. I had no ambition to work, to eat, nor could I sleep.

"One doctor told me that my son's eczema was incurable, and gave it up for a bod lob. One sevente."

"One doctor told me that my son's eczema was incurable, and gave it up for a bad job. One evening I saw an article in the paper about the wonderful Cuticure and decided to give it a trial. "I tell you that Cuticura Ointment is worth its weight in gold, and when I had used the first box of Ointment there was a great improvement, and by the time I had used the second set of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent my child was cured. He is now twelve years old, and his skin is as fine and smooth as silk. Michael Steinman, 7 Summer Avenue, Brooklyn, man, 7 Sumner Avenue, Brooklyn, N. Y., April 16, 1905."

FOR WOMAN'S EYE

Too much stress cannot be placed on the great value of Cuticura Soap, Ointment, and Pills in antiseptic cleansing, thus affording pure, sweet, and economical local and constitutional treatment for inflammations, itchings, irritations, relaxations, displacements, and pains, as well as such sympathetic affections as anemia, chlorosis, hysteria, nervousness, and debility.
