Harriman's new home is to be a mile above sea level. Hope he'll enjoy it there is another waiting him that is not so elevated.—Madison Democrat.

Perhaps Mr. Wellman has decided to postpone that north pole expedition until after the tariff has been revised by its friends.

Secretary Taft has developed an inordinate taste for travel, but his friends believe he could be induced to settle down for four years.

The official organ of the coal dealers declares that more coal was mined during the past summer than ever before in the same period of time. There fore the price must be raised of course.

Mr. Jas. J. Hill says the country wants more money. If Mr. Hill and a number of his kind would stand aside and keep hands off for a while, the country might stand some show to get it.

If Mr. Roosevelt should become an editor after his retirement from the presidency, it is safe to assume that fresh and conscientious contemporaries would think twice before sealing his editorials.

A movement is again on foot to secure a nightwatch, and an extremely good man for the position has been named. If our council will donate \$25 a month, the balance can be raised among the business men.

Tom Richardson paid a splendid tribute to newspapers in his address at Eugene the other night. He declared them to be the greatest factors in the upbuilding of a community, and asserted that it had been proven in Portland and elsewhere that newspapers were the most effective of all advertising mediums. Thus it is said that the business man who advertises not only helps himself, but is a public benefactor in that he also contributes to the making of better newspapers and they in turn advance in every way the material interests of the community. The non-advertiser can never be a real effective booster, for, as Mr. Richardson said, the newspaper should be the reliable and complete directory of the business and professional interests of the community in which it is published.

Peter Kurze is producing some fine commercial apples this year again. A few samples brought to this office of the Baldwin variety certainly demonstrated that Mr. Kurze has given his orchard the usual good care he has been giving it in the past. The product this year will not be nearly so great in quantity as last year, neither will the quality be hardly so good because this has been an off year, but a considerable quantity of very good apples will be marketed this year from the small place which Mr. Kurze owns.

EASY TO MIX THIS.

Prepare it at Home by Shaking Well in Bottle.

What will appear very interesting to many people here is the article taken from the New York daily press, giving a simple prescription as formulated by a noted authority, who claims that he has found a positive remedy to cure almost any case of lumbago or kidney or bladder derangement, in the following simple prescription, if taken before the stage of Bright's disease:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bed time.
A well-known druggist here at home, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic affections with splendid results, he could see no reason why it should not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the kidney structure, cleanses these most important organs and helping them to sift and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

Judson-Douglas.

At the home of the bride's mother, about three miles from town, on Sunday afternoon at 4 o'clock, Rev. N. W. Sager spoke the words that made Mr. Robert Judson, of Salem, and Miss Lena Douglas, of the vicinity of Cooper Hollow, husband and wife. Only immediate relatives were present to witness the ceremony, and the bride and groom settled down to staid married life. Mr. Judson is the engineer at the Teats oak mill, and Miss Judson one of the best known and pleasing young ladies of that vicinity. Their many friends will congratulate them on the happy union, as does the Itemizer.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood. All the blood in your body passes through your kidneys once every three minutes.

If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It is used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble. If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold in its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Name of Swamp-Root free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Do not make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

How to Cure a Cold.

The question how to cure a cold with-out necessary loss of time is one in which we are more or less interested, for the quicker a cold is gotten rid of the less danger of pneumonia and other serious diseases. Mr. R. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by Starlin Drug Co.

CHASE-GUTHRIE.

Wednesday, September 25, at the home of the bride's parents, Mr. and Mrs. H. E. Guthrie, of Monmouth, Philander L. Chase and Miss Vera Guthrie were united in marriage by Rev. E. C. Wigmore, of Eugene.

The room was tastefully decorated in trailing mistle and white roses, the bride pair receiving their blessing under an arch and ball of white roses and ribbon. Miss Edna Guthrie sang "Oh Promise Me" after which the bride and groom marched in to the strains of Lehengrin wedding march played by Miss Norma Daniels.

The bride was dressed in white silk with veil and carried a shower bouquet of white carnations. After congratulations the guests repaired to the dining room which was tastefully decorated in lavender, green and white, where refreshments were served.

Mid showers of rice and old shoes the bride pair departed for Salem in a carriage decorated for the occasion. They were accompanied by Misses Edna Guthrie and Nellie Beery and Mr. Squire Whitman. After a short trip up the Columbia, Mr. and Mrs. Chase will return to their home in Monmouth, where Mr. Chase is the leading jeweler.

Their many friends wish them joy and happiness in their wedded life.

A HARD STRUGGLE.

Many a Dallas Citizen Finds the Struggle Hard.

With a back constantly aching. With distressing urinary disorders. Daily existence is but a struggle. No need to keep it up.

Doan's Kidney Pills will cure you. Mrs. M. Custer, of 436 W. Fifth street, Albany, Ore., says: "I have had no occasion to use Doan's Kidney Pills for nearly three years and that fact alone is proof of the value of the remedy. At the time I got it at Foshay & Mason's drug store I was suffering an acute attack of kidney complaint, the result of the passages of the kidney secretions. It made me so weak and lame that I could scarcely move from one place to another. The passages of the kidney secretions were so frequent that I got little if any rest at night. I continued using Doan's Kidney Pills until cured, and in March, 1903, I told the story of my experience for publication in our local papers. Now that the cure has proved permanent, I am fully convinced of the value of Doan's Kidney Pills and wish every sufferer to know it.

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States.

ELECTRICITY FOR LIGHTING IS ONLY EXPENSIVE TO PEOPLE WHO ARE WASTFUL AND CARELESS. TO YOU, WHO ARE NATURALLY CAREFUL, IT DOES NOT COME HIGH.

It is economical because it can be quickly turned off when not needed. With gas or kerosene there is the temptation to let light burn when not needed, to save bother of lighting and adjusting. In some homes the electric light bill amounts to only about \$2 per month. You can probably get some kind of artificial light for less money than electric light, but does it save you anything when it limits opportunities for work and recreation, ruins your eyesight, smokes your walls, mars decorations and increases household work. You can probably save a dollar to-morrow by going without your meals, but it wouldn't be economy. It is not so much what you save, but how you save, that counts. We are always ready to explain the "ins and outs" of the lighting proposition to you. Call on us or phone to us. We are never too busy to talk business.
