Bad Blood

Is the cause of all humors, eruptions, boils, pimples, scrofulous sores, eczema or salt rheum, as well as of rheumatism, catarrh and other troubles. The greatest blood remedy for all these troubles, proved by its unequalled record of cures, is

Hood's Sarsaparilla

In usual liquid form or in chocolate tablets known as Sarsatabs. 100 doses \$1.

The democrats of the country are now in the rocking chair, so to speak, and all they have to do is to sit tight and watch the game and take advantage of every move made by the opposition. If they will only come into the next congress making the fight on straight lines for states' rights and tariff revision and reduction and the proper control of corporate influence and wealth they will win. If they do not and they waver in the least bit or tittle on these questions they are gone fawn skin, and they might as well hang their harp on a willow tree for the next four years, unless by some chance they should win the House of the sixty-second congress.

Mr. W. B. Glafke, a member of the Board of Governors of the Portland Commercial Club, has put before the club some intensely interesting figures on the poultry and egg business, for general circulation throughout the state. One hundred carloads of eggs alone were shipped into the

state of Oregon during the past twelve months. These would average the year around, \$2,600 per car. Oregon growers supply the chief demand for turkeys, ducks, geese and chickens, but four times the present production would find a ready home market, while in eggs we might multiply ten and still the price would pay as well as any product grown either on the farm or in the orchard.

When a republican neighbor shows you an editorial from a republican daily paper either opposing tariff revision altogether or insisting upon postponing revision until after the presidential election, call his attention to the resolution adopted by the American Newspaper Publishers' Association in which the republican newspaper owners belonging to that association demand that the tariff upon everything that goes to make white paper—the product in which newspaper publishers are so vitally interested—be "immediately repealed."

In trying to have fired the Mississippi captain who dared to pass the steamboat on which he was on, and lowers himself from the high stand and on which we had him placed.

A contract for carrying trans-continental mail is to be let in the west and the railroad presidents are tearing their linen in the efforts to beat each other on fast time. Yet the railroad presidents have been known to complain that carrying the mails was a losing game.

Judging from the disclosures made in the government suit against the Standard Oil Co., once a man got on the inside of that concern, all he had to do was to sit tight and have them hand him the money.

Winter is coming on apace, and yet no move has been made toward the introduction of a cannery here. This is the industry we should next have in Dallas. Let us make a move toward getting it at once.

Will Paul, the boss hop baler, has gone to Saloon to work in a butcher shop during the winter.

Mrs. F. A. Wolfe, of Falls City, came in as we were going to press with a large and gorgeous bouquet of flowers. They were surely beauties and a most acceptable gift.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passages, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Do not make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

HIDDEN DANGERS.

Nature Gives Timely Warnings That No Dallas Citizen Can Afford to Ignore.

DANGER SIGNAL, NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL, NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently.

Mrs. A. R. Hill, of 331 E. Fifth St., Albany, Ore., says: "Not a word too much is said in praise of Doan's Kidney Pills, and it ought to be proof enough of their merit when people living right here in Albany recommend them, instead of some unknown person in Texas or some other faraway place. I have used Doan's Kidney Pills myself and know of many more who have used them. In my case they cured back ache and other troublesome symptoms of kidney complaint. Everyone else who has used them to my knowledge have had the same satisfaction and that is why I lend my name in endorsing the remedy."

Remember the name, Doan's, and take no other. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

In the Oregonian of October 9th Rev. John M. Ferguson, of the Presbyterian church, takes occasion to call the management of Krebs Bros.' Independence hop yard to account for the manner in which the yard was conducted and charges that the immorality of the yard was of a very low standard. He charges in particular that "hundreds of innocent girls" were led to their ruin during the season and he blames the hop industry in general for their downfall.
