In the election of T. A. Odom as nightwatchman the Itemizer has won s long fight for better protection of our city against fire and other dan- gers. Now it is up to Mr. Odom to make good—and we think he will. Our business men can rest assured hat after they quit business at night heir property will be protected—and well. Mr. Odom will make a contin- al tour of our business streets, and ow with the authority from the coun- il to make arrests, will see to it that o law breakers are in Dallas during he night time.

The idiocy of Democrats all over he country in fighting one another when they should get together and fight the comon enemy, which is as adly divided at this time as we are, reminds me of the definition Ben Butler once gave of the Democratic party. He said it was like a man rid- ing backwards in a railway car—never saw anything until he passed it. From its actions at the present time I am inclined to believe he was about correct. It is enough to cause honest men's stomachs to regurgitate and dis- gust the Almighty. That the Democ- racy never had a better chance to win, is the opinion of the best informed men of the party provided it's members can get together and stop their eternal bickering among them- selves.

## ATTEMPTED ROBBERY.

### A Hole Bored in Simpson Bro's. Safe at Airlie.

A member of the firm of Simpson Bros. who run a general merchandise store at Airlie, phoned in to Sheriff Grant this morning that an attempt had been been made to get into their safe last night by unknown parties. A hole was bored close to the combination, and that put out of commission, and it is possible the safe may have been en- tered. No powder was inserted, and it is surmised that the robbers were frightened away before completing the job. Nothing of value was taken as far as was known this morning. Sheriff Grant warned the Airlie business men the other day that two suspicious char- acters were in the neighborhood and to look out for them. They were suspect- ed of having been connected with a Se- attle murder, but our sheriff found that they did not fill the description sent him. It would be well for all to be par- ticularly on their guard, as it is a fact that unlawful characters are about per- fectly willing to take the first chance of- fered. Yegmen from the east are now numerous on the coast, as the many daring robberies lately will testify to.

Later—Our correspondent at Airlie telephones us that he went home from his place of business about midnight and now thinks the robbers were in there then, in fact his going past may have been the means of scaring them away.

## POULTRY SHOW.

### Polk County to Show Her Chickens on Three Days.

At a meeting of the executive committee of the Polk County Poultry Association on Saturday night, October 19th, it was decided to hold the coming show on October 26th, 27th and 28th.

Mr. Ralp Adams has kindly offered to the association the use of the implement room in the new building now being built on Main street and soon to be oc- cupied by him.

The lighting will be first class, which is a great advantage, while the conven- ience of location is something to be ap- preciated by all who desire to attend the show.

A catalogue setting forth the rules and regulations governing the exhibition and all prizes to be given will be published and furnished to all desiring the same. The committee expects to have a good list of special prizes, which alone will be worth striving for besides the regular cash prizes to be given.

As stated before the judging will be done by Elmer Dixon, of Oregon City, who is one of the very best judges on the Pacific coast.

Miss Ruth VanOrsdel has out very unique invitations for a halloween par- ty at the home of her parents, Mr. and Mrs. J. G. VanOrsdel.

Superintendent H. C. Seymour an- nounces that extensive preparations are already being made for the School Of- ficer's convention to be held in Dallas November 29th and 30th. State Super- intendent Ackerman, R. F. Robinson, of Portland, and many other prominent educators will be present, and Mr. Sey- mour anticipates great success for the convention.

## TERRIBLE ACCIDENT.

### Runaway Team Seriously Injures J. L. Blodgett.

Yesterday just before noon Mr. J. L. Blodgett was unloading a load of dirt at Adams & Co's new store on Washington street, and had just completed dump- ing the same. While he was standing between his team and the wagon replacing the boards, with the lines ly- ing on the ground at one side, Will Howe's auto came along down Main street, Mr. Howe and his father, Rob- ert Howe, being therein. Will noticed the team, but as he was going slowly, and the horses did not seem frightened, kept on his way. All at once the hor- ses started, and before Mr. Blodgett could get at the lines or extricate him- self from his precarious position, they were running north on Washington street, but at a not very lively gait. In fact they were going so slow that Mr. Harry Hibbard, one of the members of the firm of Adams & Co., and who had been directing the unloading of the dirt, had time to run around by the right side of the team and grab one of the horses by the bits. He might have been able to stop them had not a pile of lumber been in the way and he had to let go or get killed in all probability. A few feet farther on the horses collided with a telephone pole, the tongue strik- ing the pole. In some unexplained way Mr. Blodgett got his left arm fright- fully mangled, perhaps by getting it caught in the hounds of the wagon. There was no time for him to get out of the way, or in fact to do anything to save himself or to stop the team. Up to time of going to press Mr. Blodgett has not been in condition to be inter- viewed on the subject, and we are com- pelled to gather what little information we can from eyewitnesses of the acci- dent. It all happened so quickly that hardly anyone is exactly certain of what did take place. Besides the mang- led arm Mr. Blodgett sustained other injuries, as he was kicked several times by the horses as they ran. On collision with the pole the horses were quickly stopped by Mr. Hibbard and others, and kindly hands endeavored to attend to Mr. Blodgett, who was suffering excru- ciating pain. A cot was secured and he was carried to the physician's office where Drs. Bollman and McCallon found it necessary to amputate the arm above the elbow, and at this writing he is recovering from the shock as well as can be expected. It can not now be de- termined as to whether he has receiv- ed internal injuries or not, but the phy- sicians think not. As it is, it is bad enough, and Mr. Blodgett and family have the sincere sympathy of every Da- las citizen. No blame for the unfortu- nate affair can be attached to Mr Howe, as he supposed the team was not going to take fright, and it would have been more dangerous and frightened the team more to stop than to go on.

**Thousands Have Kidney Trouble and Never Suspect it.**

**Prevalency of Kidney Disease.**

Most people do not realize the alarm- ing increase and remarkable prevalency of kidney disease While kidney dis- orders are the most common diseases that pre- vail, they are almost the last recognized by patient and phy- sicians, *who con- tent themselves with doctoring the effects*, while the *orig- inal disease* undermines the system.

**What To Do.**

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant ne- cessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most dis- tressing cases. If you need a medicine you should have the best. Sold by drug- gists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Bing- hamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

## A HARD STRUGGLE.

### Many a Dallas Citizen Finds the Struggle Hard.

With a back constantly aching,
With distressing urinary disorders,
Daily existence is but a struggle,
No need to keep it up.
Doan's Kidney Pills will cure you.

Mrs. M. Custer, of 436 W Fifth street, Albany, Ore., says; "I have had no occasion to use Doan's Kidney Pills for nearly three years and that fact alone is proof of the value of the remedy. At the time I got it at Foshay & Mason's drug store I was suffering an acute at- tack of kidney complaint, the result of a cold which settled in my kidneys. It made me so weak and lame that I could scarcely move from one place to another. The passages of the kidney secretions were so frequent that I got little if any rest at night. I continued using Doan's Kidney Pills until cured, and in March, 1903, I told the story of my experience for publication in our local papers. Now that the cure has proved permanent. I am fully convinced of the value of Doan's Kidney Pills and wish every sufferer to know it.
