Blood Humors

Commonly cause pimples, boils, hives, eczema or salt rheum, or some other form of eruption; but sometimes they exist in the system, indicated by feelings of weakness, languor, loss of appetite, or general debility, without causing any breaking out.

Hood's Sarsaparilla expels them, renovates, strengthens and tones the whole system. This is the testimony of thousands annually.

Accept no substitute, but insist on having

Hood's Sarsaparilla

Last week the widow of P. T. Barnum was married for the fourth time. She must be finding wedded life something like a circus.

"Is a dinner ever a bribe?" asks an Oregon editor. It may be at times, but much oftener it may be regarded as a punishment.

It is hoped the divorce suit against Senator Platt will not divert his mind from official duties, or the Senate may do something his express companie do not like.

"A mouse seldom lives longer than three years" asserts the Indianapolis News. It's nervous system is doubtless shattered by the way women carry on every time they see it.

"We use our eyes every second of the day, our brains less often" says a New York editor. We suspected that from the way New York people let the politicians lead them around by the nose.

After Mr. Taft gets through reassuring the Fillipinos and a few more people who are feeling nervous, he should come home and reassure his campaign managers a bit.

In a few years, judging from the large amount of fruit acreage constantly being set out, Dallas will need several fruit and vegetable canneries instead of one. We must have one next year and now is the time to be getting things in readiness to build it.

Salem has at last commenced to pave, and it is said that work is being done in a most substantial manner. The cost a block is something like $8000, and is so divided in yearly payments as to make it come very easy on the property owners. This is what the Itemizer would like to see done in Dallas. The best is none too good for our town, and while we are at it we might just as well build permanent roadways.

The interview given out in New York a few days ago by Henry Watterson, declaring that Chanler and Johnson would suit him as well as any ticket, has attracted more attention than any other political event of the week. The great Kentucky editor has written more Democratic platforms, State and National, and been prominent in the work of naming more successful candidates of his party than has any other democrat alive. No other living American is listened to with keener interest by all sorts and conditions of politicians in the national capital than is "Marse Henry."

Polk county's banks did not have to take advantage of a holiday to assist them in doing business. They are conservatively managed, indulge in no wildcat ventures, and always have enough money on hand to do business with. Their investments are sound and just as good as the gold itself.

Found Not Needed.

Governor Chamberlain has searched for legal authority to revoke his proclamation of a five-day hol day, but could find none and will permit his order to stand. He is satisfied that either the five holidays were not needed or the need for them has passed, but there is no legal method of recalling the proclamation. The Governor's own judgment was against the action requested by the Portland bankers, but since they were united in the opinion that a proclamation was necessary, he felt that their views should be given due consideration. The proclamation of five holidays has caused considerable inconvenience and may lead to some serious legal difficulties.

Dallas now has three police officers.

R. S. Henline went to Stayton this morning.

Mr. B. Gildner came up from Portland this morning.

Anan Myer, the Falls City capitalist, was a Dallas visitor today.

A new lot of those Hart, Schaffner & Marx suits at Campbell & Hollisters.

Born, to the wife of Frank Redding at the home of John Netherton, on October 28th, a son.

Doc Hamilton, an old time member of the railroad commission, was a Dallas visitor today.

Prof. F. G. Boughton, of McMinnville, will occupy the pulpit at the Baptist church here next Sunday, both morning and evening.

Dr. McCallon reports the condition of Mr. J. L. Blodgett as much better, and that with the exception of the loss of his forearm, he will pull through all right.

Rev. I. D. Driver, pioneer Methodist minister, well-known character in Oregon history, and theologian of wide reputation, died at 1:30 o'clock this afternoon at his farm home, near Tangent, six miles north of Albany.

County Judge Coad informs us that new bents are being placed in the Davidson bridge on the Luckiamute, and they hope to have it finished ere the logs come down. A new bridge has been built near the old graveyard out of town.

Governor Chamberlain allowed a few excitable Portland bankers to coerce him into making a proclamation that has tied up our courts, put all business on uncertain lines, and raised the dickens generally. He should have had more backbone.

Dr. Hayter's dental office will be closed the first four days of next week. His patrons will please take notice. As one of the state board of medical examiners, his presence in Portland is made necessary for the examining of prospective applicants.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Baby Up to Now.

"Oh, for a pair of scales," he said; "the baby must be weighed!"
Yet none around the place were found and all were sore dismayed,
For babies must be weighed at once; the neighbors must be told,
Yet who would take an infant out, the weather being cold?

Then rose its aged grandpapa and got into the game.
He had a scheme to tip the beam with baby on the same.
No plan was his that flickers up and in its weakness fails—
He'd listen for that rasping screech and get the iceman's scales.

The iceman in his flannel shirt protested, but in vain;
They weighed that infant on his scales and hefted it again.
And, lo, even of the greatest freak that on the earth abounds,
That baby tilted off the scales at forty seven pounds!

PRAISE FOR PAT.

His Management of Recent Game Pleases Oregon Students.

All students at Eugene are loudly praising C. N. McArthur for the able manner in which he managed the Oregon-Idaho football game in Portland. More than $1000 was cleared up on the game for the Oregon student body, and with this start, the financial success of the football season at the university is assured. Mr. McArthur is called the "Father of Oregon Athletics," and he certainly deserves the distinction, as he has done more for the university in this line than any other individual.

HAVE TO CLOSE DOWN.

Polk County Affected by Raise in Rates and Car Shortage.

The sawmills of the Dallas Lumber Company has been shut down indefinitely and the logging crews called in from the timber. The Willamette Valley Lumber Company's big mill is running only a part of the time with a short crew, and the mill of the Falls City Lumber Company has been closed for the winter. The lack of cars and the sharp advance in freight rates are the primary causes of the situation and unless relief is found the mills throughout Polk county will probably be forced to close.—Oregonian.

The Falls City train suffered some kind of an accident this morning and did not get back here until after lunch.

Portland showed confidence in its banks yesterday to a remarkable degree. There was no indication of a run at any of the institutions when they opened for business at the usual hour after the holiday. All resumed business as usual with the exception of the Title Guarantee & Trust Co., which preferred to take advantage of the five-day bank holliday in order that there might be no doubt as to the legality of the business transacted.

A HARD STRUGGLE.

Many a Dallas Citizen Finds the Struggle Hard.

With a back constantly aching,
With distressing urinary disorders,
Daily existence is but a struggle,
No need to keep it up.
Doan's Kidney Pills will cure you.

Mrs. M. Custer, of 436 W Fifth street, Albany, Ore., says: "I have had no occasion to use Doan's Kidney Pills for nearly three years and that fact alone is proof of the value of the remedy. At the time I got it at Foshay & Mason's drug store I was suffering an acute attack of kidney complaint, the result of a cold which settled in my kidneys. It made me so weak and lame that I could scarcely move from one place to another. The passages of the kidney secretions were so frequent that I got little if any rest at night. I continued using Doan's Kidney Pills until cured, and in March, 1903, I told the story of my experience for publication in our local papers. Now that the cure has proved permanent. I am fully convinced of the value of Doan's Kidney Pills and wish every sufferer to know it.
