"A Good Name at Home"

"Is a tower of strength abroad"—and the excellent reputation of C. L. Hood Co. and their remedies in the city of Lowell, where they are best known, inspires confidence in the world over, not only in the medicine but in anything their proprietors say about them. "If Made by Hood's is Good."

"I believe Hood's Sarsaparilla the best all-around family medicine known today." Mrs. G. D. FANLEY, 622 Wilder St., Lowell, Mass.

"I recommend Hood's Sarsaparilla to any one." J. W. DUFFY, 14 Auburn Street, Lowell, Mass.

"I am a strong and healthy woman today, from taking Hood's Sarsaparilla, which I keep in the house for all the family." Mrs. FANNING BALDWIN, 108 Leverett St., Lowell, Mass.

"I consider Hood's Sarsaparilla the best blood-purifier in the world." Mrs. JESSIE E. CARLTON, 113 Liberty St., Lowell, Mass.

Hood's Sarsaparilla is sold everywhere. In the usual liquid, or in tablet form called Sarsatabs. 100 Doses One Dollar. Prepared only by C. L. Hood Co., Lowell, Mass.

Colonel Hofer suggests to us that at the meeting next Saturday afternoon would be a good time to talk up the cannery which the Itemizer has been trying so many months to get here. The colonel says both himself and Mr. Shepard know considerable about canneries, and will do all in their power to further the move. The Itemizer would be glad of their assistance in the matter, and believe that we can start in none too early on the proposition, if it is to be in readiness when fruit canning season arrives. That it would be a good thing for the town and surrounding country everyone believes, and the only thing particularly needed to get it going is to break the ice. Next Saturday is certainly as good a time as could be selected. Let us have it by all means.

This week saw the end of another year for Dallas and Polk county. That it has been a prosperous one all are aware, and the outlook for continued prosperity is exceedingly flattering. Even during the dull season of the year—the present time—money is plentiful with all classes throughout the county, and very few men in any line of business or trade are without a job. Many industries have been added to our county's list during the past year, and many more are scheduled to appear during the year just dawning. Our population has increased greatly, and during 1908 it will be most considerably added to. Large farms have been divided up, put into diversified farming plots, and a number of families now subsist on the same land that was supporting one family not many years ago. The com-

ing year will see a great impetus to in my lines, hardly touched upon as yet, and old Polk will continue its lead as one of Oregon's most prosperous counties. Welcome, 1908, and all the prosperity you will surely bring in your train.

In asking for the levy of a 3-mill tax the board of directors were but endeavoring to do what they thought best for the affairs of the district. Last year on a 2-mill levy the district ran behind some \$1200, in order to meet the many expenses that came up—many of them unforeseen—and pay the teachers their salaries. Some \$700 of this was borrowed from another fund at their command, and the balance of \$500 had to be borrowed at a bank. During this school year the expenses will be heavier than ever, as there are many more children to school and additional room must be made for their accommodation. Two more rooms have to be added. There is no getting out of it. The children are to school, and comfortable rooms must be built to house them in. Now they are herded like sheep in insanitary quarters that would not pass sanitary inspection for a moment. It was but right that the directors should have the amount requested. They are selected by us parents to look after the needs for the proper schooling of our children, and their word should not be questioned in the matter. We were sorry to see a spirit of opposition to a 3 mill tax develop at the school meeting and that it went out only by a very narrow margin. We are no more anxious to pay high taxes than any of you; but if we are to continue to grow as a town and country it must become firmly fixed in the minds of all that in order to do so certain expense is bound to be incurred, and we must all stand willing to pay our portion of the cost. No country, town or school district can continue to thrive if a spirit hostile to the paying of the cost is allowed to thrive. From a simply business standpoint it were surely better to add another mill as tax than to subject the district to the paying of a big interest charge to the bank.

Mrs. Ralph Adams has been seriously ill the past week with pneumonia. Prof. and Mrs. Sanders and son, Gail, are in Roseburg for a holiday visit with their many friends there, that having been their home formerly.—Albany Herald.

GREAT SUCCESS.

The Poultry Show Comes up to all Expectations.

The initial show of the Polk county poultry association was a success in every way. While, on account of the extremely bad weather, and the desire of most people to stay comfortably by their own fireside, and the further fact that all were just recovering from the Christmas festivities, the number of exhibitors and sightseers did not come up to all that could be expected, yet there were 221 entries in the different classes and the fowls put on exhibition were surely as good in each class as could be shown anywhere. Many Polk county people who failed to enter their fowls this year have announced their intention of doing so next year, in fact already more birds are promised for next year than were exhibited this year. Taken as a whole everyone is satisfied with the showing, and all will work for a bigger and better show next year.

Only one change was made in the list of officers for the coming year. Lee Smith was relieved as a member of the executive committee and made assistant secretary. B. I. Ferguson was chosen to fill his place on the executive committee.

So satisfactory was the awarding of prizes by Elmer Dixon, the well known bird fancier, of Oregon City, that he was again chosen as judge of the next county show, the date of which was set for December 10th, 17th and 18th, 1908. Here are the awards as made and furnished us by Secretary J. E. Beesley:

BEATS THE WORLD.

Old Polk Hard to Beat in the Vegetable Line.

This morning Hon. M. M. Ellis brought to our sanctum a half dozen ripe tomatoes, just picked from his garden patch in Dallas. They were fully developed, sound and hard, and of a good color as one ever sees. For dinner on New Years Mr. and Mrs. Ellis had them in profusion, and there are plenty more. Just think of it, you storm ridden easterners, ripe tomatoes from your outside garden on the second day of January. No special pains was taken in their cultivation—they just grew. When it comes to growing successfully in the open air, we can safely put the Willamette valley against any climate under the sun.

A pleasant Christmas family reunion was held yesterday at the home of Mrs. Sarah Helmick, one of Albany's honored citizens, now 81 years of age. A fine dinner was served. Those present were Mr. and Mrs. James Helmick and four daughters, of Monmouth, Mr. and Mrs. James Tedrow and Mr. and Mrs. Clarence Tedrow and two children, of Corvallis, Albert Tedrow, of Portland, and Miss Helmick, of the Albany schools, four generations being present.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar bottles. You may have a trial sample bottle by mail free, also pamphlet telling all about it, including many thousands of cures. Write Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Do not make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address in Binghamton, N. Y., on every bottle.

NORTH DALLAS.

Most of our sick are better. School commenced again Monday. George Conlee has been to Portland taking treatment for his throat. A watch party was held at the home of Mr. and Mrs. Lee and about twenty enjoyed themselves to the limit. Many of the North Dallas children were disappointed Christmas because it rained too hard to go down town and get their Christmas candy.

MONMOUTH.

The farmers institute here was well attended and much interest shown. We wish the Itemizer and its entire staff a happy and prosperous new year. A brother and niece of A. N. Halleck were visiting with him during the holidays. Pierce Riggs and his sister, Mrs. Lewis, were visiting in town over Saturday and Sunday. J. E. Robertson passed through Monmouth on his way from Salem and stopped over a day for the institute. A sister of Mr. Cartmel, who came to spend the holidays with him, had the misfortune to fall and break an arm. A meeting is called for 10 o'clock Thursday morning for the purpose of organizing the creamery on a cooperative plan.

There is talk of a tile factory starting in Monmouth if the dirt can be had. We hope it may materialize, as the location is a good one. Two of Lark Hall's daughters, who have been spending the holidays with relatives in Monmouth, return to Portland today to resume school work.

Physical Culture Class.

A class for men at the gymnasium next Tuesday at 7:30 p. m. If a downer for women is desired, apply to the undersigned. N. W. SAGER, Physical Director.

Harold Rich is up from Portland visiting his parents here.

Do You Know

That bread is likely to absorb disease germs when shipped in a baggage car along with other common baggage? That the Star Bakery puts out some of the best baked-stuffs to be obtained anywhere in the Willamette Valley? That \$1 spent in your home town is worth more to you than \$3 sent out? Three of the many reasons why should demand the Dallas product when buying baked-stuffs.

OFFICERS INSTALLED.

The members of the Eastern Star installed their new officers Wednesday evening. Mrs. Mark Hayter acting as installing officer. Worthy matron, Mrs. Estella Barnes; worthy patron, A. B. Muir; associate matron, Mrs. Winnie Chapman; secretary, Mrs. Libbie Muir; treasurer, Mrs. Eliza Fuller; conductress, Mrs. Mammie Williams; associate conductress, Mrs. Mildred Starling; Adm. Mrs. Mary Kirkpatrick; Ruth, Mrs. Bertha Hayter; Esther, Mrs. Fay Uglow; Martha, Mrs. Viola Hollister; Electa, Mrs. Margaret Hayter; warder, Mrs. F. S. Ramsey, marshal, Mrs. Almada Fuller; chaplain, Mrs. Jennie Gaynor; sentinel, W. H. Gaynor; organist, Miss Olive Smith. There was a goodly turnout, and a most enjoyable evening was spent in a social way, besides the witnessing of the beautiful installation ceremony so well rendered. The families of the members were there as invited guests, making it also a pleasant family reunion.

The most pleasing event of the evening to the brothers and sisters was the presentation to Mayor A. B. Muir of a superb Morris chair, costing \$25, and contributed by Star members. Ever since he became a resident of Dallas Mayor Muir has been one of our most faithful and persistent members that the Star has ever been blessed with. He has been a regular attendant at all meetings and a most willing worker for the order. Wednesday was also the mayor's 61st birthday, thus making the occasion a doubly auspicious one. G. L. Hawkins made the presentation speech, and did it in a way to bring many to the verge of tears, all fully realizing that the praise he bestowed upon their worthy patron was well deserved. Although the occasion was an entire surprise to Mr. Muir, he responded in a few well chosen words, showing his deep appreciation of the gift, and renewing his allegiance to the noble order in which himself and lady take so great a pride. At the conclusion of his remarks all repaired to the banquet hall, where the sisters had prepared a most appetizing repast, and the flow of small talk was let loose that occupied the balance of the evening until the lateness of the hour convinced all that it was their duty to break up the pleasant evening and take the needed rest for the duties of the morrow.

ing term was held Friday evening, December 27th at the Masonic hall. The occasion was a very happy one for the members of the two orders and their invited guests. The lodge and banquet room were tastefully decorated and every care had been taken to make the evening a pleasant one. The orders had secured Dr. J. R. N. Bell, of Corvallis, for installing officer and in doing so made no mistake as the doctor is a Mason over 40 years standing and is very familiar with the ritualistic work and traditions of both orders. A pleasant feature of this installation was the fact that Mrs. Myrtle Richardson was the daughter of the installing officer, and Dr. Bell took occasion to remark that his entire family of both boys and girls were members of the order. Following the installation program a banquet was given which proved a most pleasant ending to the evening. W. M. Hill had presented the order's fine pig which was roasted whole and taken into the banquet hall.

FRIEND TO FRIEND.

The personal recommendations of people who have been cured of coughs and colds by Chamberlain's Cough Remedy have done more than all else to make it a staple article of trade and commerce over a large part of the civilized world.

AN INSTANCE.

Lucy Suddeth, of Lenoir, N. C., had been troubled with a very bad cough for over a year. She says: "A friend brought me a bottle of Chamberlain's Cough Remedy, brought it to me and insisted that I should take it. I did so and to my surprise it helped me. Four bottles of it cured me of my cough."
