Patronize One Another for the Unbuilding of Town and County.

How Is Your Blood?

If you lack strength, are nervous, have no appetite, don't sleep well, get tired easily, your blood is in bad condition. You cannot be strong without pure, rich blood. Hood's Sarsaparilla makes good, rich blood and keeps it good.

Dyspepsia—"For six months my system was out of order with dyspepsia and impure blood. Spent lots of money in vain, but Hood's Sarsaparilla cured me." Jos. S. Zuena, Genoa, Neb.

Had No Appetite—"I was troubled with dyspepsia and had no appetite. I had a faint feeling after eating. My constitution was all run down, but Hood's Sarsaparilla has fully relieved me." FLORENCE STOWE, Sniderville, Wisconsin.

Weakness—"I bless the day I heard of Hood's Sarsaparilla, as it cured me of extreme weakness after grip, built my husband up after pneumonia, and cured eczema and blood-poisoning in our children." Mrs. M. A. DELWORTH, Box 4, Embreeville, Pa.

Hood's Sarsaparilla is sold everywhere. In the usual liquid, or in tablet form called **Sarsatabs.** 100 Doses One Dollar. Prepared only by C. I. Hood Co., Lowell, Mass.

Salem banks will hereafter do business only from 10 to 3.

The little town of Grass Valley in Eastern Oregon has a total tax of 34 mills.

It looks as though it is up to Portland to establish free soup houses. Even the papers there acknowledge that there are several thousand unemployed men in the city, and the number is daily growing larger. Who would have supposed such things possible under a republican administration.

The somewhat disturbed financial situation in the East and South is causing industrial institutions in the older states to investigate the opportunities for a more advantageous home in the great Pacific Northwest, or at least this would be indicated by the fact that the Portland Commercial Club has had more correspondence on this subject within the last sixty days than during the previous twelve months.

The immigration to Oregon and Washington this year ought to be double that of last. In no other two states has every character of crop yielded so enormously and commanded such a high price. People in the older communities are disposed to move, and the Pacific Northwest should get more than its proportion of new citizens, but to accomplish this all the commercial bodies must work in harmony and individuals must participate through private correspondence, which is the strongest influence of all.

If Grover Cleveland should come out for Bryan the thing would be practically unanimous.

Taft refused to discuss the tariff question. Probable reason: No argument to offer that will stand fire.

"Be kind," admonishes the St. Louis Globe-Democrat. Yes, by all means, be kind, but not the easy kind.

Governor Comer says he would not enjoy living in the White House. So it seems we will have to be satisfied with Mr. Bryan.

On Saturday a Baltimore man committed suicide by hanging himself on a billboard. Perhaps he believed in that kind of advertising.

One of the current magazines has an article on "What Lobsters Eat." Any chorus girl can tell you if you don't care to buy the magazine.

"London has a You be Quiet Club," says the Denver Post. Why can't Boston organize one of those things and elect Tom Lawson president for life.

About the first of next June several republicans will realize that their presidential booms only make work for the clerks who look after the press clippings.

By a judicious use of advertising matter the population of Polk county can be increased at least 500 during 1908. Let us all work to get good homeseekers among us.

In looking over our exchanges we find that the majority of towns in Oregon will pay as high or higher taxes than Dallas. In fact we are not in it with a number of them.

A well known scientist says "the time will come when water in this world of ours will be more precious than gold." About that time it may be possible to buy unwatered milk.

A Pennsylvania judge says, "no kiss in the world is worth $2,000." If his honor is a married man, he will have a time squaring this with some of the things he told his wife during the honeymoon days.

Sheriff Grant took Dave East to the insane asylum Monday evening, he having been adjudged insane by Judge Coad.

FRIEND TO FRIEND.

The personal recommendations of people who have been cured of coughs and colds by Chamberlain's Cough Remedy have done more than all else to make it a staple article of trade and commerce over a large part of the civilized world.

AN INSTANCE.

Lucy Suddreth, of Lenoir, N. C., had been troubled with a very bad cough for over a year. She says: "A friend bought a bottle of CHAMBERLAIN'S COUGH REMEDY, brought it to me and insisted that I should take it. I did so and to my surprise it helped me. Four bottles of it cured me of my cough."

For Sale by Belt & Cherrington

NATURE AND A WOMAN'S WORK

LYDIA E. PINKHAM

Nature and a woman's work combined have produced the grandest remedy for woman's ills that the world has ever known.

In the good old-fashioned days of our grandmothers they relied upon the roots and herbs of the field to cure disease and mitigate suffering.

The Indians on our Western Plains to-day can produce roots and herbs for every ailment, and cure diseases that baffle the most skilled physicians who have spent years in the study of drugs.

From the roots and herbs of the field Lydia E. Pinkham more than thirty years ago gave to the women of the world a remedy for their peculiar ills, more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound is now recognized as the standard remedy for woman's ills.

Mrs. Bertha Muff, of 515 N.C. St., Louisiana, Mo., writes:

"Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my troubles public.

"For twelve years I had been suffering with the worst forms of female ills. During that time I had eleven different physicians without help. No tongue can tell what I suffered, and at times I could hardly walk. About two years ago I wrote Mrs. Pinkham for advice. I followed it, and can truly say that Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice restored health and strength. It is worth mountains of gold to suffering women."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Muff, it will do for other suffering women.

HAS FINE FRUIT FARM.

J. R. Shepard Makes a Specialty of Fruits.

In reponse to inquiry, J. R. Shepard, whose farm is at Zena, but who himself has recently moved to Salem, states that his cherry crop for 1907 was harvested from practically three acres, two of which have just come into bearing. The acre of old trees brought him $500. One Governor Woods tree, 50 years old, netted $20 at the low rate of 2½ cents per pound. A Bing tree, 19 years old, a graft from the original tree at Milwaukie, Oregon, brought $40. Mr. Shepard has also a prune orchard of 1000 trees, covering about nine acres. The crop this past year, he states, was not by any means phenomenal yet it brought him $190 per acre. Mr. Shepard has had very good crops of other products, but specializes more on his fruit.

1847-1907.

Sixty years ago Allcock's Plasters were first introduced to the public. They are today the world's standard plasters. This invention has been one of the greatest blessings imaginable and affords the quickest, cheapest and best means of healing and relief for certain ailments, that has ever been discovered. Allcock's are the original and genuine por us plasters and are sold by druggists in every part of the civilized world.

SATURDAY'S MEET.

Hop Growers Have an Enthusiastic Session.

Hop growers from all sections gathered here last Saturday to discuss their association and its objects, Conrad Krebs, a late convert to the cause, was present and presided over the meeting. The bylaws of the association were read section by section by Mr. Petre and thoroughly explained to all present. Copies of these bylaws have been circulated through the county by Secretary H. G. Campbell, and the result is that the association now numbers nearly every hop grower in its borders, all the larger growers at any rate. The organization is being perfected in the three Pacific coast states at a lively rate, and it will not be long until they will be so situated as to begin work on the more important objects for which they have associated themselves together.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Home of Swamp-Root.

Do not make any mistake, but remember the name, Swamp-Root, Dr Kilmer's Swamp-Root, and the address inghampton, N. Y. on every bottle.

Mrs. Gildow Dead.

Mr. and Mrs. E. W. Cooper, of this city, J. S. Cooper, of Independence, and others left this morning for Silverton to attend the funeral of Mrs. Gildow, a sister of the Cooper brothers, who died here yesterday. Mrs. Gildow was one of a family of twelve children, of whom two died in infancy, and one other several years ago. Eight are now living, seven brothers and one sister. Mrs. Gildow, was the mother of W. L. Gildow, of this city, who went to Silverton yesterday. She was a woman of sterling worth.—Albany Journal.

Where is It?

T. T Burkhart, formerly treasurer of the Title Guarantee & Trust company, has transferred to the receiver of the company, E. C. Mears, 200 acres of land, comprising a prune orchard held by him in Polk county. The orchard, although rightfully the property of the bank, was bought and held in Mr. Burkhart's name. It is valued at about $125 an acre. The deeds were filed in Vancouver, Wash., today.

Henry Both, of Dallas, is in Albany this week for a short time on business.—Albany Herald.

MAYNARD LEE DAGGY.

Celebrated Orator at Woodman Hall Tomorrow Evening.

Under the auspices of Dallas college Mr. Maynard Lee Daggy under the exclusive direction of the Great Western Lyceum and Musical bureau, of Portland, Salt Lake and Los Angeles, will lecture at the Woodman hall tomorrow evening. He comes highly recommended by the press from everywhere that he has appeared, and it is certain that all who attend will be accorded a treat hardly ever experienced. A Chautauqua superintendent says of him: Maynard Lee Daggy's lecture on "Anglo-Saxon Grit" was one of the greatest successes of the year at Old Salem Chautauqua. Recognizing in the scholarly orator a fine embodiment of the conquering Anglo Saxon spirit, the audience of 2000 people readily yielded him the mastery. For an hour and three quarters he played upon them, moving them to laughter, saddening them to pathos, leading them on, every man of them, step by step to his finest climaxes. Having found him vigorous and original, yet wholesome and sane in thought, pleasing in manner, and wonderfully gifted in oratorical powers, many of his hearers eagerly requested his re-engagement for the next Assembly.

NOW IT IS STRAWBERRIES.

Polk County Continues to Exhibit Fruit out of Season.

The Salem board of trade is in receipt of a plate of green strawberries from Hodd farm near Eola. The berries were picked from the vines and brought directly to the board's rooms on State street. The vine is well filled with berries of a good size and gives every indication of thinking that it is doing nothing more than its duty in growing its fruit in January, as well as in the usual season.

PROGRAM

of School Officers, Teachers and Parents Meeting at McCoy.

The following is the program of the section 1 institute above named which will be held at McCoy school house on next Saturday:

School Childrens' Industrial fair—Mrs. S. L. Stewart.

Some conditions in our public schools that should be improved—D. L. Keyt.

Our public school from a mother's point of view.—Mrs. R. M. Pricklett.

The school children of McCoy, Bethel and Perrydale will intersperse the above with recitations, songs, etc., for the edification of the audience.

C. L. Hall, of McCoy, will act as chairman of the meeting.

NORTH DALLAS.

Henry Brown is starting up a chicken ranch.

Mrs. Rundle has been suffering with asthma.

Grandma Marks is staying with Mrs. Dunlop, for company.

Ernest Hanson has gone to Chicago to enter the mission work.

The Home Telephone Co. are setting the poles in our vicinity.

John Parker went to Portland Monday to attend the apple show.

Miss Rosie Evans has gone to Hood River to keep house for her father.

Mrs. A. Konneman, of Pioneer, has been quite sick with neuralgia of the stomach. Her friend, Mrs. Lee, has been caring for her since last Friday.

A surprise party was given last Friday evening on Artie Sneed and his sister, Arvilla, it being their birthday. Most of the children were there and a good time was enjoyed by all present.

PORTLAND INVESTORS.

Think Polk County a Fine Walnut Country.

Portland persons have spent several days recently in this vicinity, and at other points in the Willamette Valley looking at lands in the prune districts, with a view to embarking in the business of planting walnut groves on lands found suitable for that purpose. As a commercial proposition, walnuts are said to promise well, and experiment has been made, proving the theories of the promoters of this new industry in Western Oregon. It is is said that lands suitable for prunes and hops will grow walnut trees well and that on many of the lands available in this section of the country the trees would bare in a comparatively short time. Ordinarily English Walnuts are supposed to bare in seven years, but in the experiments made in the Willamette Valley, it has been demonstrated that on the lands best adapted to the culture of walnuts, crops can be expected in four years, and in some cases a fair crop has been known to be available at the end of the second year, this being in exceptional cases with all conditions extremely favorable.

The Polk County hills, on the west side of the Willamette River, opposite Salem, are declared by persons interested in the industry to be especially adapted to the growth of walnut trees, and it is expected that a number of small walnut groves will be planted in this section in the spring, and the hills back of Dallas are even better yet.

The Portland Journal says Geer was a candidate for governor twice. You're mistaken, brother; only once, but that has been ever since we can remember, and we are 46.

In the event of a war with Japan how easy it would be for the thousands of Japanese working on our railroads to tie up our transportation facilities in a hurry. They could do more damage in a few hours than could be repaired in years.

INDEPENDENCE.

Courtesy West Side.

The Woodmen and Circle will hold joint installation and supper Friday evening, Jan. 17, 1908. Visiting Woodmen and Circle members invited to be present.

There will be a meeting of the hop-growers in Independence Friday afternoon, Jan. 17, 1908, at one o'clock. All members of the union and every grower in the entire district is invited and urged to be present.

The tax levy in Independence is 5 mills for the city purposes and 4 mills for the school district which added to 11.5 mills for county purposes will make the total levy for taxation purposes in this city 20. 5 mills. While the levy for county purposes is a little higher than it was last year the reduction in the local school district levy will lessen the total in Independence several mills.

On Friday, January 10, 1908, occurred the death of Elfride R. Sperling, the little daughter of Mr. and Mrs. Gus Sperling. She had been very sick for the past three weeks with typhoid fever which became complicated with pneumonia. Funeral services were held at the Baptist church Sunday afternoon at 1 o'clock, Rev. D. M. Metzger of the Evangelical church, Dallas, officiating. Interment followed the services at I. O. O. F. cemetary.

The Ladies Aid society of the M. E. church, met at the home of Mrs. Anna Heath Thursday afternoon, it being their annual business meeting. The officers elected for the next year's work were: President, Mrs. Anna Heath; 1st vice president, Mrs. Kate Ingram; 2nd vice president, Mrs. J. Hedges; secretary, Mrs. Hattie Stransbury; treasurer, Mrs. W. H. Craven. After the business was all transacted and the meeting adjourned, Mrs. Heath surprised the ladies by serving a most delicious lunch which needless to say the ladies appreciated.

J. S. Bohannon returned from his extended trip to Northwest Missouri Saturday. He has been gone about six weeks and returns looking like a stuffed pig, the pork and beans, pumpkins, cornbread, pe simmons, etc., for which that section of Missouri is noted, having worked a wonderful change in John's anatomy. He had a splendid visit with old time friends but noted great changes since the days when he poled hogs in that neck o' the woods. When Mr. Bohannon left here the panic was at its height, but he considered conditions there worse than here and at the time of his departure clearing house certificates were still in vogue. He returned via the Santa Fe coming through Los Angles and other Southern California points. Certificates were still in circulation to a considerable extent there and and he is of the opinion that this section emerged from the woods about the first of any section of the country.

Forty Years Married.

Gerhardt Rempel and lady invited a number of their friends in last Thursday to assist them in celebrating the end of their 40th year of wedded life. They have been residents of Polk county for 11 years, coming here from California, thence from Minnesota, which was where they first settled on coming to the United States. They were married in Russia in 1868. They have been blessed with ten children and have fourteen grandchildren. May they live many more years to celebrate like occasions. Those present and assisting in the good time enjoyed were: Mr. and Mrs. Cadle, John Rempel, Mr. and Mrs. John Diehm, J. H. Rempel, Mr. and Mrs. G. G. Rempel, Mr. and Mrs. A. G. Rempel, Misses Helena and Elizabeth Rempel and Master David Rempel, Miss Elizabeth Friesen, Bernhard Friesen.

HIDDEN DANGERS.

Nature Gives Timely Warnings That No Dallas Citizen can Afford to Ignore.

Danger Signal No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill smelling urine, full of sediment and irregular of passage.

Danger Signal No 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently.

Geo. W. Richardson, living on Monmouth St., Independence, Ore., says: "I suffered from a severe pain in the small of my back for a long time. the troubling bothering me a great deal at right and causing me to arise in the morning feeling so lame and stiff that I could hardly put on my clothing. I was very miserable when Doan's Kidney Pills came to my attention. I began to use them and can say I received a great deal of benefit from their use. I do not hesitate to recommend Doan's Kidney Pills to others suffering from kidney complaint."

Home Proof—There is plenty of local testimony like the above. Call at Belt & Cherrington's drug store and ask to see copies of statements of Dallas people who have used Doan's Kidney Pills.

For sale by all dealers. Price 50 cents Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Notice.

The members of Mistletoe Circle, will hereafter call at the grocery store of Simonton & Scott to pay their dues and assessments.

EDNA SCOTT,
Clerk.

S. H. Petre has sold 230 bales of his 1907 hop crop and they were shipped Monday.
