There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local remedies, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer $100 for any case they fail to cure. Send for circulars and testimonials. Address F. J. Cheney & Co., Toledo, Ohio. Sold by druggists, 75 cents. Take Hall's Family Pills for constipation.

THE GOAT SHOW

Now in Full Swing at the Dallas Furniture Co's Warehouse.

Today Dallas is full of people from all over the country, who are on hand to witness the annual exhibition given by the Polk County Mohair association of the best bred animals that our county can produce. Yesterday, as is usual on first days, was not a record breaker in point of attendance, the majority of the residents of the county preferring to wait and come when they know the largest crowd will be in attendance.

The exhibition this year is held in the spacious agricultural wareroom belonging to the Dallas Furniture company, and is a much better location for such a purpose than what is known as the old woolen mill, being well lighted, convenient to the business section, and vastly more comfortable during a cold snap In fact a better location it would have been hard to secure.

There are 25 goat pens, containing 125 annimals, 83 being of the registered variety and 42 of them not having conferred upon them that distinction. They come from the flocks of the well known exhibitors of former years, whose names will probably all appear next week in the list of prizes awarded. The honor of having the highest priced animal belongs to Commissioner Wm. Riddell, he having a buck that he paid $600 for, and U. S. Grant has one that he paid $300. That these animals are worth the price paid for them is fully established and their owners consider the outlay a wise expenditure from a business point of view. They will surely assist in making the stock of Polk county even better than it is.

So far the exhibit of sheep and hogs is light, although what is on exhibition is the best obtainable.

Fred Koser has on exhibition four Berkshire hogs that it would be be hard to beat anywhere. He has one boar that he estimates the weight at 700. It was on exhibition at the late state fair and was then 14 months old and tipped the scales at 650 pounds, so that his estimate of its weight now is surely conservative enough. He expects the animal by the time it is three years old to weigh not less than 1000 pounds. Mr. Koser trains his animals right from their birth, and says that he can take them anywhere he desires to go without any trouble whatever. He also has two pens of Cotswold thoroughbred sheep here which are surely beauties and have as nice a fleece as we ever saw.

Mr. S. D. Steffy has several pens of Poland-China hogs that show their blood if any animals of any kind ever did.

Mr. Doug Gilliam has four pens of Cotswolds on exhibition that could hardly be excelled in any country.

More exhibitors in this line are expected to come in today.

On display in the furniture store are some of the nicest mohair rugs that ever came to Dallas, and they are being sold off as fast as people get their eyes on them. One in particular took our eye, the handiwork of Mr. Wilson Ayres, both as to the tanning and the preparing of the wool.

Fourteen exhibitors are entered for the prizes to be awarded for registered and unregistered goats, they being U. S. Grant, W. A. Ayres, G. W. McBee, J. H. McBee, G. F. McBee, L. A. Guthrie, Mrs. W. J Farley, W. D. Gilliam, S. E. Guthrie and B. A. Stiles, of Dallas; C. E. Mitchell, of Amity; E. L. Naylor, of Forest Grove; Wm. Riddell & Sons and Sullivan Bros., of Monmouth.

The judges of the unregistered class are E. L. Naylor, of Forest Grove, Evan Evans and J. I. Reasoner of Dallas.

For the unregistered class are George F. Boothby, of Monmouth; M. M. Nickel, of McMinnville, and S. F. Zysett of Thomas. As we go to press they are making the awards and will conclude their decisions sometime this afternoon.

MORE SERVICE.

Willamina Train to Run Down to The Junction.

Mr. E. Maulding informs us that in the opinion of Sheridan residents the train now running between Sheridan and Willamina will soon make daily trips to connect with our trains at Sheridan Junction. A petition asking that the Southern Pacific grant right of way over their line has been circulated and signed by everybody in tha section.

It is said the officials of the S. P. look upon the project with favor, but first want to be assured that the people around there desire the service, hence the petition. About a mile above Willamina there is a large and fine display of day, adaptable for many purposes, but just now being used for extra good brick manafacture. The deposit is owned by Senator Edwards, of Newberg, and a coterie of Sheridan gentlemen. For some years they have been hauling the clay from Willamina to Sheridan, then loading it on the cars and shipping it to Newberg, where it was made into pressed brick and various articles of pottery. Last year the owners concluded that all this hauling was entirely unnecessary, and that it were better and cheaper for them to build and operate a railroad of their own, so they extended the S. P. track on to Willamina, a distance of some six miles. They have now concluded to establish their pottery works there too, and will soon have in operation an immense plant, capable of turning out anything made of clay, and they say it is as good clay as can be found anywhere, being entirely free of grit, and slicing up like a hunk of fresh cheese. In fact they have a good thing and are going to utilize it, having now two pits from which they get clay.

The residents of that end of our country have always been handicapped in getting to Dallas, and have seized upon this means of doing so with avidity. In the winter on account of the Butler hill and other bad places, it has been an especial hardship for them to get to the county seat, and all will welcome a train service with delight. The new road is equipped for passenger service, having one coach, and also a combination coach, both of which have been carrying passengers between Sheridan and Willamina since the new road started, about the first of last November. The plan is to run the Willamina train down to the junction to connect with our Flyer coming to Dallas in the morning and then down again in the afternoon to connect with the Flyer returning to Portland. This will, as the boys say, put Ballston, Sheridan and Willamina on the map, and allow of travelers from either direction to make these towns and not be under the necessity of staying over night with but an hour or so to transact business. The train service has always worked greatly to the disadvantage of the towns mentioned, and we are glad to hear that there is such a good chance of its being greatly improved. It will also prove of great advantage to Dallas, as the residents of all that great scope of country can then come to Dallas, spend a few hours, and get home in good time without taking a long tedious drive all over the country to get there by train, to say nothing of the time spent. To go from Dallas to Sheridan now by train you leave here at 2:20 and get there at 7:30, a distance of 18 miles. All will welcome the new train.

BASKET BALL GAMES.

What Our Team Will be Doing This Week and Next.

Manager Kersey infoms us that the following games are on tapis for this week and next:

Tomorrow exening our team will go to Salem and on their court meet the excellent team of Salem Y. M. C. A. A number of the fans will go along to cheer them on to victory, as it is a foregone conclusion that our five will return home with the scalps of the enemy dangling at their belts. In fact nothing else will be allowed, as we must continue our unbroken record of victories.

Saturday night at the college gymnasium they will send down to defeat the widely heralded Ashland normal five, of which one of our old players, Lloyd Launer has been the coach. Despite the fact that said Mr. Launer is a pretty wise guy and knows a whole lot about basket ball, he will not be allowed to take his team home with victory perched upon their banner. Not hardly.

At Salem on Friday of next week our boys will play Willamette University, and one more victory will be accredited them.

ABANDONS GRAIN FARMING.

W. J. Crawford, of Zena, Sees Greater Profit in Dairy Cows and Fruit Trees.

Two years ago last summer W. J. Crawford, of the Zena district, gathered his last commercial grain crop, and with the exception of a little grain for his livestock, he has put his farm into hay and pasturage. In January 1905 Mr. Crawford milked three scrub cows and got $4.05 cents from the creamery for butter fat. In July 1907 his cream check was $86.16 milking about ten cows on the average. Mr. Crawford also has fruit on the place and is doing well with it. In 1907 he dried 700 bushels of prunes, selling 14,000 pounds of the dried fruit. From 20 cherry trees he received $100, and has planted 100 seedlings, which he will use as a foundation stock for a large cherry orchard of standard varities. He has also three acres of young apple orchard just coming into bearing. His 1907 crop yielded about $250. When in full bearing the trees will easily double last year's output.

REBEKAHS INSTALL.

List of their New Officers for this Year.

The spacious hall of the I. O. O. F. at the intersection of Court and Railroad streets was comfortably filled last evening with members of Almira Rebekah lodge to witness the installation of the new officers for the year. The work put on by this order is beautiful and particularly impressive. Mrs. Pearl Shaw, district deputy, was the installing officer, and under her guiding hand the ceremony went forward without a hitch. Visitors were present from Florence, Dayton, Springfield, Forest Grove and Jefferson. The officers installed were:

Noble grand, Miss Ollie Howe; vice grand, Mrs. Clarice Soehren; secretary, Miss Lydia Campbell; financial secretary, Mrs. Ora Cosper; treasurer, Mrs. Minnie Ellis; warden, Edna Hayes; conductor, Mrs. Mabel Guy; chaplain, Mrs. Elizabeth VanOrsdel; R. S. N. G., Mrs. Jennie Coad; L. S. N. G., Mrs. Nan Ayres; R. S. V. G. Mae Shelton; L. S. V. G., Mrs. Grace Smith; inner sentinel, Mrs. Mattie Ford; outer sentinel, Nora Robertson.

After the ceremony was over all present was invited to partake of one of those delicious spreads for which the lady members of this lodge have become so noted, and the balance of the evening was spent in having a good social time.

J. W. Kerr, W. W. Nickell and Dave Kirby, of McMinnville; Chas. Mitchell, of Amity; G. F. Zysset and W. P. Reed, of Scio; J. Carsen of Tacoma, and Geo. Yergan, of Aurora, are among those from a distance who are taking in the goat show.

The annual meeting of the stockholders of the Independence State bank resulted in the election of W. A. Messner, president and Charles Patrick cashier. The directors are; W. A. Messner, William Riddell, Fred Stump, J. P. Rogers and Charles Patrick.
