**MONMOUTH TEAM VICTORIOUS.**

Normal School Debaters Defeat McMinnville College.

Monmouth Normal School debaters defeated McMinnville College at McMinnville, Friday evening in a discussion of the question, "Resolved that the strike as a whole has been beneficial." The local team supported the affirmative, the speakers being Herbert Good, Percy Stroud and Mary Whitney. The Normals will debate the winners of the Albany-Newberg debate.

**Marion Harland**

The celebrated authoress, so highly esteemed by the women of America, says on pages 103 and 145 of her popular work, "Eye's Daughters; or, Common Sense for Mother, Wife and Sister": "For the aching back—should it be slow in recovering its normal strength—an Alcock's Plaster is an excellent comforter, combining the sensation of the sustained pressure of a strong warm hand with certain tonic qualities developed in the wearing. It should be kept over the seat of uneasiness for several days—obstinate cases, for perhaps a fortnight. For pain in the back wear an Alcock's Plaster constantly, renewing as it wears off. This is an invaluable support when the weight on the small of the back becomes heavy and the aching incessant."

**HOLLOW CEMENT BLOCK**

SUCH AN INDUSTRY HERE WOULD PAY BIG.

An Immense Demand for Such in Building.

The making of hollow cement block is an industry that has been started within the last few years and leaped in popularity for all kinds of building with a rapidity that thoroughly establishes their worth and the estimation in which they are held by architects. In fact you now hardly see a residence put up in the larger towns making any pretensions to picturesque architecture or elegance but that such blocks are used in some way in its construction. They give most any house an air of distinction and solidity that is hard to acquire in any other way. And the various uses to which they may be put are almost endless. They take the place of stone in every way and at a much cheaper cost, while practically filling all the requirements of such. The nearest factory we know of is at St. Johns, but we hear one is soon to be put in at Newberg.

Centrally located as is Dallas, and having tributary to it an immense scope of country in which there will be much building to be done each year, the Itemizer believes that it would be a paying investment for someone to put in a plant of this kind here. The necessary capital is not large, and we believe that the trade that could soon be worked up would be sufficient to keep several men constantly employed. The blocks sell at the St. Johns factory at 50 cents each, but the freight adds a third to this, caused by their having to be transferred from one road to another.

We believe there are cement workers right here in Dallas capable of making as good blocks as they can anywhere, all they need being the various moulds for the different commercial sizes. Let's have a factory of this kind.

B. B. Morton, of Basin, Wyoming, is visiting at the home of K. H. Sikaatose, in Donmouth. Mr. Morton is paying the coast a visit with the intention of locating and will establish himself in the banking business.

Independence is to be congratulated on having one of the best orchestras in the state outside of Portland. It is doubtful if there is another town of its equal in population that can boast of any kind of musical organization worth mentioning, not only in the state, but on the coast.

H. E. Conger, formerly of this place, but now of Medford, was looking after business matters here the fore part of this week. He reports business rising in his part of the state and real estate transfers plentiful. This is the result of judicial publicity and Independence can profit by the example set by her neighbors.

T. J. Fryer, one of the largest local livestock shippers of this section of the county, has just returned from a visit with his daughter at Castle Rock, Washington. He shipped a car of mutton sheep to Portland last week and accompanied them to their destination and from there went on to Castle Rock. Mr. Fryer reports mutton as being very scarce and California buyers scouring the upper valley for all that are for sale.

A very pretty home wedding took place Wednesday evening at the residence of the bride's parents, Mr. and Mrs. John Dickinson, when their daughter, Gertrude Mabel, was united in marriage to Roy Ballard, the ceremony being performed by Rev. J. A. P. McGau. The bride was attired in a handsome gown of white satin with delicate lace, and carried a shower bouquet of white flowers. The ceremony took place under green canopies with white flowers, green and white being the color scheme of the bridal parlors. The wedding supper table and dining room were beautiful in white and green. Only relatives of the bride and bridegroom were present.

Mr. and Mrs. Peter Kurro gave a dinner Sunday, February 25, in honor of their son Charles Kurro and wife, who were recently married and are here visiting with relatives and friends. A general good time was had by all present, and the features of the evening were the observance of the time honored custom of the older member of the family dancing in the pig trough, when he was left single after the youngest had taken up the double burden of life. This fell to the lot of George Kurro, who is the surviving single member of the Kurro family. At first he demurred, but the persuasive eloquence of the ladies prevailed and he gracefully submitted to the inevitable. It is said that it was not his fault, this being leap year and he has had no proposals, therefore the young ladies should be blamed more than he, for no doubt he would have accepted had the proposal been made and then he would have escaped the dancing. Those present were: Mr. and Mrs. Reeves, Mr. and Mrs. Claud Kurro, Mr. and Mrs. Willie Kurro, Mr. and Mrs. Bullock, Mrs. Chetlet, George Kurro, Maggie Evans, Lee Whitcomb, Alvi Lockridge, Willard Reeves, Eva Huston, Miss Snyder, Nellie Kurro, Luis Reeve and Ernest Kurro.

**COMFORTING WORDS.**

Many a Dallas Household Will Find Them so.

To have the pains and aches of a bad back removed: to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Dallas readers.

Mrs. Jos. Whitford, living in Independence, Ore., says: "Doan's Kidney Pills helped my husband a great deal when he was suffering from kidney complaint and backache. At times he would be so stiff and lame, that he was hardly able to move and if he attempted to do so, sharp pains would catch him in the kidney regions. The kidney secretions were disordered, so frequent in action as to force him to arise many times during the night. He procured a box of Doan's Kidney Pills, began their use and noticed a change for the better in a short time. He is glad to give Doan's Kidney Pills his recommendation."

HOME PROOF—There is plenty of local testimony like the above. Call at Belt & Cherrington's drug store and ask to see copies of statements of Dallas people who have used Doan's Kidney Pills. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

**Wouldn't This Jar You.**

Victor Gross and his brother, August Gross, were Dallas visitors Tuesday. Victor says Dallas is all right but it can't begin to compare with Sheridan in business activity.—Sun.

Why of course not. How could we? Sheridan has one train arriving and departing each day, Dallas has 18. This is only one instance of many we could name. Sheridan is a mighty good and growing little town, and has the proper spirit to make a much greater growth, but it can be no way be compared with Dallas and its many growing industries.

Mr. John Riba, of Vining, Ia., says: "I have been selling DeWitt's Kidney and Bladder Pills for about a year and they give better satisfaction than any pill I have ever sold. I have used them myself with fine results. Sold by Conrad Staffin."

**TO OUR SUBSCRIBERS**

The new postal department ruling makes it necessary for us, on April 1st, to drop from our subscription list all who are over one year in arrears. The amount then due, from each delinquent, will be placed in proper hands for collection. We hate to be arbitrary in the matter, but have no choice—it is either do this or be excluded from the mail. All you have to do is to pay up to date, and then we are allowed to give you credit for another year.

**HELP WANTED**

**ELECTRICITY FOR LIGHTING IS ONLY EXPENSIVE**

TO PEOPLE WHO ARE WASTEFUL AND CARELESS.

TO YOU, WHO ARE NATURALLY CAREFUL,

IT DOES NOT COME HIGH.

It is economical because it can be quickly turned off when not needed. With gas or kerosene there is the temptation to let light burn, when not needed, to save bother of lighting and adjusting. In some homes the electric light bill amounts to only about \$2 per month. You can probably get some kind of artificial light for less money than electric light, but does it save you anything when it limits opportunities for work and recreation, ruins your eyesight, smokes your walls, mars decorations and increases household work. You can probably save a dollar tomorrow by going without your meals, but it wouldn't be economy. It is not so much ready to you save, but how you save, that counts. We are always ready to explain the "ins and outs" of the lighting proposition to you. Call on us or phone to us. We are never too busy to talk business.
