Sewing Machine Given Away.

As much as any one thing for the betterment of the Itemizer its editor desires a weekly letter from every vicinity. Beginning with January 1st and ending May 1st we will give a $50 Home sewing machine to the correspondent who is most regular in his or her communications. We want your locality represented every week, and offer this incentive for regularity.

ROCCA.

Fred Wittenstrom has returned from Dallas.

Several homeseekers have been in here this week.

S. P. Bell was grubbing some land for Warren Wrigut.

Z. M. Derrick, the Lincoln county surveyor, was in this week finding corners for a would be settler.

Mrs. Frank Byerly has been quite ill. Her husband took her outside on Wednesday, so that she could have medical attendance.

F. J. Morrison and Chas. Bilyeu, of Dallas, have been building a cabin on some railroad land back of Thomas Blower's ranch.

Henry Davenport, grandson of Mrs. Kate Chintile, was buried last Saturday. He had been ill a long time with some kind of throat affection.

The second bridge above the postoffice on the county road, is in a dangerous condition. It has been said that a good kick would cause it to collapse. The supports under it are rotten and the bridge has sunk considerably at one end.

We had a heavy downpour of rain, for three days and nights, from Friday until Monday. Every place was flooded, the streams higher than they have been this winter. It is reported today that the swinging bridge across the Siletz river went out with the flood.

Tetter, Salt Rheum and Eczma.

These are diseases for which Chamb rlain's Salve is especially valuable. It quickly allays the itching and smarting and soon effects a cure. Price, 25 cents. For sale by Stafrin Drug Co.

Some of the boys imagined they heard wedding bells, so with some old cans and such like made a call but got no satisfaction, so they say they will not be outdone yet.

EAST DALLAS.

Quite a number of Dallas people were out Sunday evening, along the byways and hedges gathering wild flowers.

Ranchmen around about Dallas are getting considerably excited over the killing of sheep and goats. Some seem to think it is dogs, others that it is a sly old fox.

Work is opening up, and wages are higher, and everybody is looking brighter and happier than they did through the long weeks of rain. We are not complaining of the rain, for it is necessary to growth, but sunshine is necessary to bloom and brightness, and we are glad, glad, glad of tne sunshine.

Mr. Eliot, though seventy odd years of age, was about this morning triming up his young orchard,and speaking of the weather, he cheerfully remarked, "The weather is to lovely, and there is too much work to do, for one to be sick this time of year." The young should learn lessons from the old of good cheer and smiling faces, then what people call the "blues" would drop off the English vocabulary.

KINGS VALLEY.

A. C. Miller returned from Portland Thursday.

J. P. Logan returned from Portland Saturday.

Mr. Lou Townsend and Tig Kibby were Corvallis visitors Friday.

Rev. and Mrs. Burns visited at Montgomery Friday with Mr. and Mrs. Phillips.

Mrs. E. Clarke has recently sold a beef to Jesse Gardner, the Monmouth butcher.

SKIN DISEASES
HUMORS IN THE BLOOD

When the blood is pure, fresh and healthy, the skin will be soft, smooth and free from blemishes, but when some acid humor takes root in the circulation its presence is manifested by a skin eruption or disease. These humors get into the blood, generally because of an inactive or sluggish condition of the members of the body whose duty it is to collect and carry off the waste and refuse matter of the system. This unhealthy matter is left to sour and ferment and soon the circulation becomes charged with the acid poison. The blood begins to throw off the humors and acids through the pores and glands of the skin, producing Eczema, Acne, Tetter, Psoriasis, Salt Rheum and skin eruptions of various kinds. Eczema appears, usually with a slight redness of the skin followed by pustules from which there flows a sticky fluid that dries and forms a crust, and the itching is intense. It is generally on the back, breast, face, arms and legs, though other parts of the body may be affected. In Tetter the skin dries, cracks and bleeds; the acid in the blood dries up the natural oils of the skin, which are intended to keep it soft and pliant, causing a dry, feverish condition and giving it a hard, leathery appearance. Acne makes its appearance on the face in the form of pimples and black heads, while Psoriasis comes in scaly patches on different parts of the body One of the worst forms of skin trouble is Salt Rheum; its favorite point of attack is the scalp, sometimes causing baldness. Poison Oak and Ivy are also disagreeable types of skin disease. The humor producing the trouble lies dormant in the blood through the Winter to break out and torment the sufferer with the return of Spring. The best treatment for all skin diseases is S. S. S. It neutralizes the acids and removes the humors so that the skin instead of being irritated and diseased, is nourished by a supply of fresh, healthy blood. External applications of salves, washes, lotions, etc., while they soothe the itching caused by skin affections, can never cure the trouble because they do not reach the blood. S. S. S. goes down into the circulation and forces out every particle of foreign matter and restores the blood to its normal, pure condition, thereby permanently curing every form of skin affection. Book on Skin Diseases and any medical advice desired sent free to all who write. S. S. S. is for sale at all first class drug stores.

I suffered with Eczema for forty years and could find nothing to cure me until I tried S. S. S. I suffered intensely with the itching and burning; pustules would form from which there flowed a sticky fluid; crusts would come on the skin and when scratched off the skin was left as raw as a piece of beef. I suffered agony in the long years I was afflicted, but when I used S. S. S. I found a perfect cure. There has never been any return of the trouble.

DEEP CRACKS FROM ECZEMA

Could Lay Slate-Pencil in One—Hands in Dreadful State—Disease Defied Remedies and Prescriptions—Suffered Seven Years.

FOUND A PERMANENT CURE IN CUTICURA

"I had eczema on my hands for about seven years and during that time I had used several so-called remedies, together with physicians' and druggists' prescriptions. The disease was so bad on my hands that I could lay a slate-pencil in one of the cracks and a rule placed across the hand would not touch the pencil. I used ——, ——, —— Skin Lotion, —— Remedy and others externally but I did not use any internal remedy, and while some gave partial relief, none relieved as much as did the first box of Cuticura Ointment. I made a purchase of Cuticura Soap and Ointment and my hands were perfectly cured after two boxes of Cuticura Ointment and one cake of soap were used. I now keep them on hand for sunburn, etc., and use Cuticura Soap for shaving. I could write a great deal more in reference to my cure but do not want to take more of your time. William H. Dean, Newark, Del., Mar. 28, 1907."

CHILD SUFFERED
With Sores on Legs. Cured in Two Weeks by Cuticura.

"My little daughter suffered with sores on her legs all last summer. Her feet were sore, too, and she couldn't wear her shoes. I think she was poisoned by running through weeds but the doctor said it was eczema. I tried several remedies but failed to find a cure. Then I sent for Cuticura Soap and Cuticura Ointment which cured her in two weeks. I find Cuticura the best I ever tried for any kind of sore and I hope I shall never be without it. Mrs. Gertie Laughlin. Ivydale, W. Va., Apr. 25, 1907."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), or in the form of Chocolate Coated Pills (25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

The Original Porous Plaster.

It's Allcock's, first introduced to the people sixty years ago, and to-day undoubtedly has the largest sale of any external remedy—millions being sold annually throughout the whole civilized world. There have been imitations, to be sure, but never has there been one to even compare with Allcock's—the world's standard external remedy. For a weak back, cold on the chest or any local pain, the result of taking cold or overstrain, there's nothing we know of to compare with this famous plaster.

Miss Elsie Keyt had the misfortune to run a nail into her foot Saturday evening which pained her quite badly, but resulted in nothing serious.

Do Not Crowd the Season.

The first warm days of spring bring with them a desire to get out and enjoy the exhilirating air and sunshine. Children that have been housed up all winter are brought out and you wonder where they all come from. The heavy winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in mid-winter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. For sale by Stafrin Drug Co.

TO OUR SUBSCRIBERS

The new postal department ruling makes it necessary for us, on April 1st, to drop from our subscription list all who are over one year in arrears. The amount then due, from each delinquent, will be placed in proper hands for collection. We hate to be arbitrary in the matter, but have no choice—it is either do this or be excluded from the mail. All you have to do is to pay up to date, and then we are allowed to give you credit for another year.
