

TO OUR SUBSCRIBERS

The new postal department ruling makes it necessary for us, on April 1st, to drop from our subscription list all who are over one year in arrears. The amount then due, from each delinquent, will be placed in proper hands for collection. We hate to be arbitrary in the matter, but have no choice—it is either do this or be excluded from the mail. All you have to do is to pay up to date, and then we are allowed to give you credit for another year.

NOTICE TO CONSUMERS.

On and after the first of April, 1905, all bills due this Company must be paid at their office. All bills are due on the first of the month and delinquent on the fifteenth when services will be discontinued without any further notice, and there will be a charge of 50 cents to connect it up again.

You must make arrangements at the Company's office for any extension of payments or change in rates.

Customers moving from a residence where the services have been ordered, should notify the Company at once, so that this time can be placed to their credit, otherwise the full month will be charged.

Yours Truly,
WILLAMETTE VALLEY CO.,
By E. W. KEARNES, Mgr.

PRIZES TO BE GIVEN

FOR THE SCHOOL CHILDREN'S INDUSTRIAL FAIR

To Be Held in Dallas on September 30th, October 1st, 2nd.

All exhibits must be in the building by Wednesday, September 30th, at 12 o'clock and may be removed Friday, October 2nd at 1 o'clock. Labels for exhibits will be sent to any child who will write for them, stating the number that you wish and what they are for. By doing this you will save the committee and yourself a great amount of work, as all exhibits that are labeled when brought to the fair will be placed on exhibit at once and will cause no trouble at that time, when everyone is rushed with the work. Please make your request for these labels as soon as you know just the number or about the number that you will need. I have made arrangements by which I am able to care for any exhibit or exhibits that you may have completed before the fair and have a chance to bring or send to this office, such as sewing, bird houses, etc. By bringing in or sending in these articles during the spring and summer you will have them here in good shape for the fair, and you will not have to be troubled with them when you are busy with some of the vegetables, and the cooking. The exhibits are divided into two

Let every parent, school officer, teacher, boy, and girl work for the most successful fair in the state this year.
Yours for success,
H. C. SEYMOUR,
School Superintendent of Polk county, Oregon

Life Guards.

The Life Guards are two regiments of cavalry forming part of the British household troops. They are gallant soldiers, and every loyal British heart is proud of them. Not only the King's household, but yours, ours, everybody's should have its life guards. The need of them is especially great when the greatest foes of life, diseases, find allies in the very elements, as colds, influenza, catarrh, the grip, and pneumonia

do in the stormy month of March. The best way that we know of to guard against these diseases is to strengthen the system with Hood's Sarsaparilla—the greatest of all life guards. It removes the conditions in which these diseases make their most successful attack, gives vigor and tone to all the vital organs and functions, and imparts a genial warmth to the blood. Remember the weaker the system the greater the exposure to disease. Hood's Sarsaparilla makes the system strong.

SHE WON'T BUY

until she has satisfied herself that the article is without a flaw. That's the kind of a customer we like—one who will hunt for the weak points. She won't find any, however, in our

QUEEN'S WARE

or in any of the crockery on our shelves. We went on a tour of inspection before she came and put everything right, including the prices.

All of the above trains connect with Southern Pacific trains such as Albany and Corvallis, as well as trains for Detroit, giving direct service to Seaside and Astoria. For further information apply to GEO. F. NEVINS, Gen. Pass. Agent, Albany, Oregon.
H. H. LING, Agent, Corvallis.

Electricity for lighting is only expensive to people who are wasteful and careless. To you, who are naturally careful, it does not come high.

It is economical because it can be quickly turned off when not needed. With gas or kerosene there is the temptation to let light burn, when not needed, to save bother of lighting and adjusting. In some homes the electric light bill amounts to only about \$2 per month. You can probably get some kind of artificial light for less money than electric light, but does it save you anything when it limits opportunities for work and recreation, ruins your eyesight, smokes your walls, mars decorations and increases household work. You can probably save a dollar tomorrow by going without your meals, but it wouldn't be economy. It is not so much what you save, but how you save, that counts. We are always ready to explain the "ins and outs" of the lighting proposition to you. Call on us or phone to us. We are too busy to talk business.
