HUBBARD & BROWN

Phone and stand at Cherrington's drugstore.

Do You Know

that the best and cheapest wood you can buy is the block wood from the Willamette Valley Lumber Co.'s sawmill? Because it is cut from big timber, therefor is superior to second-growth fir. Leave your order at Webster's confectionery store, or call Mutual phone No. 1407

Eureka! Yes I Have Found it at Last.

Found what?, Why that Chamberlain's Salve eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December 1905, the itching has stopped and has not troubled me.—Elder John T. Ongley, Rootville, Pa. For sale by Stafrin Drug Co.

ELECTRICITY FOR LIGHTING IS ONLY EXPENSIVE TO PEOPLE WHO ARE WASTEFUL AND CARELESS.
TO YOU, WHO ARE NATURALLY CAREFUL, IT DOES NOT COME HIGH.

It is economical because it can be quickly turned off when not needed. With gas or kerosene there is the temptation to let light burn, when not needed, to save bother of lighting and adjusting. In some homes the electric light bill amounts to only about $2 per month. You can probably get some kind of artificial light for less money than electric light, but does it save you anything when it limits opportunities for work and recreation, ruins your eyesight, smokes your walls, mars decorations and increases household work. You can probably save a dollar tomorrow by going without your meals, but it wouldn't be economy. It is not so much what you save, but how you save, that counts. We are always ready to explain the "ins and outs" of the lighting proposition to you. Call on us or phone to us. We are never too busy to talk business.

Willamette Valley Co.

E. W. KEARNES, Manager

Office on Mill street, just north of the court house Dallas, Oregon

How Much Paint to the Can?—

UNCLE Sam sets the Standard Measure for a gallon at 231 inches. The "HIGH STANDARD" PAINT can has 231 inches inside.

Every time you buy a "HIGH STANDARD" gallon can, you get a *gallon of paint*. Every time you buy a 231-inches-inside can, you get *short measure*—even though it is filled to the brim.

Every size can of "HIGH STANDARD" is full U. S. Government Standard Measure of paint—not capacity only. So when you are offered paint a trifle "cheaper" than Lowe Brothers, see if the *quantity* is there.

But paint *quality* is the real consideration, after all. That is where the real *economy* comes in—*satisfaction* and *service*.

Lowe Brothers "High Standard" Liquid Paint Gives Best Results

in spreading and covering, working and wearing—a difference of 30 to 50 per cent. over "cheap" paint which quickly proves its *costliness*.

"HIGH STANDARD" PAINT is made of the materials which a third-of-a-century of practical and scientific paint-making has proven to be best; mixed and mulled, ground and reground, by powerful machinery to an indescribable fineness and a perfect union of solids and liquids. "HIGH STANDARD" PAINT is sealed in air-tight cans—which keep it always fresh and good—and marked with "*The Little Blue Flag*"—*Your Protection*.

There is a Lowe Brothers Paint for every use and a Lowe Brothers dealer in nearly every town. Write us for nearest dealer's name and our practical booklet, "Paint and Painting." Mailed *Free*.

"The Little Blue Flag" H S —Your Protection.
