One of the most attractive features of the Greater Norris & Rowe circus and congress of nations, which will exhibit at the Falls City, on Friday, Saturday and night May 6th, is the really remarkable display of equine intelligence exhibited. The grand entrance is composed of forty-four lady and gentlemen riders, gaily costumed, mounting and dismounting while going at top speed on their highbred racing stock. The accredited horsemen and women with this big circus this season, include such well-known artists as George Holland, Frank Miller, Bieker, Beeler, Austin King, John Deers, William Gilson, principal summersault and bareback riders; beautiful Rose Dockhill, Mlle. Castello, Mlle. Fred, Lucile King, Floy Crowell, Helen Martin and Dottie Miller. Norris & Rowe have more riders than any other circus in America. During the run of the big circus in San Francisco this spring of sixty consecutive performances, 279,873 persons paid admission to see the circus. The city devoted columns of space to the riders and other big acts with the circus. By arrangement, the Norris & Rowe circus will be the only big show to visit this section of the country this year. The record made by the Greater Norris & Rowe circus, museum, menagerie, hippodrome and congress of nations, is a record of which the circus world is proud. The big show played to 279,873 paid admissions during the run of sixty consecutive performances. Surely a circus that can stay in the metropolitan area such a period and play to turn away business must have merit. The big show will exhibit in this city Wednesday, Thursday, Friday and night, May 6th, and will be the only big circus to visit this section of the country this year. The new circus will be a real attraction. The demonstration ever made by a tented exhibition, inasmuch as it is new and novel.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.
All the blood in your body passes through your kidneys once every three minutes.
The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.
Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.
Kidney trouble causes quick or uneasy heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.
If you are sick you can make no mistake if you may have the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.
You may have a sample bottle by mail from Dr. Kilmer's Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.
Do not make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

ANOTHER BIG COLT.

Less Than Two Years but Weighs Seventeen Hundred and Twenty.

One the big colts of Benton county is a seven-eight Percheron bred and owned by Chas. Frantz of Kings Valley. The animal was weighed the other day and tipped the beam at 1,720 pounds. He lacks six weeks of being two years old. It is believed by many that at the same age, he would equal if not exceed the big colt bred and owned by W. G. Davis. The sire, Amiral, and dam, owned by Mr. Frantz. The name of the colt is Major. He was a prize winner in the Corvallis livestock show last year, taking second place in the yearling colt class. His weight then, as a yearling was 1,250 pounds. He is a remarkable animal. He will probably be on the grounds at the coming livestock show, where many of the best horses and other stock in the state will be on exhibition.—Corvallis Times.

Our representative from Portland will be up in a few days now, and then the work will be pushed with vigor until completed. If you want anything in this line, word can be left at this office, and you will not be overlooked.
