Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliancy vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheeks of its freshness and the form of its fairness. As surely as the general health suffers when there is derangement of the health of the delicate woman's organs, so surely these organs are established in health by the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Incidents on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those natural, medicinal, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of women's peculiar ailments. For nursing mothers or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of the babe, and to make its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It does no harm in any condition of the system. It is a most potent invigorating tonic and strength-giving nerve tonic adapted to woman's delicate system by a physician of large experience in the treatment of women's peculiar ailments. Dr. Pierce may be consulted by letter free of charge. Address: Dr. R. V. Pierce, Central Hotel and Surgical Institute, Buffalo, N. Y.

DALLAS CARNIVAL CERTAIN

MEETING OF BUSINESS MEN ON TUESDAY NIGHT. Committees Appointed and Arrangements Made.

Pursuant to a call by small posters Tuesday, a number of our representative business men met at the court house Tuesday night for the purpose of making the first steps toward the giving of a three days carnival in Dallas on June 18th, 19th and 20th. As stated last week we were in communication with Mr. E. J. Arnold of Portland, to furnish the outside attractions. Mr. Arnold came up Friday, and at a meeting of the three original subscribers and himself in this office, plans were formulated for the event and a provisional contract entered into, contingent on its ratification by other subscribers at a public meeting.

The attractions offered by Mr. Arnold this year are his large tent with its various shows. He also contracts for three free acts. One of these is a billious accusation every day, weather permitting. Another is a grand slide for life from the top of the court house tower to the rear of the D. J. Riley block. This will be one of the most spectacular events ever pulled off in Dallas and is extremely thrilling. It will be really a slide for life, considerable danger to the performer being involved. The third free act will be a tight rope walk and performance from some prominent location, not yet decided upon. Mr. Arnold is to be paid no money.

STATEMENT OF THE REGENTS In Regard to the University of Oregon Appropriation.

Eugene, Oregon, May 11, 1908. To The People: Based upon estimates submitted to the proper committees, the last legislature by more than two thirds vote, passed an act appropriating \$125,000 annually for the support and maintenance of the university of Oregon, and for the construction and furnishing of additional buildings, purchase of equipment, etc. A referendum has been invoked on the bill, and it will be submitted to the voters at the coming election in June, for approval or rejection. In view of these facts the regents have thought it best to make the following statement. Since 1862 the university has depended for its resources upon the annual appropriation of \$47,000, carried by the act of that year, together with the interest on the university fund, incidental fees and interest on the Villard fund, amounting to about \$10,000 a year, and special appropriations from time to time. The act of 1901 was intended, with the revenues from other sources, primarily to cover the necessary current expenses at the time of its adoption. It has been necessary to supplement the amount thereof, from time to time, by special appropriations, that of 1903 being \$25,000. The purpose of the bill now pending is to merge in one act all appropriations. The amount thereof is based on careful, and what is believed to be, conservative estimates, and in the opinion of the regents is necessary to bring it up to and maintain it at the standard of efficiency, which the educational interests of the state require. The bare cost of maintenance is now approximately \$75,000 a year. Additional instructors are needed in several of the departments, which will bring the amount for maintenance to \$85,000 or \$90,000 a year. The library, which touches all departments alike, will require an annual expenditure of at least \$10,000 a year, for some years, to bring it to the proper standard of efficiency. Provision should be made immediately for the accommodation of the women of the university by furnishing and heating the present cottage and by the construction of additional cottages or a general dormitory. This, it is estimated, will take about \$50,000. New buildings are needed for class, laboratory and recitation purposes, at a cost of approximately \$75,000. The heating, power and water plant must be enlarged, at an expense of \$10,000 or \$15,000 to meet the demands upon it for heating, irrigation, and fire protection. As soon as funds are available, the campus should be enlarged, to meet present and future needs, by acquiring additional grounds by purchase, if a satisfactory price can be obtained, and if not, by condemnation.

"A Reliable Place to Trade"

DALLAS, :: OREGON

These several items will cost from \$125,000 to \$150,000, and together with others, developing the growth of the university, will absorb the entire amount carried by the present bill and all additional revenues, over and above the expenses of maintenance, for a number of years to come.

This covers in a general way, the needs of the university as we see it, and the use to be made of the proposed appropriation. There is another matter which should be alluded to. The invoking of the referendum has restricted the university, since January 1, 1907, to the annual amount appropriated by the act of 1901, and about \$10,000 a year from other sources, making a total of about \$60,000 a year, which has been inadequate to pay the expenses. The deficiency last winter was \$15,000. The heating, power and additional apparatus, and the like, and by part of the faculty voluntarily foregoing their salaries for the last quarter of the year, relying on the approval of the pending bill or subsequent appropriation by the legislature for their payment. The salaries and incidental expenses for the present scholastic year will amount to at least \$50,000, to meet which, there is an appropriation of \$47,500, interest on land fund, estimated at \$5,000, interest on Villard fund, \$2,200, or total of \$54,700. At the close of the present scholastic year, the university will, therefore, be practically without funds and as the law absolutely prohibits the regents or faculty from pledging the faith of the state for the university, in excess of the income of the current year, it is not apparent how it will be able to open its doors next fall if the pending appropriation is defeated.

We may add that the regents receive no compensation whatever for their services, but realizing, in the discharge of their duties in administration of the university, they are but servants of the people, they present the facts, for the consideration and final determination of the voters, without argument.

Respectfully submitted, SEHEMIAH L. BUTLER, JAMES W. HAMILTON, CYRUS A. DOLPH, WILLIAM SMITH, FREDERICK V. HOLMAN, R. S. BEAN, J. C. ATSWORTH, MILTON A. MILLER, SAMSON H. FRIENDLY, Board of Regents.

NOTICE.

All owners of property along the line of the proposed improvement on Main, Mill, Court and Washington streets, by the laying of crushed rock or macadam thereon, are invited to meet with the city council Friday evening, May 15th at 7:30, at the council chamber in the informal discussion as to the advisability of paving such streets, instead of macadamizing as heretofore ordered. L. D. BROWN, Auditor and Police Judge.

FRIEND TO FRIEND.

The personal recommendations of people who have been cured of coughs and colds by Chamberlain's Cough Remedy have done more than all else to make it a staple article of trade and commerce over a large part of the civilized world.

AN INSTANCE.

Lucy Suddreth, of Lenoir, N. C., has been troubled with a very bad cough for over a year. She says: "A friend brought it to me and insisted that I should take it. I did so and to my surprise it helped me. Four bottles of it cured me of my cough."

Dora Thorne Coming.

To those who have never heard Bertha M. Clay's famous novel, the following synopsis of the story will prove interesting, especially as Dora Thorne will appear in dramatized form at the Woodman hall one night only, May 14th.

COFFEE

Nothing does more for a grocer, one way or the other, than coffee. He must sell poor; (he needn't sell it to you) it is good that makes him.

Your grocer returns your money if you don't like Schiller's Last we pay him.

This play and book deals with a beautiful love story in a rural English home. An innocent girl daughter of a lodge-keeper of an Englishman of high birth, is loved by the son of the latter. The match meets with the disfavor of the young man's father, but despite the fact that the father informs him either to give up the girl or his home of luxury, he chooses Dora Thorne and marries her. The young girl, a pure and honest creature, love the young man quite as well as he does her, but through the efforts of a young sailor the young couple are separated and made to believe later that each had been unfaithful to the other. This state comes about as a result of the efforts of Lady Chartaris and the father of the earl. The young sailor returns after two years' voyage to find that Dora's father has been transferred from him to the young nobleman and several complications arise from this, which, for a while take on a serious aspect. The time arrives when honesty and faithfulness triumph, and the closing scenes find everything favorable to the young folk.

GETS MACHINE.

Popcorn Correspondent the Lucky One.

Our sewing machine contest ended last week, and the Popcorn correspondent got the fine sewing machine. It is now in this office at her disposal. The result of this contest is especially gratifying to the editor of the Itemizer and far exceeded his expectations. We hardly thought there would be a tie, as it is a hard thing to get correspondents to write regularly, and that is just why we offered the machine. What we ask of our correspondents now is to keep a right on, and we will in the near future start another contest. This time a first and second prize.

Itemizer's Home Seekers' Edition Now a Certainty.

Work on our big special edition is progressing nicely, and from the support assured us up to this time, we feel confident of ultimate success in the undertaking. As this is the first publication of this kind ever undertaken in Polk county, we are determined to produce something good. The edition will be thoroughly illustrated by photographic reproductions and we will be glad to publish any interesting pictures that may be sent in. We desire especially the assistance of the leading farmers of the county and when our official photographer and reporter visits you we sincerely trust you will give him your hearty support. The edition will be published early in June and should our representative fail to see you, full particulars may be had regarding space, extra copies, etc., by applying at the Itemizer Office.

to take his chances as to what revenue he can derive from his shows. He is confident that what he has to offer will be so worth seeing that there will be no difficulty in that regard. A steam swing and giddy maze will furnish attractions for the youngsters and some older ones.

At the court house meeting V. P. Fiske was selected as chairman and W. R. Ellis secretary. It was decided by a nearly unanimous vote to hold the carnival on the dates mentioned, only one business man objecting.

The offers of the college authorities to grant the free use of the campus, and the council to vacate certain portions of Mill and Shelton streets was most gratefully accepted, and thanks tendered the donors. It was decided to use both locations, putting Mr. Arnold and his show on Shelton street and reserving the college campus for base ball games, balloon ascensions, fireworks, etc.

The chair appointed G. N. Cherrington, Vern Johnson and Charley Blyen as a finance committee, and J. C. Hayter, Next Guy and Frank Kerslake on program, and these gentlemen are busily at work on the two most important elements of the carnival. The meeting adjourned to meet and hear their report at the same place next Saturday night. Let everybody come out and hear of their success.
