FOUND CUTICURA INDISPENSABLE

For Her Children—Little Girls Suffered with Itching Eczema Which Simply Covered Back of Head—Baby Had a Tender Skin, Too.

ALL PROMPTLY CURED BY "WONDERFUL OINTMENT"

"Some years ago my three little girls had a very bad form of eczema. Itching eruptions formed on the backs of their heads which would not stop until they were covered. Before I heard of Cuticura, I used to try almost everything, but they failed. Then my mother recommended the Cuticura Remedy. I used Cuticura Soap and Cuticura Ointment and the next morning the trouble had disappeared. I am using the Cuticura Remedies yet whenever any of my family have any sores, I can never recommend Cuticura sufficiently. It is indispensable in every home. I cannot find its equal. Mrs. Nepoleon Dupee, 41 Duluth St., Montreal, Que., May 21, 1907."

PAINFUL ULCER

On Foot for a Year. Healed by Two Sets of Cuticura

"I had an ulcer on my foot for a year or more and it was very painful as it was a running sore. I had a doctor, but his treatment did not heal it. About eight months ago I commenced to use Cuticura Soap, Cuticura Ointment, and Cuticura Remedies. I used two sets and it is now all healed up. Mrs. F. E. Ryder, West Brewster, Mass., April 29, 1907."

FALLS CITY.

A. B. Moir, mayor of Dallas, was in our town Saturday seeing us grow.
 Among Falls City visitors to Dallas was B. F. Bougher, who was drawn on the jury for the May term of court.
 Cal Kramer has gone to Dallas to take charge of the call Hotel for Mr. Thompson, who will take a lay off and travel for a while, as he badly needs a rest.
 Jesse Plankett and family, late arrivals from Kansas, are living in the Moyer house. Mr. Plankett is delighted with Falls City and will make his home here.
 James Dyer was badly injured by a log rolling on him, while working in camp at Black Rock last Monday. The young man is now at the Walker hotel, and being well cared for.

A young son of J. Sevier shot himself in the groin Monday while handling a pistol. It is understood the injury is dangerous, but no further word has been received at this time.
 There will be a merry-go-round, balloon ascension and numerous other attractions at the Woodmen picnic to be held here May 22d, and a chance for everyone to enjoy themselves.

The family of J. E. Huggins are about to move to Tacoma, where Mr. Huggins is employed. The young ladies of the family have made a large circle of friends here who are sorry to see them leave.

Falls City is fast becoming known as a good place for automobile parties. Last week there was at least eight auto parties here, and they find our hotels just the place to stop at. We welcome them all.

The city is enforcing the stock ordinance, as usual the new condition of things does not suit some, but we venture to say that with the ordinance in force one year, no one will want to return to former conditions.
 Mr. Farrier's little child died suddenly Friday and was buried Saturday. The little girl had been suffering from lung trouble for some time, but appeared as well as usual until two hours before her death.

The matter of a water franchise is again agitating our people, and while water is necessary for us, it is hoped the council will go slow and learn from the experience of Dallas and other towns, and do what is best for the whole people. Franchises are valuable and belong to the people.

The hall club are getting in some good practice work, and are making a good showing. Most of the members are hard working young men and cannot spare the time from their daily work to gain the degree of perfection some teams attain, but visitors will find the Falls City club will give them a run for their money.

Gentle and Effective.

A well known Manitoba editor writes: "As an inside worker I find Chamberlain's Stomach and Liver Tablets invaluable for the treatment of biliousness natural to sedentary life, their action being gentle and effective, clearing the digestive tract and the head. Price 25 cents. For sale by Staffin Drug Co., 215 Main St., Dallas, Tex."

The Question of Paving Streets Still a Question.

BIG W. O. W. PICNIC

Falls City, May 23rd

POP CORN.

Cold weather makes garden truck a little backward.

The fall farmers have found that corn can be raised here as well as other places, therefore quite a number have gone into it this spring.

Miss Harriett Higgins and Mr. Earl Ford were married in Salem last Thursday at 3 p. m. We regret very much losing our teacher. They leave in about a week for Tillamook, their future home.

Our picnic was quite a success both socially and financially. The crowd was not quite as large as on former occasions but the program was excellent. Among the speakers were Superintendent Seymour, Prof. Starr and Hal Patton, who presented the dog. Mr. N. Nelson, the first teacher, and Mrs. Ford, the last teacher, did the flag raising.

The rate to be paid common labor at the rock quarry was fixed at \$2 a day. A report was made by the committee appointed to visit other towns and investigate the paving proposition. Messrs F. J. Coad and Conrad Staffin, who visited Eugene, Albany and Salem, last week, made their report. They gained many valuable ideas, and came home saying that paving looked mighty good to them, and that everywhere it had been placed in the towns mentioned the property owners would not have it up again for twice the price. According to the figures they received it would be possible for the number of blocks we intend to improve to get on streets paved on an approximate cost of \$7 a front foot running to the middle of the street. As to how much the paving will cost is a question that this price could only be determined by a call for bids. The question was quite thoroughly discussed, and the property owners present, among whom were some of our large ones, declared as in favor of paving every time at the price mentioned. The council determined to get a fuller expression from those interested in the proposed improvement of nine blocks, and for that reason have elsewhere called a special meeting for the purpose of finding out the sentiment of all concerned in the matter. The council chamber next Friday evening—tomorrow.

Acting on a petition engineered by a special committee for that purpose, serving in conjunction with our business men, the matter of the appointment of a city night watch next came up. The purpose of the petition was that as much money should be raised by the business men as they desired to give, the balance to be given by the council. The council appointed and have under control whoever they desired, such arrangement to remain in full force and effect so long as the appointees was not objectionable to a majority of the signers thereto. The sum of \$48.50 was found to have been raised by subscription and the council ordered that \$11.50 be paid each month from the treasury, making the salary \$60. The names of Ned Shaw, W. G. Campbell and Will Lyons were proposed, but Mr. Shaw was found to

PERRYDALE.

The D. L. Key store will be opened May 14th.
 Mr. Leo Conner bought some pigs from A. B. Strong.
 Mr. J. W. Caldwell came here after a long stay Tuesday.
 Mr. D. L. Key was a Monmouth visitor the fore part of the week.
 A number of people from here attended the circus at Dallas and at McMinnville.
 Mr. John Duzigan will open a new grocery store in a few days. It will be located at his home.
 The school will come to a close here May 20th, and that night the graduating exercises will be held in the Christian church. Be sure and don't forget the date.

I wish to correct a mistake made in last week's items. It was in the items that Mr. Frank Loop had bought a horse and buggy, but was a mistake of the reporter.

CONCORD.

Mr. Paul Rees is able to be out some now.
 Mr. N. Geo visited with Mrs. John Berley Sunday.
 Mr. Vason is up from Forest Grove fixing the fence around his place.

Mrs. Umphlett and children visited with Mrs. Rees and family Sunday.
 Mr. M. D. Jones is up from Newberg visiting with his daughter, Mrs. Chas. Rees.

Mr. and Mrs. George Richmond spent Wednesday evening with Mrs. Rees' family.
 Mr. and Mrs. Berley and family drove up to Salem to help eat a birthday dinner given in honor of Mrs. Berley's grandaun, Mrs. Rees, who is now upwards of 80 years old.

MONMOUTH.

The creamery is starting off alright.
 Mrs. W. N. O'Kelly was in town Wednesday.
 Work on Mr. Mulkey's house is progressing nicely.
 Mrs. W. Brown, of Bridgeport, was in Monmouth Monday.

Mr. Grover has secured a position with the section crew here.
 Fred Huber will begin the reconstruction of his barn next week.

It is reported that Mr. Strong has bought the Monmouth drugstore.
 Mr. Pettit has been in Washington looking at the country, but found nothing he liked so well as the country around Monmouth.
 Rev. Good and family will go to Lents to live for the next year. We are sorry to lose him and his estimable family; but such is life, and we must but part.

RHEUMATISM

CAN NOT BE RUBBED AWAY

It is perfectly natural to rub the spot that hurts, and when the muscles, nerves, joints and bones are throbbing and twitching with the pains of Rheumatism the sufferer is apt to turn to the liniment bottle, or some other external application, in an effort to get relief from the disease, by producing counter-irritation on the flesh. Such treatment will quiet the pain temporarily, but can have no direct curative effect on the real disease because it does not reach the blood, where the cause is located. Rheumatism is more than skin deep—it is rooted and grounded in the blood and can only be reached by constitutional treatment—IT CANNOT BE RUBBED AWAY. Rheumatism is due to an excess of uric acid in the blood, brought about by the accumulation in the system of refuse matter which the natural avenues of bodily waste, the Bowels and Kidneys, have failed to carry off. This refuse matter, coming in contact with the different acids of the body, forms uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. The aches and pains are only symptoms, and though they may be scattered or relieved for a time by surface treatment, they will reappear at the first exposure to cold or dampness, or after an attack of indigestion or other irregularity. Rheumatism can never be permanently cured while the circulation remains saturated with irritating, pain-producing uric acid poison. The disease will shift from muscle to muscle or joint to joint, settling on the nerves, causing inflammation and swelling and such terrible pains that the nervous system is often shattered, the health undermined, and perhaps the patient becomes deformed and crippled for life. S. S. S. thoroughly cleanses the blood and renovates the circulation by neutralizing the acids and expelling all foreign matter from the system. It warms and invigorates the blood so that instead of a weak, sour stroma, constantly depositing acid and corrosive matter in the muscles, nerves, joints and bones, the body is fed and nourished by rich, health-sustaining blood which completely and permanently cures Rheumatism. S. S. S. is composed of both purifying and tonic properties—just what is needed in every case of Rheumatism. It contains no potash, alkali or other mineral ingredient, but is made entirely of purifying, healing extracts and juices of roots, herbs and barks. If you are suffering from Rheumatism do not waste valuable time trying to rub a blood disease away, but begin the use of S. S. S. and write us about your case and our physicians will give you any information or advice desired free of charge and will send our special treatise on Rheumatism.

have not reached his majority, consequently unqualified. An informal bill was taken, resulting, Campbell, Shaw, Lyons 1.

It was requested of the council that portions of Mill and Shelton streets be voted for the purpose of holding a street carnival. After considerable discussion the request was granted, and after some other detail work the council adjourned to their regular meeting night which will fall on next Monday night.

Owing to circumstances over which he had no control Mr. Campbell was compelled to resign the office of night watch, in fact was not sworn in. The office is yet open, and will probably be decided next Monday evening.
