

We Lay Our Eggs

We lay our eggs before you fresh from the farm. From hen to your table they come as quickly as it is possible to get them. Try some and see how different they are from just ordinary eggs. But good as they are they are not a bit better than all groceries handle here. If you like fresh eggs, as you surely will, you will like our other groceries equally as well. You will like our prices too. They are always the lowest that will pay for fine quality.

Three of the many reasons why should demand the Dallas product when buying bakes-tuffs.

With the election over and the assurance of a great cherry and berry crop, the people of all Oregon should "get busy" and advertise more than ever before. With its latest addition the Toledo Development League, the Oregon Development League now has 83 members.

The cry that Statement No. 1 legislators will go back on voting for Chamberlain is all the veriest hush. Any member of the legislature so doing would not dare to return to his home community. The people have expressed their desire in this matter and it must be complied with. No combinations can be made to defeat such a result.

Judge N. L. Butler says it strikes him that the platform of the democratic party can be well put in the following few words: "Resolved that the blunders of the republican party have become obnoxious to the American people, and it is up to us to rectify them as laid down in our heretofore expressed policies." If the Judge has not here in a few words expressed the gist of the whole matter we surely miss our guess of the present situation.

The Remizer has received many congratulations on its editorial of last week regarding a go-ahead spirit, and is glad to find that the sentiment of our people is as it is. That tired feeling to a certain extent so prevalent just after the election has entirely vanished. All now realize that Dallas must go ahead and do business just the same, whether the town is wet or dry. We have got to live, and to do so successfully, must keep up our growth, and not lie on our
