"God bless the man who first com-pounded Cuticura. Some two months ago I had a humor break out on my limbs below my knees. They came to look like raw beefsteak, all red, and no one knows how they itched and burned. They were so swollen that I had to split my drawers open to get them on and could not get my shoes on for a week or more. I used five or six dif-ferent remedies and got no help, only when applying them the burning was worse and the itching less. One morning I remembered that I had a bit of Cuti-cura and tried it. From the moment it touched me the itching was gone and I have not felt a bit of it since. The swelling went down and in two days I had my shoes on and was about as usual. swelling went down and in two days I had my shoes on and was about as usual. I only wish I had used the Cuticura Remedies in the first of my troubles. They would have saved me two or three weeks of intense suffering. Dur-ing that time I did not sleep an hour at a time, but was up applying such remedies as I had. Henceforth the Cuticura Remedies will be among my household gods, rest assured. George B. ing tobacco tags than ever before in the sav-ing tobacco tags than ever before in the history of the giving of presents in ex-change for tobacco tags. This tremend-ous increase in tag saving is due to the action of the American Tobacco Com-pany in offering a remarkable list of valuable presents in return for tags from various popular tobaccos. Such brands as Master Workman, T. J., Horse Shoe, Granger Twist, Standard Navy, Sailor's Pride, Old Statesman, and about a dozen others bear tags which can be exchanged for presents. An idea of what can be accomplished by so far-reaching a co-operative system is from such sample offers as the giving of an English steel razor for only fifty tags. Reports in the tobacco trade in-dicate that dealers throughout the country are laying in stocks of presents in order to be able to meet the rising boom in tobacco tag saving. In places where the dealers throughout with where the dealers are not supplied with presents, the American Tobacco Com-pany is redeeming by mail-tag-savers selecting the presents they wish from ;
