DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or overbusy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only *symptoms* caused by some uterine disease. The physician, ignorant of the *cause* of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better, because the wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription, *directed to the cause* would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

BABY TORTURED FOR 6 MONTHS

By Terrible Itching Eczema—Face and Head a Solid Sore—Spread to His Hand and Legs—Would Scratch Until He Bled—Tiny Sufferer Immediately Relieved and

ENTIRELY CURED IN 2 MONTHS BY CUTICURA

"When my son Walter was three weeks old, eczema appeared on his face. We did not know what it was so went to a doctor who treated him for three months. Then he was so bad that his face and head were nothing but one sore and his ears looked as if they were going to fall off, so we tried another doctor. He said he could cure him and we doctored there four months, the baby never getting any better. His hand and legs then had big sores on them and as for his sleeping, we could not think of it, the poor little fellow suffered so terribly. First I tied his hands to the crib to keep him from scratching, but when it got so bad I tied him in a shawl or he would scratch himself all bloody. When he was seven months old we tried a set of the Cuticura Remedies. The first application of Cuticura let him sleep and rest well, in one week the sores were gone but it stayed red and sometimes it would itch so we used Cuticura for two months, then he had a clear and white face. Now he is two years and seven months old and has never had eczema again. I hope this letter will help some who are suffering from skin diseases. Every mother who has a baby suffering with skin disease should just try Cuticura; there is nothing better. Mrs. Louis Beck, R. F. D. 3, San Antonio, Tex., Apr. 15, '07."

A single set of Cuticura Remedies is often sufficient to cure torturing, disfiguring, itching, burning, and scaly humors, eczemas, rashes, and irritations, from infancy to age, when all other remedies fail.

Complete External and Internal Treatment for Every Humor, consists of Cuticura Soap, (25c.) to Cleanse the Skin, Cuticura Ointment, (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (or in the form of Chocolate Coated Pills 25c. per vial of 60) to Purify the Blood. SHERIFF GRANT HURT.

Neckyoke Comes Down While Descending Hill.

Monday evening as Sheriff J. M. Grant and daughter, Miss Freda, were returning from Sheridan, where he had been serving some papers, the neckyoke broke while he was coming down a hill near the Richmond place, throwing both occupants violently from the buggy. The sheriff lit on his left side, bruising up his face in a terrible manner, also his left arm and leg, and it will be surprising if he has not received some internal strain. Miss Freda luckily escaped with a number of painful bruises. The sheriff had just been congratulating himself that all the men he wanted to serve had been at home and he was able to get home before dark. Some Indians were on the road and a boy carried the news of the accident to George Richmond, who hitched up his team and brought the sufferers to town, first phoning to D. J. Grant news of the accident. Dr. Starbuck patched Mr. Grant up and he was able to be out Tuesday morning, although feeling pretty bad, but happy that he had gotten out of the accident as luckily as he did. One of the horses was quite badly hurt, the neckyoke when it dropped having entered its breast.
