Mr. Williams reports the weather there as pleasant and the altitude not distressing to him. He took in all the near points of interest there—Pikes peak, Garden of the Gods, Manitou springs, etc., and had a most enjoyable time.

A LONE SURVIVOR.

Uncle I. F. M. Butler Member of House in 1860.

A correspondent in today's Oregonian gives a list of the members of the legislature in 1860, and questions any of them being alive except one whom he names. We can assure him of another one, Hon. Ira F. M. Butler, of Monmouth, a member of the house that year. Judge Butler, while very aged, retains his mental and physical faculties to a great degree, and is one of our oldest pioneers. He rarely holds a marked distinction in being a member of the legislature of this our 50 years ago. The other Polk county members of that year have been dead some years.

Catarh Cannot be Cured.

With local applications as they cannot reach the seat of the disease. Catarh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarh. Send for testimonials free. E. J. Cheney & Co., Props., Toledo, Ohio. Sold by druggists, price 75 cents. Take Hall's Family Pills for constipation.

GRADING COMMENCED.

Work Begun on Connecting Link to Salem.

Work was started Tuesday on the extension of the Salem, Falls City & Western Railway from Dallas to Salem. The grading of Portland, president of the road, says no time will be wasted in building this extension, but it will probably be next fall before trains will be running over the new track. Grading will be carried on as late this winter as possible, but with the arrival of the river at Salem, work will be suspended until next spring. By October, 1906, it is expected the extension will have been completed.

The extension of the road to Salem will give the line a splendid outlet, with a desirable connection with the South Pacific main line and the Oregon Electric Railway Company. A desirable feature of the extension is that it will give an outlet to the Willamette river at Salem, where it is now a line from the timber at the other end of the line. As the road is being pushed further west into the timber of the coast mountains all the time, the timber and lumber traffic will continue to be the leading source of the road's revenue.

However the country to be traversed by the new mileage is very productive farming country, and will provide a fine amount of saw lumber. Between Salem and Dallas is one of the most heavily traveled country roads in the state. The country between the two cities is now thickly settled, but the farms are being cut up into smaller tracts that will provide homes for a more dense population, and consequently furnish increased business for the projected railroad.

The ultimate destination of the Salem, Falls City & Western on the coast is the ocean at the mouth of the Siletz river, making a road from Salem to the coast and tapping some of the best timber in the world—Oregonian.

Passed Away.

At his home near Lewisville last Friday Mr. Thomas Williams gave up the battle with cancer and entered into the joy of the hereafter. He had long been afflicted with asthma and about a year ago moved out to Ashland, hoping that the dryer climate there would give him the relief necessary for the enjoyment of life. For a time he was better, but the dryer climate there would give him the relief necessary for the enjoyment of life. For a time he was better, but the dryer climate there would give him the relief necessary for the enjoyment of life. For a time he was better, but the dryer climate there would give him the relief necessary for the enjoyment of life.
