On Friday at 2 p. m., Mr. and Mrs. D. K. Brannon were the most surprised persons on the coast. It was Mrs. Brannon's 50th birthday and 90 friends and relatives arrived at their beautiful home on the Salem and Dallas road and presented her with a beautiful china tea set of 100 pieces. Mrs. J. R. Bedford presented them to Mrs. Brannon. About 5 p. m. an elaborate dinner was served seating 40 at the first table, 40 at the second and 10 at the third table, and say it made a lot of persons passing by look to see that beautiful long table on the lawn decorated with beautiful flowers and eatables. There was music by Miss Jennie Moll and at dusk they all departed when they came all declaring they had the most enjoyable time of their lives.

Williamette Valley against the world. Mr. Jno. Simon returned home Sunday morning from a three months trip through the East, visiting Wisconsin, Minnesota and Nebraska. He said that he had the most pleasant man on earth when he stepped off the train at Salem. Mr. Simon says that this country is the best in the world. He saw places where he would not give them five cents for their whole country, he was going back to God's country, the Willamette Valley. Mr. Simon was going to visit his cousins in Nebraska but when he got to that place he saw all the shocked grain under water so he did not stop but kept coming on to God's country. He stopped over at Oasden for a few hours, bought 25 cents worth of peaches which looked very fine, did not try them until he got on the train and thought he would proceed to devour some of his favorite fruit, but alas, when he started he stopped for fear he would get his teeth in them. Well John could not control his temper and threw them all through the window and waited until he got to Portland then bought half a dozen of Crawfords and he said they were delicious. Mr. Simon reports very hot weather in the East and says it took him all his time fighting flies and mosquitoes which he says were very thick, flies in the daytime, mosquitoes at night. Mr. Simon did some great boasting for Salem and the Willamette Valley while there. He had taken a large number of Cherry City pamphlets with him and says they were all gone before he had been there a short time and advised them all to come West. After arriving home he found his son, Walter, in the hospital, he having an operation on his arm, Saturday.

A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It aids greatly to the efficacy of the Black Cherry-bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic or lingering coughs, bronchitis, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherry-bark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, acute, dry, irritating coughs, whooping cough, and bronchitis, and chronic coughs, and acute coughs, and those of long standing, even when accompanied by bleeding from the lungs, that it has performed its most marvelous cures.

TWO REMARKABLE CURES OF ECZEMA

Over Twenty-three Years Ago Baby had Severe Attack—Years Later Grandfather Suffered Torments with the Disease—Virulent Sores Developed from Knees to Toes.

BOTH OWE COMPLETE RECOVERY TO CUTICURA

"In 1884 my grandson, a babe, had an attack of eczema, and after trying the doctors to the extent of heavy bills and an increase of the disease and suffering, I recommended Cuticura, and in a few weeks the child was well. He is to-day a strong man and absolutely free from the disease. A few years ago I contracted eczema, and became very miserable. A whole winter passed without once having an sleep, my skin was covered with virulent sores. I tried practitioners, specialists, dermatologists, etc., for no purpose. My daughter-in-law reminded me of having prescribed Cuticura for my grandson more than twenty years ago. I at once procured the Cuticura Remedies and found immediate improvement and final cure. I am to-day, though well along in years, still as active as I had never had that ailment. I feel well known in the vicinity of Louisville and Cincinnati, and all this could be verified by witnesses. Mr. W. LaRue, 845 Seventh St., Louisville, Ky., April 23 and May 14, 1907."

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalded head; the facial disfigurement, as in acne—all demand remedies of extraordinary virtue to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven by testimonials of remarkable cures which mention remedies and even physicians have failed. One set is often sufficient to cure.

Cuticura Soap may be used on the face, neck, chest, throat, and on the scalp, and Cuticura Ointment (sold in the form of Cuticura Cream Pills, 25c per tin) to Purify the Blood, and throughout the world. Foster Drug Co., Chemists, 319 N. Broadway, Boston, Mass.

He took the latter and will get out of jail next Monday. He gives his name as Miller.

My creed is "exterminate the private monopoly. A legitimate corporation can be regulated, but a criminal corporation is beyond the reach of regulation." Mr. Tall said I was to annihilate business combinations, while he declared himself content to regulate the great corporations. I accept this issue, and in reply I will call attention to the fact that trusts have regulated the republicans, not the republicans the trusts.—W. J. Bryan
