"When Fifteen Banks Failed Under Cleveland it was Called a 'Panic' But When in 1907, Under a Republican Administration, Forty-Three Banks Stopped Payment They Called it a 'Holiday'"

Have the crowds that hung around the suspended Oregon Savings last year been forgotten? Is there forgetfulness of the anxious faces around the defunct Title Guarantees? Is there recollection still of the dismal tidings that went out over the state and the country in those days of collapsed banks and emptied finances? Do those depositors who stood at the fallen banks and looked at the closed blinds and barred doors remember the anxiety of those days and nights of almost sleepless vigils? Has the dread of impending calamity that was universally felt, and that hung over every community throughout the nation like a pall, been forgotten? Is it forgotten that every bank in the country from Maine to California and from the Straits of Florida was tied up and that all refused to pay to depositors the money that was those depositors' very own, placed in those banks for safe keeping and not for loss?

But, above all and beyond all, under and over all, has it been forgotten that all this terror, all this loss to depositors, all this stragulation of business, all these months of dismal days and sleepless nights for \$5,000,000 of people was caused by "reckless" banking and by the collapse of a few "reckless" banks in New York City? Yet, the bankers and the "interests," resisting the plan of requiring them to guarantee that depositors shall get their money whether banks fail or not, argue that it would cause "reckless banking?" Could such a guarantee produce banking more "reckless," or consequences so appalling?—Oregon Journal.

The difference between an airship and the price of meat is that the latter will never come down fast enough to hurt anybody.

Since Tim Woodruff has taken to wearing quiet vests the noise of the republican quarrel in New York state can be heard for some distance.

Messrs Taft and Foraker will have to repeat their handshaking stunt a few times before the republicans are convinced that there isn't some mistake about it.

Politics are certainly getting warm and the election still six weeks off. Charges are being made that involve the veracity of some of the biggest men in the country, and even the president is not excepted. If he had not used his peculiar faculty for butting in, he would not have had to try to prove the truth of some of his assertions.

From a democratic standpoint all reports are most gratifying. Every day confirms the belief that the people have decided to vote for a change of administration, that they have had enough of promises of the rectification of great evils, and have lost all hope of any reform coming from the party now in power. They have concluded to take the matter in their own hands, and elect people who will act and not promise.

The farmers of the Willamette Valley have so turned their attention to the raising of other things, that scarcity of wheat is now becoming quite a problem to our millers. It is a hard matter these days for a miller to secure enough wheat to supply the home consumption demand of flour. They are constantly receiving orders for flour from a distance, but are unable to fill them, as all the flour they can make with the wheat obtainable is wanted for home use. It is predicted that what this year will reach a dollar and a quarter a bushel, and a prominent miller informed us the other day that he does not expect to see anything, but dollar wheat for many years to come. Wheat raising has gone out of fashion in this section to a great extent, and will probably never again be revived to the extent of former years, as the land is being cut up in too small lots to allow of its being raised on anything like the scale of former years, and other things have taken up the spare room.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It is used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild but extraordinary effect of Kilmor's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits. It is sold by all druggists in fifty-cent and one-dollar sizes.

You may have a bottle of Swamp-Root free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmor & Co., Binghamton, N. Y.

Do not make any mistake, but remember the name, Swamp-Root, Dr. Kilmor's Swamp-Root, and the address Binghamton, N. Y. on every bottle.

Polk County should support Bryan and Kern Clubs and the work of organizing should be started at once

PEEDEE.

Bluford Bush and family have been to Altam on a visit.

Lester Bush is building a house for the bird he caught.

Mr. Mosier, from Kings Valley, has been in Peeslee hunting a ranch to rent.

Lacey is hunting picking hops and has charge of the drying at the Joe Brown yard.

Sam Osborne took quite sick at the Lacey boy's yard and had to be hauled home on a bed.

Ed Mills and family are on their way from Eastern Oregon here, but have not reached the valley yet.

The Peeslee roads are in better shape than ever before and we certainly will have our mail carrier the same route all this winter. Our road supervisor is to be congratulated.

HOUSE WORK

Thousands of American women in their homes are daily sacrificing their lives to duty. In order to keep the home neat and pretty, the children well dressed and tidy, women overdo. A female weakness or displacement is often brought on and they suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden. It is to these faithful women we

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

comes as a boon and a blessing, as it did to Mrs. F. Ellsworth, of Mayville, N. Y., and to Mrs. W. F. Boyd, of Beaver Falls, Pa., who say:

"I was not able to do my own work, owing to the female trouble from which I suffered. Lydia E. Pinkham's Vegetable Compound helped me wonderfully, and I am so well that I can do as big a day's work as I ever did. I wish every sick woman would try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.
