We will save you money on ladies and childrens' coats. Make us prove it.

Just received, new lot of suit cases, $1.75 to $9.

YOURS FOR BUSINESS

Campbell & Hollister

DALLAS, OREGON

Portland Business College

"THE SCHOOL OF QUALITY"

Tenth and Morrison, Portland, Oregon A. P. Armstrong, LL.B., Principal

We occupy two floors 65 by 100 feet, have a $20,000 equipment, employ a large faculty, give individual instruction, receive more calls for office help than we can meet. Our school admittedly leads all others in quality of instruction. It pays to attend such an institution.

Said a Business Man: "Keep hammering away everlastingly on thorough work. It will win out in the end." **Said an Educator:** "The quality of instruction given in your school makes it the standard of its kind in the Northwest."

Open all the year. Students admitted at any time. Catalogue free.

References: Any bank, any newspaper, any business man in Portland.

BUILDERS, ATTENTION!

In connection with our lumber and shingle trade, we are now handling lime, plaster, cement, brick and sand. Lowest possible prices on all building material

Installment Plan

5, 10, 15 Acre Tracts

I will offer for sale just as soon as I can survey and plat all of my farm just outside the city limits. This will be known as the Garden Home Tract. A fine body of rich, black bottom land.

H. G. CAMPBELL

Invigorates the Digestion.

To invigorate the digestion and stimulate the torpid liver and bowels there's nothing so good as that old family remedy, Brandreth's pills, which has been in use for over a century. They cleanse the blood and impart new vigor to the body. One or two every night for a week will usually be all that is required. For constipation or dyspepsia, one or two taken every night will in a short time afford great relief. Brandeth's Pills are the same fine laxative tonic pill your grandparents used and being purely vegetable are adapted to every system. Sold in every drug and medicine store either plain or sugar coated.

Mr. W. H. Robertson was over from Monmouth yesterday.

Mr. Claud Johns and a friend came up from Portland Saturday for a visit with relatives here.

D. M. Watson Files Reply.

Answering the suit brought against him in the Circuit Court by the Polk County Oil Company, D. M. Watson says that the company was insolvent when he contracted with it to bore for oil at $3 a foot. He asserts that he bored for 270 feet and then demanded payment, saying he would otherwise refuse to carry the work farther. He asserts the company informed him it had no funds. It was organized, he declares, for the sole purpose of using him to exploit and float its stock.—Oregonian.

The Dallas Baking Company turns out fresh bread four times a day. Patronize home industry and ask for Dallas bread.

Milo Woods has been circulating a petition this week for signature by those interested, to secure the money to put in a cement crosswalk in the middle of our main street block leading to the court house. It is a go.

A CORKING TIME

Dallas Gets Nightwatch---Fruit Growers Meeting--Election Figures Misleading.

TEDDY'S CORKING TIME.

"I've had a corking time," said Ted.
Perhaps he has, but then
Every time the durned old "cork"
Has popped right out again

He "bottled up" the old Beef Trust
Still every one knows how
The "busted" Trust is charging just
Three prices for its cow.

The Paper Trust was also "corked"
By our "Trust-Busting Ted;"
But it is stronger than before,
Because it's tariff-fed.

Then Theodore said coins no more,
Should say "In God We Trust;"
The words effaced are now replaced
Since Congress said they must.

And that huge fine of twenty-nine
Millions on Standard Oil,
Was just the stuff for "corking bluff—
And higher courts to spoil.

The delegates he battled for
"My policies" and Taft;
The ticket, though, is doomed, for lo!
There's Sherman on the aft.

He often riled; lee-lighted, smiled;
Called nature-fakes to time;
Great wealth decried: said others lied—
He's had a "corking" time.

COUNCIL MEETS.

W. W. Dawson Elected as Night Guardian of Town.

The city council met in regular session last Monday evening with Mayor Muir in the chair and all the officials present except Councilman Coad, who was badly missed, as it was a most unusual thing to find him absent from the council's session.

Councilman Stafrin reported that the street committee, Coad, Stafrin and Myers, had lately made a tour of the city, and found a number of walks needing repair, and some new ones. The machinery was set in motion for the improvement as suggested by him.

On the suggestion of Councilman Cosper the auditor and engineer were ordered to exactly estimate the cost to each individual property owner of the macadam work now finshed on eight blocks.

The auditor was instructed to do the notary work and get the different rights of way signed up for the laterals.

Claims allowed:

O. Hayter, salary	$ 20 00
A. J. Smith, labor	18 00
F. H. Morrison, salary	174 90
R. Hiesel, labor	25 28
Claud Hanor, labor	30 50
D. Glover, labor	6 75
John Lynn, labor	1 00
W. N. Brown, labor	8 00
Willamette Valley Co.	139 50
Guy Bros. supplies	18 25
S. V. Morrison, labor	12 00
Dallas Planing Mill	11 05
Total	$466 23

A petition signed by numerous business men was read asking that W. W. Dawson be appointed nightwatch and subscribing for the payment of $51.75 towards his monthly salary.

As provided by the charter and in order to have such official under the control of the city government and invested with powers to make arrests, etc., it is necessary that he be elected. An election was therefore called and as there was no other nomination Mr. Dawson received the unanimous vote for the position. On motion of Councilman Ellis the city obligated itself to pay him $8.25 monthly, that being the necessary amount to bring his recompense up to $60. Mr. Dawson was sworn in on Tuesday and our town once more has a night guardian, and one whom we think will be consciencious, fearless and painstaking in the performance of his duties.

The hearing was closed on the East Washington street improvement and a resolution passed providing for such.

An ordinance prohibiting the hitching of horses on our macadam streets was read first time.

The Court street curb ordinance was passed.

The ordinance committee asked for further time on the getting up of an ordinance providing for house numbering.

Fruit Grower's Meeting.

Mr. Orchardist, do you know that now is the time to select that choice fruit which is to make your section a name for the production of first class fruit "as good as Hood River?" Do not wait until Christmas and then complain because people are talking of your neighbor's fruit and not of yours. Make up your mind now to capture some of the cups and awards to be given by the Oregon State Society. Write Jas. H. Reid, of Milwaukie, Oregon, for a list of prizes, and then save your best fruit for competition in one or more classes.

This is the greatest meeting and exhibit ever held in Portland and you will never cease regretting it if you fail to be in evidence at that meeting and have your best fruit entered in the running. The society will keep your exhibit in cold storage free. If you wish it write to Mr. Reid as to details. We are not ready to announce the program yet, but we will have some of the best talent in the country and the whole event will be an epoch making occasion in the history of northwest horticulture. A score or more of splendid cups, medals, awards and ribbons will be assigned to the winners in the various classes and you ought to take home some of the credit of your section as well as for your own personal pleasure. It will do you a world of good to meet the big fruit men from British Columbia, Montana, Idaho, Washington, Oregon and outside points. One of the features of the meeting will be a question box. If you have a question that you desire answered by the convention send it in and designate who shall answer it if you wish a particular reason to consider it. Let us have the questions early so that all may have a chance to see what is coming. Delegates from all parts of this northwest region will obtain reduced rates on the railroads and "Horticultural Week" in Portland will be a red letter day for fruitgrowers of the Pacific Northwest.—December 1-5, 1908.—F. R. Lake, secretary, Corvallis, Oregon.

HOT AIR DOPE.

Oregonian's Figures Regarding Taft's Plurality in Polk.

Monday the Oregonian came out with several columns of hot air dope from many of its correspondents forecasting the majorities that Taft will receive over Bryan in the several counties. If the rest of them are like that sent in by their Dallas correspondent they had better get some new figures if the Oregonian wishes to be in anywise relied on as a reliable newsmonger. The Dallas correspondent says Polk will give Taft a majority of between 300 and 400. As there are some 700 more registered republicans than democrats, this is a virtual concession on his part that 400 republicans will vote for Bryan. Where the hot air comes in, is in his trying to mislead the public by allowing only that Polk county will give a majority for Bryan and not Taft.

NOTICE.

Kindly bring in your dish coupon tickets not later than December 1st as on that date we will discontinue givfng out tickets.

CAMPBELL & HOLLISTER.

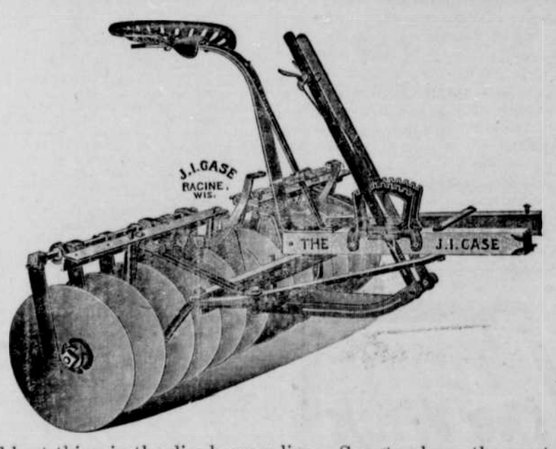
Little fellows high buttoned Russian Overcoats **$4.00 to $8.00**

Boys of all ages can get better satisfaction buying clothes here---than any other place.

Sold by The Bee Hive Store, Dallas

New J. I. Case Disc Harrow



The latest, newest and best thing in the disc harrow line. Sure to please the most critical.

The Slicer Scrapers are a new feature. Notice the illustration above. By a motion of his foot the operator causes the scrapers to move back and forth, slicing the dirt from the discs, thus keeping them perfectly clean.

The Frame is horseshoe in shape, and made of angle and flat steele; is very light and exceeding strong. The harrow is very light, but is so braced that it is very strong and durable.

The Bearings are a great feature in the case. Two chilled rings which take the wear are fitted in each. Bear in miud that these rings take the wear and that they are chilled. When, after long use, they become worn, they can be easily removed and replaced by new ones, which cost but little.

The Spools between discs are strong, and one end is larger, and cup-shaped to fit the curved side of the disc, thus making a large bearing and so supporting the disc that there is no danger of its working loose on the shaft.

The Bumpers are very large, and overcome completely the end or side thrust. They form complete support, the pressure on one gang being concentrated by the pressure on the other.

The Frame is Flexible, thus each section operates independently of the other. If one end of section raises over an obstruction, the other end remains at work, and the companion section not disturbed.

The Stop at rear end of pole is made of steel, and is so constructed that center discs can be adjusted to to work as desired. **Double Levers** only are used.
