 HUNTERS' & TRAPPERS' GUIDE
 The old Nat. Holman place in Cooper Hollow has been platted in 10-acre tracts. Mr. and Mrs. B. M. Guy royally entertained the members of the Entre Nous club at their hospitable home Friday evening.

Pe-ru-na as a November Remedy.

The month of November, in temperate regions especially, requires of the human body a very radical adjustment to climatic conditions. The hot weather has passed, and cold weather has taken its place. That the CIRCULATION OF BLOOD IN THE SKIN SHOULD BE FREE and active is a matter of common knowledge. And in order that the body may be protected against the lowering temperature a vigorous circulation of blood in the skin must be maintained.

It is not so generally known, however, that the inside of the body also needs protection. THE MUCOUS MEMBRANES OF THE BODY, that line every passage and cavity and duct, also suffer from the change from hot to cold weather.

A medicinal compound that gently tones up these mucous membranes, enabling them to ADJUST TO WINTER WEATHER, is not only valuable to a great multitude of people, but to another multitude is absolutely essential to health.

Whether Peruna is a medicinal compound that meets these requirements can be judged by a hasty glance at some of its principal ingredients. Take, for instance, Hydrastis canadensis, which is an ingredient of Peruna. The United States Dispensary says of this herbal remedy, that it is employed as a cure for DEPRAVED MUCOUS MEMBRANES, not only of the nose and head, but also of the stomach and intestines, as well as other internal organs. Hydrastis canadensis, ordinarily known as golden seal, is thus very clearly classed by the highest authorities as a valuable remedy wherever the mucous membranes of the body are in need of a little medicinal help.

Cedron is also one of the principal ingredients of Peruna. It is recognized by the United States Dispensary and all leading works on materia medica, as a TONIC OF THE GREATEST VALUE. It is also an anti-periodic and anti-malarial remedy, and is therefore frequently used as a SUBSTITUTE FOR QUININE. It is a remedy of great merit, somewhat overlooked by the medical profession of late, but its undoubted tonic qualities are sure to reconstitute this remedy in its original high-class rank as a safe and efficient tonic and appetizer.

Another ingredient of Peruna which is of manifest benefit is cubeba. Bartholow, in his excellent work on therapeutics, states that cubeba PROMOTES THE APPETITE, ASSISTS DIGESTION, and increases the circulation of the blood. He also goes on to recommend it for catarrh not only of the head and pharynx, but also of the stomach, as well as the other internal organs. LAST, BUT NOT LEAST, IS COLLINSONIA CANADENSIS. This remedy, for many years has enjoyed a great reputation in southern states as a panacea for many diseases such as dropsy, indigestion, cramp, sick headache, and the like. Dr. Sessler, a writer of great fame, also recommends this herbal remedy for chronic diseases of the lungs and heart.

These are some of the principal ingredients of Peruna compounded into a single remedy by skillful and experienced pharmacists. The compound has been so devised that each remedy retains its full therapeutic value, one assisting the other in their beneficial action upon the human system, MAKING OF PERUNA A VERY EFFICIENT AND VALUABLE REMEDY.

People who pass through the month of November safely and find themselves acclimated to winter weather, generally pass through the remainder of the cold season without any serious difficulty. But NOVEMBER IS A CRITICAL MONTH. The adjustment of a large multitude of people fails to meet the exigencies of approaching winter.

No safer or more appropriate remedy than Peruna could be found. Taken according to the directions on the bottle, not only would catarrhal ailments be warded off but catarrh already acquired be corrected. It is with the assurance of knowing that we are right that we present to the public Peruna as an IDEAL TONIC AND CATARRH REMEDY.

\$320.00 GIVEN AWAY IN PREMIUMS

On Thursday December 31, 1908, at 4 o'clock P. M.

The following list of Premiums to be Given Away

1. Buggy	\$5.00	11. Suit Case	\$ 5.00

D. M. NAYBERGER

FORMER PARTNER AND SUCCESSOR TO R. Jacobson & Co. McMinnville, Oregon.

ADJOURNS TO THURSDAY.

City Council Meets but Transacts no Business of Interest.

The city council met at their chambers Monday evening in regular session with all the officials present, except Councilman Shaw.

The city marshal was instructed to see that A. J. Barham's walk was completed at once.

A number of new sidewalks needed were reported by Councilman Cook and notification to property owners ordered published.

The auditor and treasurer submitted their reports, and they were referred to the financial committee.

Reports of auditor and engineer read and filed.

The question of advancing money on sewer contracts was referred to finance committee to be reported on at an adjourned meeting Thursday evening.

A resolution ordering certain new walks was passed.

An ordinance for improvement of certain parts of Stamp, Ash and Hayter streets was read first time.

An ordinance for the protection of macadam pavements failed to pass.

MAY ELECTRIFY.
 Capital City Paper has Railroad News of our Extension.

Sunday's Statesman says: Information from an apparently reliable source is to the effect that the Salem, Falls City & Western road will be electrified on completion and will operate as a trolley line. The bulk of the road's business is now in handling lumber but when completed there is every indication that passenger traffic will figure largely in its receipts.

By an official statement filed yesterday with the state railroad commission the railroad company states it will have lines operating from Salem to Dallas with connections at Derry with the west side division of the Southern Pacific and with connection at Salem for the east side division.

A report has been spread that the company contemplates a line from Dallas to Newberg but the statement as filed with the railroad commission controverts this statement and it is apparent the road will operate as originally planned from Dallas to Salem and later to the coast. The company has mills at Salem, Independence, Dallas and Newberg.

The statement that a line would operate from Dallas to Newberg to give a connecting link for the two mills is disputed on the grounds that the transportation desired may be secured by river logging at cheaper rate. The west side division of the Southern Pacific operates between Dallas and Newberg and it is generally believed a division of passenger traffic could mean no profits for a new concern.

The company quite extensively divulged its plans in a report to the state railroad commission yesterday. The report was part of an objection to the complaint laid by the lumbering interests in the Dallas section that the road was holding them up for transportation. The complaint asks for establishment of scales and a lowering of the rate.

The company contends that its present rate of 90 cents per thousand is as equitable as possible under conditions which make low priced hauling prohibitive. They object to the establishment of scales as they say it is but a question of a short time before they will have connections with Derry and Salem on the Southern Pacific and that establishment of scales would be an unwarranted expense.

The statement that the road will be electrified comes from a semi-official source and has not been verified. With immense power possibilities at Falls City such a course seems obvious however.

Jack O'Brien, the efficient foreman of the rock crusher this year, left yesterday for Kennewick, Washington, where he will stay until work again resumes here.

WINS ROCKING CHAIR.

First Lady to Accept Uncle Bill Brown's Marriage Offer.

At Uncle Bill Brown's birthday dinner last November, when he entertained the old folks of the vicinity in celebration of the happy event of his having arrived at another milestone in his journey through life, he offered to every single lady who assured matrimonial bonds ere the time for another dinner rolled around, a fine rocking chair. On the first of this week was the only time that so far he has been called upon to make good, and the occasion for doing so was the marriage of Mrs. Lillie T. Kelly and Mr. George E. Thompson, who on last Sunday were made one by Rev. D. M. Metzger. Uncle Bill says he is going to raise the offer at his next dinner on the 30th of this month, and include his old gentlemen friends in the agreement. He will offer to the ladies the same prize as last year, and to the gentlemen contracting matrimonial alliances will award a fine rocking chair. Our old folks are looking forward to Mr. Brown's annual celebration with much anticipation of a good time, and hope that for many years yet to come he will be able to give these pleasant reminders of time's passage.

At Last the Opportunity.
 By far the most brilliant event of the season will be the grand vocal concert to be given in Woodman Hall November 12th, by Mr. Otto F. L. Herse, the distinguished tenor soloist from the states. Everywhere he is being received most enthusiastically by large and attentive audiences. The concert will be pronounced by press and public of the highest order, most charming and satisfying. Its distinctive features are purity and cleanliness, such as only artists can produce. Mr. Herse sings with sentiment and expressive feeling and possesses the rare gift of presenting a song in all its subtlety, and in that way giving it the stamp of something personally experienced. Each song is a life episode lived in the present. Naturally a singer, Mr. Herse has spent many years in hard study, with constant and successful appearance as a soloist in the most brilliant concert combinations in the country. The remarkably large audiences wherever they appear are proof of the great success in fact we should encourage the enterprising manager who was successful in bringing such an artistic prize to this community as it is generally the rule for the great singers to confine their efforts to only the very large cities. Let us give Mr. Herse the largest audience ever assembled in one hall. Particularly let your children have an opportunity to become acquainted with the artistic in music.

Of Interest to Women.
 Every woman naturally should be healthy and strong, but a great many women, unfortunately, are not, owing to the unnatural condition of the lives we lead. Headache, backache and general first condition are prevalent among the women of today, and to relieve these conditions women rush to the druggists for a bottle of some preparation supposed to be particularly for them, and containing—nobody knows what. It they would just get a box of Brandreth's Pills, and take them regularly every night for a time, all their trouble would disappear, as these pills regulate the organs of the feminine system. The same dose always has the same effect, no matter how long they are used. Brandreth's Pills have been in use for over a century and are sold in every drug and medicine store, either plain or sugar-coated.

Mr. C. L. ... has moved to near Ballston, where he will operate the D. C. Saling hop yard hereafter.

Thought Women Could Vote.

County Clerk Smith has to give out lots of information in the ordinary course of business, and about election times he is compelled to disseminate more of his superabundant knowledge than at ordinary times. Of the many questions he has to answer, some are trivial and a goodly number show an extraordinary lack of even the commonest points of knowledge. An example of this is accorded by some one who asked him over the phone Tuesday morning if women would be allowed to vote at this election. When he answered the party with a negative, the reply was returned that as we were voting for or against a high school, this became a school election, and consequently women could vote. Wouldn't that scorch you?

Fred Wagner has returned home from two weeks spent at Carson Hot Springs, up on the Columbia, where he went for the rheumatism.

SPECIAL SHOWING CHILDRENS' CLOTHES

Little fellows styles Russian Sailor and Junior Models \$4.00 to \$7.50

Little fellows high buttoned Russian Overcoats \$4.00 to \$8.00

Boys of all ages can get better satisfaction buying clothes here---than any other place.

Sold by The Bee Hive Store, Dallas
