Patronize One Another for the Upbuilding of Town and County.

Secretary Luke Wright says Mr. Bryan is not a democrat. It is pretty safe to say that he isn't the kind that Wright is.

Postal savings banks would guarantee their deposits, but it would be perfectly ridiculous for other banks to do the same thing.

If Senator Foraker has done wrong it would seem proper to send him to prison "after the election" to keep the beef trust company.

It isn't likely that Mr. Archbold was in the business of recommending judges when Mr. Taft was first appointed to the federal bench.

The secretary of the interior has made a ruling of vast importance to miuing men. It is held that where a tract of land is once held to be mineral in character it cannot be taken under homestead, timber or desert entry, unless it was shown that the ruling secured was through fraud and misrepresentation. Hereafter the register and receiver will mark on their plats that such lands have been withdrawn from entry except for mineral purposes. This ruling, however, allows that it can be shown the ruling was through fraud or misrepresentation, the land can be otherwise entered.

Great as the advance in fire-proof construction has been during the last ten years there has been no let-up in the use of lumber, and both architects and builders find themselves so dependent upon wood today that they are compelled to admit that the forests of the country are likely to be the chief source of building material for many years to come. "The use of cement, terracotta, brick and stone, with a framework of steel, will make it possible soon to do away with wood entirely," is a remark often heard; and, indeed, when one stands on lower Broadway and looks up at the towering skyscrapers, the statement seems to contain much truth. As a matter of fact, however, the popular idea that fire-proof materials will do away with the need of using lumber in a comparatively few years is a very erroneous one. All the various fire-proof materials going into the approved construction of the more substantial buildings are used in greater quantities now than the world dreamed of a few years ago, yet the heavy demand for lumber continues.

Congress will meet in a few days. We look for some stirring times this winter. The democratic members will be quiet until a chance word, or maybe a taunt, awakens them. It is quite possible that something in the president's message may arouse them, for the president is impulsive; any strong emotion is enough to set him going, and it will be just like him to forget that under a quiet exterior the democrats will have a savage feeling this winter. They expected a victory up to the very last week of the campaign, and they have waited a good while. We do not expect much legislation of value this winter. It will require a good deal of work to pass the needed appropriation bills. The Panama canal will come in for a raking; the new battleships will be held up as failures on the strength of criticisms already published; the growing deficit will be magnified; gross extravagance will be charged, and new legislation will be fought. The 90 days before the 4th of March will be mostly frittered away, for there will be more bad temper displayed than has been seen for 12 years past. The congress that will convene on the 4th of March will have a summer's work before it, for with the unfinished business and the tariff to revise there will be work for months on hand.—Goodwin's Weekly.

Court martial is in session in Fort Wayne, Michigan, to try officers for misappropriating horse feed. Is it possible they prefer that to the canned stuff?

A Texas woman has named her recently arrived triplets William, Jennings, and Bryan. We suspect she is a good housekeeper and knows how to make a good thing go a long way.

Mr. Sherman will find that traveling 5,000 miles in a campaign is nothing compared to traveling through the rules of the esteemed and august upper house every time he wants to put through a motion to take a recess.

It is announced that Senator Tillman has been converted to beer as the solution of the whiskey problem in South Carolina. During the recent financial stringency and industrial depression the identical solution was forced upon a large number of thirst investigators.

A conference of the officers of the State Dairy Association at Salem has determined the details of that convention December 10th and 11th. The sessions will be held in Ye Liberty Theatre, while a commodious hall has been secured for exhibits. The board of trade of that city will receive exhibits and care for them so that they will be in excellent condition for display. Messers Wm. M. Ladd, Dr. E. N. Hutchinson and Dr. James Withycombe are among those on the program.

WM. FAULL SELLS.

Big Hardware Store Bought by Craven Bros., of Independence.

J. R. and J. M. Craven, of Independence, have this week purchased the well known and old established hardware business of Mr. Wm. Faull. The invoicing is now going on and Craven Bros. will take charge as soon as it is finished. Mr. Faull has one of the largest, if not the largest stock of goods in this line carried by any merchant on the West Side. He has been in business here since 1886, and is known as our Pioneer merchant. From a small beginning he has built up a mammoth establishment, and can now afford to sit back and take it easy for the rest of his days. His successors are gentlemen well known for their business ability and integrity, and there is no reason why they will not command the large trade so long enjoyed by Mr. Faull.

MONMOUTH.

T. A. Riggs' moving picture show is well attended.

A great many visitors in town to spend Thanksgiving.

A considerable number of normal students will spend the holidays at their respective homes.

Some pilfering sneaks around town had better be careful how they carry other peoples wood away with them, for there will be "somethin doin," and they will be apprehended.

A miscellaneous shower party was given Miss Edna Guthrie on the evening of the 24th, at the home of her parents, Mr. and Mrs. H. E. Guthrie, in honor of her approaching marriage to M. A. Rickard, of Corvallis. A pleasant time was enjoyed until a late hour, and many useful and ornamental presents were received. It was a total surprise to the young lady by her friends.

In the passing of Mrs. Ira D. Powell, Monmouth loses one of its most honored member, she being a lady of most estimable worth. She leaves three young sons, one being only 2 days old at the time of her death. The many friends of Mr. Powell extend to him their deepest sympathy in this saddest of bereavements. The funeral was conducted by the local pastor, W. A. Woods, at the Christian church, November 22nd, at 2:30 o'clock. The interment was made at the K. of P. cemetery south of town. The I. O. O. F. and Rebeckah lodges were largely in attendance, of which she was a useful member.

Garl McBee is out again after his operation for appenditicis, returning from Portland Monday.

Judge and Mrs. D. P. Stouffer left yesterday morning to spend the week with their daughter, Mrs. Lena Quick, at St. Helens.

MRS. POWELL DIES.

Well Known Monmouth Lady is Suddenly Called Away.

Mrs. Ira C. Powell died suddenly at her Monmouth home Friday. Mrs. Powell was formerly Miss Lena G. Butler, a daughter of A. D. Butler, of Napa, California, and granddaughter of Ira F. M. Butler, of this place. She was born on July 18, 1869, in Oregon and spent her childhood in Monmouth. Her father was at one time president of the school there and she was educated there, taking her degree from Christian College and later from the state normal.

She was married on December 12, 1894, and leaves her husband and three children. Her oldest son, Clares, is 12 years old and there is also a boy of 6 years, while the baby is an infant but two days old. The immediate cause of her death was an attack of pneumonia.

SCHOOL OFFICERS.

Will Meet in Dallas on Saturday, December 5th.

School Superintendent Seymour informs us that there is every prospect of a record breaking attendance at the convention of school board, which will meet at the court house in Dallas at 10 o'clock on Saturday, December 5th. Interest in the meeting is greater than ever before, and it promises to be a most enjoyable and educational session. The state superintendent will be present and greatly aid in making it so. The state allows $2 for the expenses of one member of each school board who attends. In a number of instances the entire school board has concluded to come on that amount and divide it up among them for the expenses of the day, such as lunch, et cetera. Many changes are contemplated in our school laws at the next session of the legislature, and now is the proper time to discuss them. The list of subjects up for discussion are: Compulsory Education Law, Union High School, Methods Apportioning School Funds, Increasing the State School Fund, The Unit of Administration, Supervision, The County Treasurer should be made Ex-Officio School District Treasurer, Publication of School Laws, Creation of a County High School Fund, District Board Meetings, Elementary Agriculture in the Schools, Meeting for Voting Special Taxes, Condition of School Building.—light, ventilation, heating, etc., Report of Superintendent to School Board after Visiting School, Compensation for every School Officer who attends Convention.

FOUR GIRLS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Read What They Say.

Miss Lillian Ross, 536 East 84th Street, New York, writes: "Lydia E. Pinkham's Vegetable Compound overcame irregularities, periodic suffering, and nervous headaches, after everything else had failed to help me, and I feel it a duty to let others know of it."

Katharine Craig, 2355 Lafayette St., Denver, Col., writes: "Thanks to Lydia E. Pinkham's Vegetable Compound I am well, after suffering for months from nervous prostration."

Miss Marie Stoltzman, of Laurel, Ia., writes: "I was in a run-down condition and suffered from suppression, indigestion, and poor circulation. Lydia E. Pinkham's Vegetable Compound made me well and strong."

Miss Ellen M. Olson, of 417 N. East St., Kewanee, Ill., says: "Lydia E. Pinkham's Vegetable Compound cured me of backache, side ache, and established my periods, after the best local doctors had failed to help me."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

TURNS THE TABLES.

A Held up Polkite Proceeds to Retaliate.

A. Stratton, a farmer of Lincoln, was held up by a lone footpad, relieved of $20 and turned one of the cleverest tricks ever recorded in this county when he returned to a neighbor's home, secured a shot gun, went back and at the point of the gun compelled the bandit to give back the money taken.

The holdup occured recently near John Walling's farm in Lincoln. Stratton was driving past the field when the footpad stepped from behind a hop house, held a revolver in front of Stratton and demanded money. The holdup man received $20, overlooking $10 which Stratton had concealed in an inner pocket. Lincoln was the scene of the robbery of the Abrams store a few weeks ago. The tale of this peculiarly daring piece of work was brought to the city by John Walling, of Lincoln, and he told it to A. V. McCarty. Mr. Walling did not give a description of the man and the matter has not been reported to the officers, but it possible he may have in some way been connected with the gang alleged to have been working in this vicinity recently.—Statesman.

An Innovation.

At its called meeting last Sunday afternoon La Creole club made two changes in her bylaws, which will, we think, work for the good of all concerned and for a greatly increased membership of the club. It was decided to change the number constituting a quorum from 15 to 10, which is certainly enough people to transact any of the club business. Ever since organization the club initiation fee has been $10, this being thought sufficiently low for all who desired to avail themselves of its privileges, but at Sunday's meeting it was decided to for the next 60 days, beginning December 1st and ending February 1st, cut this in half. One hundred application cards have been printed, and on application to F. J. Craven, secretary, you can secure one and get all your friends to join while they can.

Grand Jury Now Compulsory.

At the June election proposed by initiative petition the people passed a "constitutional amendment providing for the choosing of jurors and grand jurors, and that no person can be charged in the circuit courts with the commission of a crime or a misdemeanor except on indictment found by a grand jury, except when a court holds an indictment to be defective, the district attorney may file an amended indictment." Acting under that law now in force the clerk will at next session of the circuit court call the roll of the jurors under instructions from the judge. The first seven names called will constitute the grand jury, who will be sworn and sent to their deliberations, secretly and in charge of a bailiff. After their session they will make their report to the court. Street rumor has it that they will find plenty of work confronting them when they convene, but of course this is all a matter of conjecture. They may or may not have considerable to do.

First Basket Ball Game.

The first league basket ball game of the season will occur at the college gym next Saturday night, our team being pitted against the one from McMinnville college. The team, although not exactly the same as last year, expect to be able to keep our town in the lead for another season as far as that popular game is concerned, and to once more bring home the pennant to Dallas, as in the last two seasons. The line up Saturday night will be: Forwards, Rice and Fenton; center, Simonton; guards, Claud Shaw and Lew Ballantyne.

Polk Girl Weds.

Tuesday, November 24, 1908, at the home of the bride's father, Miss Atta L. Gilson was united in marriage to Mr. Herbert L. Johnson, of Condon, Oregon. At high noon the near relatives and friends had gathered in the parlor. Mrs. J. R. Comer played the wedding march, while the bride and groom entered and took their place in the midst of decorations of ferns and chrysanthemums. Rev. J R. Comer performed the ceremony which made them husband and wife. After the usual congratulations a sumptuous dinner service was enjoyed by all. Mr. and Mrs. Johnson left Salem at 2:45 p. m. for Portland and other places on a wedding tour. They will reside at Condon. The bride is one of the most popular of the young ladies of Polk county and a graduate of McMinnville college. The groom grows wheat in Eastern Oregon, and his appearance and bearing indicate sterling worth. Many beautiful and useful gifts were received.

PEEDEE.

Harry Batchelor is staying with Ernest Bush this winter.

Harry Lacey went to Kings Valley Thursday for mill feed.

Harry Batchelor made a business trip to Frank Bush's last week.

Lew Edward's dam broke and let his logs scatter down the creek.

Rex Womer and Eva went to Kings Valley Monday to do some shopping.

Rev. Burns preached at the school house Sunday morning and at the mill in the evening.

We are having some pretty rainy weather, now but we can't complain as we had such a good fall.

Ernest Bush and Harry Batchelor have finished Guss Pagencoff's fir wood and are cutting stove wood for him now.

Bluford Bush has gone to Albany for his wife and children, who have been visiting her parents, Mr. and Mrs. Bert Simpson.

At the adjourned session city council last Monday evening the committee appointed to look into the water works matter reported adversely regarding the installation of meters. It was show that Dallas is now paying a higher rate than Portland. An ordinance to license street peddlers of groceries was ordered drafted.

How To Gain Flesh

Persons have been known to gain a *pound a day* by taking an ounce of *Scott's Emulsion*. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

Now is the time to visit California

When summer has passed in these northern states, the sun is only mild under the bright blue skies of Southern California. This is one of nature's happy provisions—eternal summer for those who cannot endure a more severe climate.

California has been called the "Mecca of the winter tourist." Its hotels and stopping places are as varied as those of all well regulated cities. Visitors can always find suitable accommodations congenial companions, and varied, pleasing recreations.

SOUTHERN PACIFIC CO.

Will be glad to supply some very attractive literature describing in detail the many delights of winter in California. Very low round trip excursion tickets are on sale to California. The rate from DALLAS to Los Angeles and return is

$58.00

Limit six months, allowing stop-overs in either direction. Similar excursions rates are in effect to all California points.
