SKIN DISEASES HUMORS IN THE BLOOD

When the blood is pure, fresh and healthy, the skin will be soft, smooth and free from blemishes, but when some acid humor takes root in the circulation its presence is manifested by a skin eruption or disease. These humors get into the blood, generally because of an inactive or sluggish condition of the members of the body whose duty it is to collect and carry off the waste and refuse matter of the system. This unhealthy matter is left to sour and ferment and soon the circulation becomes charged with the acid poison. The blood begins to throw off the humors and acids through the pores and glands of the skin, producing Eczema, Acne, Tetter, Psoriasis, Salt Rheum and skin eruptions of various kinds. Eczema appears, usually with a slight redness of the skin followed by pustules from which there flows a sticky fluid that dries and forms a crust, and the itching is intense. It is generally on the back, breast, face, arms and legs, though other parts of the body may be affected. In Tetter the skin dries, cracks and bleeds; the acid in the blood dries up the natural oils of the skin, which are intended to keep it soft and pliant, causing a dry, feverish condition and giving it a hard, leathery appearance. Acne makes its appearance on the face in the form of pimples and black heads, while Psoriasis comes in scaly patches on different parts of the body. One of the worst forms of skin trouble is Salt Rheum; its favorite point of attack is the scalp, sometimes causing baldness. Poison Oak and Ivy are also disagreeable types of skin disease. The humor producing the trouble lies dormant in the blood through the winter to break out and torment the sufferer with the return of Spring. The best treatment for all skin diseases is S. S. S. It neutralizes the acids and removes the humors so that the skin instead of being irritated and diseased, is nourished by a supply of fresh, healthy blood. External applications of salves, washes, lotions, etc., while they soothe the itching caused by the skin affections, can never cure the trouble.

Suffered with Eczema for forty years and could find nothing to cure me until I tried S. S. S. I suffered intensely with the itching and burning, and the scales would flake off from my face and neck. I tried many other remedies, but when I used S. S. S. I found a perfect cure. There has never been any return of the trouble.

WORTH KNOWING ABOUT.

If you need a first class laxative there is nothing better or safer than that old family remedy, Brandreth's Pills. Each pill contains one grain of solid extract of sassafras, which with other valuable vegetable products, make it a blood purifier of excellent character. If you are troubled with constipation one pill at night will afford great relief. It cures all your grandpa's ailments. They have been in use for over a century and are sold in every drug and medicine store, either plain or sugar-coated.

CURE BY CUTICURA AT CITY MISSION

Young Woman Found in Awful Condition with Scabies—Body a Mass of Sores from Scratching—Tried Many Remedies for Seven Weeks—Result Was Discouraging, But

ITCHING TORTURES YIELDED TO CUTICURA

"While I was doing missionary work in the lower portion of several cities I found it necessary to know a little of the efficacy of a few medicines and after a while I bought a little box of Cuticura was about all I needed. One of the very bad cases I had to deal with was that of a young woman who had come to us not only broken in spirit but in a most awful condition. Her doctor examined her and told us that she had scabies (the itch), rheumatism, rheumatism, etc., brought on from exposure and the effects of her ragged-edged life. Her poor body was a mass of sores from scratching and she was not able to rest a moment. We tried many things, a good tonic was prescribed and baths with a rubbing of lard and sulphur. We were hard for seven weeks and you can imagine how discouraged we were when, after all that time, we could see so little improvement. One day I happened to see a Cuticura advertisement in a paper and I bought a box of Cuticura Soap and a bottle of Cuticura Resolvent. When I reached home I was like a child with a new toy, and we bathed our patient well and gave her a full dose of the Resolvent. She slept that night better than she had since she had been with us and the next day I located the price of a box of Cuticura Ointment. I am not exaggerating when I say that in exactly five weeks this young woman was able to look for a position, being strong enough to work and full of ambition. In another month she left the home, and now has a good position in a nice family where she is respected and is strong and well. You may refer any one you wish to me, personally. Laura Jane Bates, 25 Fifth Ave., New York, N. Y., Mar. 11, 1907.

Complete External and Internal Treatment for Eruptions of Infants, Children, and Adults, consisting of Cuticura Soap, Ointment, and Resolvent. Price 25c per box. Cuticura Soap, 25c per box. Cuticura Resolvent, 25c per box. Cuticura Ointment, 25c per box. Cuticura Soap, 25c per box. Cuticura Resolvent, 25c per box. Cuticura Ointment, 25c per box.
