Says She Was Cheated.

R. W. Bollman, a clerk, formerly employed in this city, was arrested Thursday in Dallas, by Deputy Constable Wertheimer and brought back to this city last night, where he was lodged in the city jail, charged with defrauding an innkeeper. The complaint against him is Mrs. M. E. Scott, a boarding-house keeper in St. Johns, who alleges that after accumulating a bill of \$40 Bollman arose during the night and surreptitiously removed all his belongings.—Oregonian.

For a short time the Dallas Mercantile Co. will sell ladies' coats—fine garments—1/2 off. Don't wait if you want a coat this winter.

U. S. DISPENSATORY

Describes the Principal Ingredients Contained in Peru-na. Are we claiming too much for Peru-na when we claim it to be an effective remedy for chronic catarrh? Have we abundant proof that Peru-na is in reality such a catarrh remedy? Let us see what the United States Dispensatory says of the principal ingredients of Peru-na.

Take, for instance, the ingredient hydrastis canadensis, or golden seal. The United States Dispensatory says of this herbal remedy, that it is largely employed in the treatment of depraved mucous membranes, chronic rhinitis (nasal catarrh), atonic dyspepsia (catarrh of the stomach), chronic intestinal catarrh, catarrhal jaundice (catarrh of the liver), and in diseased mucous membranes of the pelvic organs. It is also recommended for the treatment of various forms of diseases peculiar to women.

Another ingredient of Peru-na, corydalis formosa, is classed in the United States Dispensatory as a tonic. So also is cubeba classed as a stomachic and as a tonic for the mucous membranes. Cedron seeds is another ingredient of Peru-na, an excellent drug that has been very largely overlooked by the medical profession for the past fifty years. The seeds are to be found in very few drug stores. The United States Dispensatory says of the action of cedron that it is used as a bitter tonic and in the treatment of dysentery, and in intermittent diseases as a substitute for quinine.

Oil of copaiba, another ingredient of Peru-na, is classed by the United States Dispensatory as a mild stimulant and diuretic. It acts on the stomach and intestinal tract. It acts as a stimulant on the genito-urinary membranes. Useful in chronic cystitis, chronic dysentery and diarrhoea, and some chronic diseases of the liver and kidneys.

Send to us for a free book of testimonials of what the people think of Peru-na as a catarrh remedy. The best evidence is the testimony of those who have tried it.

BARGAIN DAY.

On December 18th you can get the Itemizer for \$1.

After considerable deliberation the Itemizer has at last concluded to give one more Bargain Day, cutting down the price of the largest and best paper in Polk County to a price that just covers the cost of the bare paper itself. The price of \$2 a year would be none too much to pay for the local paper that we are now putting out. But that is our business. On December 18th, you can get the Itemizer for \$1 for the next year. This applies to that day and that day only. On all other days in the year the price will continue to be \$1.50. If you want to take advantage of the chance to make 50 cents, then is your time to do so. We are making this offer for the benefit of our subscribers, not ourselves.

The Itemizer has by long odds the largest subscription list of any paper published in Polk county, but its ambition is to enter every home. This is our main reason for making this second bargain day. We want all the new subscribers possible to do this, and are going to make the boys and girls an offer to work for us to that end. To the boy or girl sending in the largest list of cash subscribers on Bargain day we will give a cash prize of \$5, and for every new subscriber sent in we will give the boy or girl sending such, 25 cents each. Here is a good chance for the young people to pick up some spending money. Remember only new subscribers count on this offer.

Every day before the eyes of hundreds—Dr. Lowe's glasses. Eye workers know their value. Eye strain causes 80 per cent of all headaches. Dr. Lowe's glasses relieve it. Consult him at Hotel Gail December 14th and 15th.

By calling on C. H. Morris, the leading jeweler, you will see the largest assortment of 10, 14 and 18 karat plain and wedding rings ever shown in Polk county. This is no idle boast. For Christmas bargains, call on C. H. Morris, the leading jeweler, who has been giving you the best goods for the money for the last 15 years. This year prices will be lower than ever before.

C. H. Morris, the leading jeweler, is closing out, at a great reduction, his large stock of diamond rings, gold headed canes, gold and silver sterling handled umbrellas. Call early and get your choice. Next Monday and Tuesday, December 14th and 15th, two days only, Dr. Lowe, the well known oculist, will be in Dallas. He does not go from house to house. Consult him about your eyes and glasses at Hotel Gail. 19 years experience.

OUR DEVELOPMENT.

Dallas Decides to Take a Hand in the Game.

For sometime, at the instigation of Mr. R. E. Williams and others, negotiations have been under way with the Southern Pacific company for the sending of a representative here for the purpose of presenting an advertising proposition in connection with their Sunset magazine and the getting of some booklets descriptive of our resources to be used by our basket ball team while on their trip west and east. A couple of dates were previously made, but each time the representative failed to arrive. Last Monday night he showed up in the person of Mr. Wells, and Tuesday morning an impromptu meeting of business men was called at the court house to hear and consider his propositions. Hon. U. S. Loughary was chosen to preside over the meeting, and Mr. Wells made his talk. His first proposition, briefly stated, which involved an outlay in cash, covering a period of one year, of \$2,240, consisted of 20,000 copies of a 60 page booklet, front page in three colors, map of Oregon with Dallas the hub, a large number of half tones, etc., 20,000 copies of conductors' booklet of 30 pages, a folder in unlimited quantity for use in envelopes, a page in Sunset and in the Oregonian, one year in the former and one time in the latter; the service of all the Harriman agencies in the United States and Europe for distribution purposes, and a number of other minor details. The second proposition was a book of 30 pages, 4x6, with the other features about the same, only the Oregon ad, eliminated and a half instead of a full page in Sunset. The matter was fully discussed by those present, and on motion Messrs Loughary, Fiske and Fenton, were made a committee to interview the rest of the business men and get a consensus of opinion in regard to accepting of the second proposition. That was considered the most advisable at this time, as Mr. Wells said the booklets could be gotten out and ready for distribution in two weeks, thus utilizing the basket ball team for circulation of the literature, as was originally desired and proposed. A meeting was called for the same night to hear the report of the committee.

Monday evening the court room was well filled to see what was to be done in the matter and much interest manifested. It was found that the feeling was strongly in favor of accepting the proposition, and that Dallas had been resting long enough; that now was the proper time to at once and forever put our town on the map and beyond any possible danger of erasure. It was decided to at once organize a league for the sole purpose of boosting things along, and this was done by the election of the following officials and the naming of the organization the Dallas Development League: President, U. S. Loughary; secretary, H. G. Campbell; treasurer, W. G. Vassall; executive committee, Ralph Adams, V. P. Fiske, Conrad Staffin; finance committee, R. E. Williams, U. S. Grant, H. C. Eakin. They then adjourned to meet at the call of the president, when the finance committee will be ready to report. The booklets will be ready by December 22nd, the executive committee and a man from Portland being now preparing the material. When they arrive \$250 is due, and then \$60 a month thereafter.

Deafness Cannot be Cured.

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness, caused by catarrh, that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. Cheney & Co., Toledo, O. Sold by druggists, 75 cents. Take Hall's family pills for constipation.

W. J. Wagner has taken charge of the blacksmith shop at the Wagner agricultural store, and would like to see all his old customers.

I have moved the Tom Reil shop to the building one door west of the Morris jewelry store, where I would like to see all the old patrons of the shop and many new ones. Satisfaction guaranteed in every particular.—F. R. Vose, Jr.

C. D. Chorpensing was injured last evening by being thrown to the pavement from a buggy, his horse having run away while he was out riding. He was considerably bruised, and was unable to work today but the injuries are not serious.—Eugene Guard.

Mr. F. E. Vose, of Portland, has arrived with his family to take up his residence in Dallas. They are occupying the house recently vacated by Tom Reil. Mr. Vose has leased the Reil barber shop and its location is now changed from Main to Court street. He comes well recommended as a first class barber and will no doubt get his share of the patronage.

SHORT SESSION.

City Council Ends its Regular Session at Early Hour.

Last Monday evening found all our city officials present to attend to their duties as representatives of people of Dallas, with the exception of the city attorney. So expediently was the business handled that they were able to adjourn by 9:30, nearly an unheard of early hour lately. The committee on fire and water, to whom was referred the matter of buying additional land for the building of another reservoir, reported that on acre on the north could be secured for \$100. No action was taken, but on motion of Ellis the same committee were requested to report further at a future meeting. Cosper gave notice that he was not ready to report regarding the tax levy, but that he would call a meeting of the finance committee at some date soon to thoroughly go into the question.

A remonstrance was read and filed in the matter of the widening and naming of the Cooper Hollow road.

The sewer contractors asked for \$60 extra extension of time on their contract and the same was granted.

A new sidewalk ordinance was passed. On motion of Uglow an ordinance was ordered drafted providing for the building of cement curbs, exclusively, hereafter. Mr. Uglow also secured the same procedure in the matter of construction of sidewalks.

Claims allowed:
F. J. Morrison, hauling, \$ 42 15
John Frey, labor, 5 15
John Olin, curbs, 14 00
C. F. Brobst, salary, 1 75
T. A. Odum, salary, 49 00
W. W. Dawson, salary, 7 50
Simonton & Scott, soap, 75

Wm Faulk, supplies, 11 00
Williamette Valley Co., 138 50
M. D. Coulter, hauling, 2 75
L. D. Brown, salary, 36 70

Total \$297 75

Will Holman appeared before the council and stated that he would soon be able to give figures for house numbers and street signs, and the matter was referred to the ordinance committee, who already had the matter in hand with another party.

The marshal was instructed to see that the leaks in the city hall were repaired.
