BAD BLOOD

THE SOURCE OF ALL DISEASE

Every part of the body is dependent on the blood for nourishment and strength. When this life stream is flowing through the system in a state of purity and richness we are assured of perfect and uninterrupted health; because pure blood is nature's safe-guard against disease. When, however, the body is fed on weak, impure or polluted blood, the system is deprived of its strength, disease germs collect, and the trouble is manifested in various ways. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders that will continue to grow worse as long as the poison remains. These impurities and poisons find their way into the blood in various ways. Often a sluggish, inactive condition of the system, and torpid state of the avenues of bodily waste, leaves the refuse and waste matters to sour and form uric and other acids, which are taken up by the blood and distributed throughout the circulation. Coming in contact with contagious diseases is another cause for the poisoning of the blood; we also breathe the germs and microbes of Malaria into our lungs, and when these get into the blood in sufficient quantity it becomes a carrier of disease instead of health. Some are so unfortunate as to inherit bad blood, perhaps the dregs of some old constitutional disease of ancestors is handed down to them and they are constantly annoyed and troubled with it. Bad blood is the source of all disease, and until this vital fluid is cleansed and purified the body is sure to suffer in some way. For blood troubles of any character S. S. S. is the best remedy ever discovered. It goes down into the circulation and removes any and all poisons, supplies the healthful properties it needs, and completely and permanently cures blood diseases of every kind. The action of S. S. S. is so thorough that hereditary taints are removed and weak, diseased blood made strong and healthy so that disease cannot remain. It cures Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, etc., and does not leave the system in a weakened state. The whole volume of blood is renewed and cleansed after a course of S. S. S. It is also nature's greatest tonic, made entirely of roots, herbs and barks, and is absolutely harmless to any part of the system. S. S. S. is for sale at all first class drug stores. Book on the blood and any medical advice free to all who write.

BABY BOY HAD ITCHING HUMOR
Which Broke Out in Different Places—Nothing Would Help Him—Mother Almost in Despair—Skin Quickly Healed Without Scar and Trouble Has Never Returned
SINCE USING CUTICURA MOTHER GIVES IT PRAISE
"Several months ago, my little boy, now two and a half years old, began to break out with itching sores. I began to doctor him, and as soon as I got them healed up in one place they would break out in another. I was almost in despair. I could not get anything that would help him. One evening I read a testimonial from a lady who had cured her little boy with Cuticura. I began to use the Cuticura Soap and Cuticura Ointment, and after using them three times, the sores commenced to heal. He is now perfectly cured and has never returned. I give Cuticura Remedies as the best I have ever tried, and they are surely great. I still always have them in the house handy, and shall highly recommend them to any one who is suffering likewise. I can give you too much praise. Mrs. William Gooding, 102 Washington St., Attica, Ind., July 22, 1907."

ITCHING TORMENTS
From little patches of eczema, tetter, milk crust, psoriasis, etc., on the skin, scalp, or hands of infants, children, or adults, Cuticura Ointment, and after using them three times, the sores commenced to heal. He is now perfectly cured and has never returned. I give Cuticura Remedies as the best I have ever tried, and they are surely great. I still always have them in the house handy, and shall highly recommend them to any one who is suffering likewise. I can give you too much praise. Mrs. William Gooding, 102 Washington St., Attica, Ind., July 22, 1907."
