## OUR NEW POSTOFFICE

Best Equipped One in West Side Counties.

Postmaster C. G. Coad informs us this morning that if nothing happens, he will be able to move into his new quarters by next Monday probably Saturday night. Under his supervision we looked over the room, and after inspection cannot blame him and his efficient force for the pride which is felt in soon being able to work in such convenient and commodious a building. There will be 500 boxes altogether, all on the left hand as you enter, and 100 of them being of the latest combination lock pattern. They are of metal, and all you have to do is to know your combination, the carrying of a key being altogether done away with. The front of the brick has two large windows and double doors and on entering you find yourself in a large lobby 28 feet wide and about half of it 30 feet long, excepting the space taken up by the distributing department. Back of this is a large room for the sorting of mail and the clerical work. The rural route carriers will receive and take out their mail from the side door on the alley, and will not interfere in any way with patrons of the lobby. They will also be especially well fixed for sorting their mail and have abundant room. The office will be heated by steam, have plenty of electric lights, city water, toilet and other conveniences. There are two delivery windows, the two in front will now be used for mail distribution and money order business, but in the future, when the town grows a little more and additional help is secured Postmaster Coad will use the one at the end of the lobby for money order and postal business and have stamp and delivery windows at the front. The interior finish and decorations are superb, and is the work of those skilled artists Holman & Duncan. They have surely done a nice job and made our postoffice a credit to a town of three times its size. Well may Mr. R. E. Williams, the owner of the brick, be proud of his accomplishment, and the business houses he has built up on Court street.

## A BIG SUCCESS.

The second annual exhibition of the Polk county poultry association which is now being held at the college gymnasium is proving a grand success in every way. Some of the most prominent breeders in the state are here, and have fowls on exhibition. Owing to the extremely cold weather for Polk county, the attendance so far has not been as large as desired, but tomorrow is expected to bring everyone out in full force to see this choice exhibit of the noble rooster and his mate. There will be no admittance fee charged to anyone. Everything will be free and every one is invited, especially the school children. We were unable at the time of going to press to get a list of the winners, but will do so in our next issue. The following prominent breeders have exhibition fowls as follows:  
J. M. Garrison, of Forest Grove—Barrad Rocks, Silver Laced Wyandottes.  
N. L. Wiley—Barrel Rocks.  
Mr. Ringhouse, of Portland—White Wyandottes, fine display.  
J. E. Beesley—Buff Orpington.  
R. L. Ferguson—Rhode Island Reds.  
Mrs. S. D. Steffy—Hamburg.  
J. L. Hoskins and C. I. Ballard—Black Minorcas.  
Mr. Grant and Remple Bros.—White Minorcas.  
Holbrook Bros.—Indian Runner ducks and Buff Leghorns.

## COME AND SEE.

Have they really got letters from over one million, one hundred thousand women correspondents?  
Have they proof that Lydia E. Pinkham's Vegetable Compound has cured thousands of these women?  
Come and see.  
This advertisement is only for doubters. The great army of women who know from their own personal experience that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for female ills will still go on using and being benefited by it; but for the poor doubting, suffering woman must, for her own sake, be taught confidence, for she also might just as well regain her health.

North Main Street DALLAS

A 10-ROUND GO. Boxing Match at Woodman Hall Tuesday Night.

At the Woodman camp meeting Tuesday evening several applications were received and several voted upon. W. G. Vassall offered several door prizes which were won by Robt. Reed, W. L. Soehren, C. Smith and V. P. Fiske. This last is quite a taking feat and will be offered again next Tuesday night. There will also be a hot lunch and a smoker after lodge, there being initiation in hand for that night. The main drawing card of the evening, however, will be a 10-round go for points between two of our most noted boxing celebrities, who will enter the ring as welter weights. Both parties will remain unknown until entering the ring. The main bout will be followed by others of lesser fame in the pugilistic arena.

The place to see your second hand goods is at Bartlett & Co's. They pay the highest price. Phone Mutual 1216. Do you know where to get the most out of your second hand goods? If not, ask Bartlett & Co. or phone Mutual 1216. Wanted, at once \$1000 worth of second hand goods. We must have this amount in 30 days.—Bartlett & Co. Phone, Mutual 1216. C. H. Kraber, of Klamath Falls, who has been visiting his brother, W. H. Kraber, for the past few weeks, left this week for Denver. Mrs. F. S. Crowley, of Falls City, wife of the superintendent of schools there, was brought to this city yesterday and placed in the Salem hospital, where she will undergo an operation. Her husband accompanied her. According to reports Mrs. Crowley is very ill.—Salem Statesman. The Merchants Protective association held an interesting meeting Monday evening. Four more firms were admitted, making a total of 48, or practically every business firm of prominence in the city. Resolutions were ordered drafted, pledging united support to all industries now here and those to come.

## TWO GAMES. Oregonians Opponents get one Field Basket.

With the blowing of Referee Teat's whistle at Vancouver Wash., on December 14th the work of the Oregon basketball team began. Only a few minutes of play was needed to show the almost certain outcome of the contest, and the difficulties the Vancouver team had to score a field basket and the ease with which the Oregonians rolled them in soon placed the result beyond all doubt. During the first half which by agreement had been out to 15 minutes, Reed succeeded in tossing one field basket, Shaw at center tossing 4, the first half ending 10 to 3. In the second half things began to move slightly, especially in the neighborhood of the Oregon goal. Fenton loosened up with a few well selected shots, adding a good portion to his team's already good work. It was the Oregonians who were the enemy's field baskets being his share. Morton finding things altogether too quiet in his section invaded the enemy's territory and tossed a couple. About five minutes before the close of the half Reed succeeded in getting the first field goal. During the second half Vancouver secured her only field baskets as against the 21 of Oregon. The game was clean, good natured and a good starter for the tour. As the visitors were leaving the arena at the corner player said "This will be good for us."

Oregonians 24, Winlock 4, a rough house. The game from start to finish was due to principally no out-of-bounds and a team larger and rougher than the Oregonians. Such a game is not the one that has never been seen on a Dallas floor. The crowd lined along the walls and a ball through the arena a scramble, for it belonged to the man who got it. Notwithstanding the handicaps to a good degree, the Oregonians showed up in splendid form. Their clean cut team play and good throws from both field and foot line put Winlock on the back. Every man on the Oregon team put up a high class game, honors in field goals being pretty evenly divided. Reed tossing 3, Fenton 3, Shaw 4, Savery 2, Morton 1, while Winlock failed to get any. After the game there was some talk of matching Dick Morton with Dr. Roller, the wrestler of Seattle, as the former especially distinguished himself by keeping a big forward most awfully tight. The boys came through the game in good shape ready for the next in line. Everybody O. K. C. L. SHAW.

A telegram to the Itemizer at 11:30 last night said our basket ball boys were victorious over the Seattle five by a score of 34 to 16, and that all were feeling fine and having a good time.

Mr. and Mrs. S. Tetherow and Mrs. W. E. Gilber have been dining from Falls City visiting Frank Holman, Bartlett & Co. buy any and all kinds of second hand goods. If you have anything to sell, no matter how much, how little or whether it is 10 cents or \$1000 worth, you will be pleased to call and give your prices. Call at Barham & Ulrey's real estate or phone 1216. After January 1st we will be permanently located in the building now occupied by the postoffice.

## PERRYDALE.

James Younkum was transacting business in Portland the last of the week. Miss Kate Jennings was a passenger on the evening train for Dallas Friday. Mrs. Mary Walker and husband are visiting her parents, Mr. and Mrs. Kirtz. Mr. George Mversand wife, of Dallas, attended the C. W. B. M. exercises here Sunday evening.  
R. L. Coad et ux daughters, Elsie and Olga, were passengers on the morning train Monday for Portland.

The school here is preparing for a Christmas tree and program at the school house on the evening of the 24th. A party was given at the home of George Werner Saturday evening, and a pleasant evening spent, but owing, but to the inclement weather only a small crowd were present.  
Scott Dunlap, the book-keeper for the condenser at Anadarko, was in Dallas the latter part of the week, and informs us that the condenser will resume operation the first of the year, but will not handle as much milk as formerly.  
Frank Lynn, who went east about a month ago for the purpose of purchasing a dairy herd, returned Monday evening with a small herd of thoroughbred Jerseys, twenty-one in all. He has a year old heifer imported direct from Jersey land, with her price very high. He is a lover of fine stock.  
Rev. Elijah Stivers, who has been preaching for the Christian churches at Perrydale and Anadarko for several years, has resigned his work here and will take up the work at Forest Grove the first of the year. Rev. Stivers is a young man of great energy and ability, and is both capable and desirous of entering a larger field. The church here sincerely trusts to give him up, but he leaves with the good will and best wishes of the people of this community for a successful future.

## VALENTINE SEARS DEAD.

The subject of this sketch was born near Council Bluffs, Iowa, on December 9, 1825. In early life he was married to Miss Mary Ann Boston, and soon after his marriage moved and settled in Jefferson county, Iowa. After a few years residence there he decided to emigrate to the far west. With his faithful wife and two young sons, he crossed the plains to Oregon in 1853, taking up his abode on Salt Creek, in Polk county, where he resided until the late 70's, when his wife's health having failed he moved to Tillamook county, where his faithful helpmate died in 1881. After a few years he returned to Polk county, where with the exception of a few extended visits, he continued to reside until his death, which occurred December 14, 1908, at Ballston. His remains were laid to rest in the cemetery there the following day.  
Mr. Sears, or Uncle Felt, as he was familiarly called, is survived by two sons, Johnathan G., of Hillsboro, and Chas. W., of Beaver, six grandchildren and six great grandchildren, all of whom are residents of this state. He was a man respected and revered by the community in which he lived, and will leave many warm friends to mourn his death wherever he was known.  
Still that cement walk to the court house remains unbuild.  
We think a mud scraping brigade could do efficient work on our macadam streets right now.  
Members of LaCreole club are notified of a meeting at their parlors on Sunday, December 27th at 8 p. m.  
Mr. C. F. Bartlett will open a second hand store in the postoffice building as soon as they move into their new brick. Mr. Bartlett will also handle auctions, deer work of all kinds, and conduct street auctions, a convenience long needed in this section.

Will be glad to supply some very attractive literature describing in detail the many sights and pleasures of winter in California. Very low round trip excursion tickets are on sale to California. The rate from DALLAS to Los Angeles and return is \$58.00. Limit six months, allowing stop-overs in California points. Similar excursions rates are in effect to all California points.

### New Business Firm.

P. A. Finseth has purchased Mrs. Virginia Smith's share in the millinery business of Smith & Shelton. The entire stock will be moved about the first of the year from the room in the Riley building to the place now occupied by the Racket store, where the new owners will open up with a fine up-to-date line of ladies' suits and coats. It is the design of the new management to make the Dallas Suit and Cloak House the most popular of the stores among the ladies of this city.

Father McDevitt was up from Portland yesterday evening. The hospital matter will be dropped for the present. Frank C. Lowry, of Rossville, Cal., and Emma F. ### WISER TALKS BY THE OFFICE BOY

LAUGHARY'S GROCERY.

Any peddlers at your house of late, been some in town. When people can't sell their stuff any other way they send out a peddler or solicitor. As your good friend I want to tell you: Don't buy of peddlers; they don't pay Dallas any. You pay them more for the same quality of goods than you help your local merchants. Peddlers only sell you stuff they make the most profit on, and not whatever you want, at a reasonable profit. Everybody kicks if the local merchant don't carry whatever they want and the price must be O. K. Don't buy apples etc. of Dallas that are not marketable, we will sell you good ones as cheap as cheaper. Don't pay peddlers \$2 for a sack of onions. We have for the past month sold 100 pounds of onions for \$1.50. We will sell you the Boyd tea and coffee house 40 cent coffee for 30 cents.

### NORTH DALLAS.

North Dallas school now has a nice organ which will be appreciated by all the district.  
Herbert Lee and Will Brown spent last Sunday at the Sheridan saw mill on Mill creek.  
Several of the men of this vicinity are out of work on account of the Dallas Lumber company's mill shutting down.  
Mrs. Teal, from Mill Creek, spent Monday night with her cousin, Mrs. W. H. Brown. She came over to have her little girl's eyes fitted to glasses.  
Regardless of the bad rainy evening, the school social last Friday evening was a success. On account of other socials in town, the crowd was not so large as expected, but the program was good and the boxes sold well and a neat sum was realized to pay out on our new organ.

### WIRES FROM THE GAMES.

The Itemizer Will Give the Score of Each Basket Ball Game.

The Itemizer has perfected arrangements for the receiving of telegrams from Mr. B. A. Teats as soon as a game has been played by our basketball boys while on their tour of the east, and the result will be immediately displayed at the confectionery store of Johnson Bros. We have also made arrangements with Mr. Claud Shaw for a weekly letter descriptive of the games played and anything else that he may find of interest. After the boys get farther east we will be able to get the result of the games as early as eight o'clock in the evening, but for this week and next you cannot expect them much before 10 o'clock. Watch Johnson's bulletin board about that time.
