

# THE POLK COUNTY ITEMIZER.

Admitted to the second class of mail matter.

THURSDAY, DEC. 24, 1908.

V. P. FISKE.

Subscription rates: Itemizer, one year in advance, \$1.50; With Weekly Oregonian or Semi-weekly Journal, 2.00; With Oregon Woodman, 1.75.

Phones: BELL Office, 257; Residence, 113; MUTUAL Office, 11; Residence, 1401.

Patronize One Another for the Uplifting of Town and County.

In addition to the election crop of babies, Taft has had a park named for him.

After all Uncle Joe Cannon can roar your tariff revision as gently as any sucking dove.

They say strikes are a sign of prosperity. But we could do without them just at this period.

Great is publicity. It shows that one can elect a president for about a third of what it used to cost.

The restaurants are talking of tariff revisions, likewise, with a view of removing bread and butter from the free list.

The ministers who write that they often get texts from news editorials should know that often the sermon furnishes the text of the editorial.

One chancellor may possibly make the emperor of Germany shut up, but it takes baby jammers, rattles and nursing bottles to quiet the emperor of China.

The record being made by our basket ball team is certainly one to be proud of, not only their home town, but the state at large, as by their name of The Oregonians, they are advertising the entire section. So far the boys have played seven games, and won all of them by good margins, in fact six of them were walkovers, and played with what were supposed to be crack teams too. Our most gratifying news this week is that the high altitude of the Montana team has not affected them. It was supposed this might prove a serious handicap. The outlook now is that our boys will greatly beat the record of the Alaska team on their trip last year, both as to the number of games played and won. By the end of next week they will be supplied with our new booklets, and Dallas will begin to assume its proper place on the map. Here's hoping that they keep up their luck.

Our city council has fixed the tax levy at 10 mills for the coming year. Last year when it was placed at 8 mills the Itemizer took the ground that it was not sufficient, for the improvements contemplated, and we now have the same objection to make to the 10-mill one. Results have shown that our forecast of last year was correct. The city officials have been hampered in their improvement work all year by lack of sufficient funds, and much that was contemplated simply had to be left undone. It is not the desire of the Itemizer to ever advocate a high tax, being no more desirous of paying such on our property than any one else, but as long as certain improvements have been started, necessary to the growth of our city, we would not hold them back at this juncture. If it could find the money to build the intersections, it would be possible to finish up about 20 more blocks of macadam roadway next year. Under a 10-mill levy, this will be impossible, and just the number will have to be fixed that there is money sufficient to pay for. Each street intersection will cost the city in the neighborhood of \$200, so any one can see that the fixing of 20 blocks would take a bunch of money. There are notes against the city coming due next year, totaling a considerable amount, that must be taken up. They are promises to pay and must be met. After this is done and the running expenses of the city paid, which are no small item in themselves, there is not going to be much, if any, money left for further improvement of our streets. We would have liked to see the levy made at the limit of 10 mills and the special water tax of 1.7-10 and the library tax of 1 mill added to this. No library tax was levied last year, but \$200 was given to aid them. The putting of the tax as we mention would have given our harassed city officials a little leeway in financial matters and obviated to a great extent the troubles of the past year.

Jan. Elliott, of Bellevue, is visiting Chester Gardner and family at Bridgeport.

Chas. Ward, and family, of Eugene, are here to spend Christmas with relatives.

Our basket ball team is still triumphantly proceeding on its eastern way. Since our last issue they have played games at Spokane and Anacosta, winning by good margins. Their last game was played Monday night at Anacosta, where the altitude did not effect them. Tuesday and Wednesday they devoted to seeing the National Park on the Yellowstone, and tonight will play at Billings, Mont. Friday night they will also play there, Saturday going to Sheridan, Wyoming, and then back to Billings for a third game. Our weekly letter failed to arrive before going to press.

## OUR NEW BAKERY.

Nicely Fixed Up in Their Convenient Location.

Since moving into their new quarters on Court street, the Dallas Bakery has wonderfully improved their business facilities. The genial and enterprising proprietors, Messrs. Buckner and Fuchs, have now a bakery that would be credited to a town of twice our size, and they are doing an immense business.

Their establishment was shown through their publisher yesterday evening, and were pleased to see such evidence of prosperity and thrift. Their front sales-room is not yet completed in the shape they desire, as they yet need and up-to-date front, but that will be installed as soon as the cold weather is over. The show room, however, is equipped with the latest of handsome and convenient show cases for the display of their goods, and will in the near future be one of the prettiest bakery parlors to be found in the northwest. The working room is an eye opener to the novice who knows nothing about the nightly toil necessary to supply us with our daily bread. Their new oven, 12x14 feet in size is equipped with all the latest conveniences for successful bread making, and the cookies, pies, cakes, etc., that they daily turn out therefrom are certainly a wonder. They take some 600 loaves of bread each day, to say nothing of the other fancy goods. Independence consumes a large crate every day, and Black Rock makes daily calls for about 80 loaves. This article they bake entirely unadorned, and on account of the excellent article they turn out. Things are entirely different in the baking line from what they used to be when we were a boy. Then the loaves of bread were moulded and shoved into the ovens in chunks, the big paddle being the only implement used. Now each loaf must be put in its own pan, and that a specially made one with no square corners, so that it can be easily cleaned and all sanitary conditions strictly observed. It takes several hundred of these for a baking and the work necessary is not a light one by any means. During the afternoon Mr. Buckner prepares the dough, which is then placed in the proper receptacles. About midnight Mr. Fuchs goes on duty and gives it another thorough out, and gets it ready for the oven. At about 4 Mr. Buckner again comes on, and assists in the baking, so that it may be turned out by 6 a. m. This is the job for the bread alone. They turn out other fancy cookery by the wholesale, and work that cannot be beat anywhere.

This woman says that after months of suffering Lydia E. Pinkham's Vegetable Compound made her as well as ever.

Maude E. Forgie, of Leesburg, Va., writes to Mrs. Pinkham:

"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. For months I suffered from feminine ill so that I thought I could not live. I wrote you, and after taking Lydia E. Pinkham's Vegetable Compound, and using the treatment you prescribed I felt like a new woman. I am now strong, and well as ever, and thank you for the good you have done me."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

## AN OLD DALLASITE.

Has Good Words to say of our Dallas Five.

Waverly, December 21, 1908.

Editor Itemizer: I feel like clipping from yesterday's Spokesman Review which was interesting to me and will no doubt be interesting to your other subscribers. We thought our boys were up with any of them but Dallas leads the world. Waverly has the O. N. Inland Electric and North Coast is building through here. Our country is developing rapidly. Electric roads run out of Spokane in nearly a half dozen directions and go to Colfax, Moscow, Coeur d'Alene, Medical Lake, etc. An increased price will be paid here for beet next year. Increased acreage of sugar beets will result.—A. L. Robinson.

By the score of 55 to 14 the team from Dallas, Ore., put a decisive victory over the Spokane Y. M. C. A. to its credit and continues its long 10,000 mile tour through the western states without a defeat yet in the northwest. The Dallas team presented some basketball that was a revelation to local spectators of the game. It was a treat to watch a team like that of Dallas work. Its every member knows what to do, seems to be just where every other member of the team is, to know just when to pass and when to shoot and is deadly accurate in both shooting and passing. They are quick witted, fast, footed, tall and powerful men. The Y. M. C. A. team played good basket ball for its ability, but it was outclassed.

The Dallas team is believed by many critics to be the strongest that has ever appeared in this city, not excepting the Chicago Meteors. The O. A. C. team, the Muscatine Y. M. C. A., the Minnesota Red Wings and W. S. C. team. What it will be in the crack shot out-comes in a few days is a question. Critics here believe that it will easily win the majority of its games.

Big Shaw, center, was the star of the visitors. Russell Mann did the best work for the Y. M. C. A. Reed, the little Dallas forward, is remembered as the speedy little forward who shot 18 goals in the gymnasium of the S. A. C. a couple of years ago when O. A. C. beat the club 79-39.

A fair sized crowd saw the game. It was so one-sided that there was little enthusiasm, and most of the applause was generously contributed to the fine team work of the visitors. The lineup and score:

Y. M. C. A. Dallas. Fenton Forward. Mann Forward. Connors Forward. E Shaw Center. Abrams Center. Morton Guard. Ove Guard. C Shaw Guard.

Goals from field—Fenton, Mann 3, Ove 1, Fenton 3, Reed 2, E. Shaw 11, Morton 5, C. Shaw 1. Goals from fouls—Mann 4, Reed 3. Fouls called on—Dallas 8, on Y. M. C. A. 9.—Review.

Small Farm Tracts For Sale. I have recently sold the M. Fitzmorris donation land claim of 320 acres west of Monmouth, to G. A. Sperling, of Portland. It will soon be subdivided into 40 acre tracts, and will make several good homes. I am also selling the Collins farm, east of Monmouth in 5, 10 and 20 acre tracts.—J. H. Moran, Real Estate Dealer, Monmouth, Oregon.
