You have more to do with making it a happy and prosperous new year than anybody else. Let your first resolve be that during 1909 you will add one new citizen to the population of Oregon.

1908 will go down in history as the greatest year Oregon ever enjoyed, and the numerous New Year and holiday editions of the newspapers of the state will carry the story of this progress to thousands of eastern people.

While former prohibition candidate Chafin is engaged in his loyal task of cleaning out the White House cellar, it might be well for him to inspect the foundations and see if they are strong enough to bear the added strain that will come upon them after March 4.

The apples of the Pacific Northwest are the subject of an extended article in a recent issue of the Saturday Evening Post. This attractive presentation of the fruit industry to about five millions of people is a recognition much appreciated by Oregon and Washington.

The Kaiser will continue to reign because he has agreed not to govern. His majesty is credited with the philosopical remark that if you are going to be an emperor you must dress the part and you must not play the part for all it's worth. But he will not hereafter work the part for all it is worth.

The Portland Commercial club has introduce a novel feature that should be adopted by every community in Oregon. It is the appointment of a newcomer's special committee and that committe held its first meeting Saturday, outlining a plan to be carried on throughout the entire year which will result in giving each and every newcomer the "glad hand."

The council Monday night in passing an ordinance prohibiting the future building of those unsightly and practically useless wooden curbs, took a step forward in the city's upbuilding on which they should be greatly congratulated. Any city that discards such makeshifts, marks a point in her onward progress. To Councilman Uglow must be conceded the honor for the introduction of the ordinance, and the council stood by him nearly to a man.

Dallas merchants all report the holiday trade as far exceeding expectations. More Christmas goods were purchased than ever before in its history, and they were of the best too. People here are year by year investing in costlier stuff for that season than ever before in the town's history. All merchants in the different lines mention that as a noticeable fact. All of which tends to show that our people are making more money than heretofore, or they would not be able to so invest. Such fairly indicates the trend of times to a continued prosperity.

Our town is still open to suggestions for a distinctive name, to be placed on the stationery of the Dallas Development league. While the suggestion of Miss Nunn last week was well received, yet it was found impracticable to adopt it, as there is a postoffice by that name over on the Central & Eastern railroad, and its use would lead to errors in address. What Dallas wants is something entsrely applicable, out of the common rut of names already adopted, and that will effectively advertise some of her leading products or industries. Can you you not think of something that will do that?

Why the Oregonian and Telegram will continue to slander the fair name of our Oregon basket ball team by asserting that they lost a game of basket ball at Minneapolis, we are unable to fathom. It seems that such great papers would be willing at least to give the facts, even if they cannot brag of the famous record that our basket-ball team is making against the handicaps of higher altitude, terrible cold weather, and long night rides after playing hard games every evening. Hardly any of this team had ever been out of Oregon before, and born and raised as they have been in the Willamette Valley, with its continual mild weather, they are making a record that we Dallasites are proud of.

MISERY IN STOMACH.

And Indigestion Vanishes Five Minutes Later.

Why not start now—today, and forever rid yourself of indigestion? A dieted stomach gets the blues and grumbles. Give it a good eat, then take Pape's Diapepsin to start the digestive juices working. There will be do dyspepsia or belching of gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and dizziness, and your food will not ferment and poison your breath with nauseous odors. Pape's Diapepsin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of indigestion and upset stomach in five minutes. There is nothing else better to take gas from stomach and cleanse the stomach and intestines, and besides, one triangule will digest and prepare for assimilation into the blood all your food the same as a sound healthy stomach would do it. When dyspepsia works, your stomach rests, gets itself in order, cleans up, and then you feel like eating when you come to the table, and what you eat will do you good. Absolute relief from all stomach misery is waiting for you as soon as you decide to begin taking Diapepsin. Tell your druggist that you want Pape's Diapepsin, because you want to be thoroughly cured of indigestion.

MAKE IT YOURSELF.

Says Many People Here can be Made Happy Again by Using it.

There is so much rheumatism here in our neighborhood now that the following advice will be appreciated by those who suffer: Get from any good pharmacy one half ounce Fluid Extract Dandelion, once ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Shake these well in a bottle and take in teaspoonful doses after each meal and at bedtime, also drink plenty of good water. It is claimed that there are few victims of this dread and torturous disease who will fail to find ready relief in this simple home made mixture, and in most cases a premanent cure is the result. This simple recipe is said to strengthen and cleanse the eliminative tissues of the kidneys so they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only rheumatism but numerous other diseases. Every man or woman here who feels that their kidneys are not healthy and active, or who suffers from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good, and may save you from much misery and suffering after while. Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.

Mr. W. M. Fishback, of Cooper Hollow, was a caller Saturday. Mr. Fishback says there is a well on his place that gives every indication of oil deposit in near region.

J. M. Stark arrived home today from Radium Springs, where he has been taking treatment for rheumatism. He is much better than when he left here.—Eugene Guard.

Among those at a family reunion at the home of Mr. and Mrs. A. E. Austin on Christmas were the mother and four brothers of Mrs. Austin from Portland and her sister, husband and family from Polk county.—Woodburn Independent.

ELECTRICITY FOR LIGHTING IS ONLY EXPENSIVE
TO PEOPLE WHO ARE WASTEFUL AND CARELESS.
TO YOU, WHO ARE NATURALLY CAREFUL,
IT DOES NOT COME HIGH.

It is economical because it can be quickly turned off when not needed. With gas or kerosene there is the temptation to let light burn, when not needed, to save bother of lighting and adjusting. In some homes the electric light bill amounts to only about $2 per month. You can probably get some kind of artificial light for less money than electric light, but does it save you anything when it limits opportunities for work and recreation, ruins your eyesight, smokes your walls, mars decorations and increases household work. You can probably save a dollar tomorrow by going without your meals, but it wouldn't be economy. It is not so much what you save, but how you save, that counts. We are always ready to explain the "ins and outs" of the lighting proposition to you. Call on us or phone to us. We are never too busy to talk business.
