SKIN DISEASES
HUMORS IN THE BLOOD

When the blood is pure, fresh and healthy, the skin will be soft, smooth and free from blemishes, but when some acid humor takes root in the circulation its presence is manifested by a skin eruption or disease. These humors get into the blood, generally because of an inactive or sluggish condition of the members of the body whose duty it is to collect and carry off the waste and refuse matter of the system. This unhealthy matter is left to sour and ferment and soon the circulation becomes charged with the acid poison. The blood begins to throw off the humors and acids through the pores and glands of the skin, producing Eczema, Acne, Tetter, Psoriasis, Salt Rheum and skin eruptions of various kinds. Eczema appears, usually with a slight redness of the skin followed by pustules from which there flows a sticky fluid that dries and forms a crust, and the itching is intense. It is generally on the back, breast, face, arms and legs, though other parts of the body may be affected. In Tetter the skin dries, cracks and bleeds; the acid in the blood dries up the natural oils of the skin, which are intended to keep it soft and pliant, causing a dry, feverish condition and giving it a hard, leathery appearance. Acne makes its appearance on the face in the form of pimples and black heads, while Psoriasis comes in scaly patches on different parts of the body One of the worst forms of skin trouble is Salt Rheum; its favorite point of attack is the scalp, sometimes causing baldness. Poison Oak and Ivy are also disagreeable types of skin disease. The humor producing the trouble lies dormant in the blood through the Winter to break out and torment the sufferer with the return of Spring. The best treatment for all skin diseases is S. S. S. It neutralizes the acids and removes the humors so that the skin instead of being irritated and diseased, is nourished by a supply of fresh, healthy blood. External applications of salves, washes, lotions, etc., while they soothe the itching caused by skin affections, can never cure the trouble because they do not reach the blood. S. S. S. goes down into the circulation and forces out every particle of foreign matter and restores the blood to its normal, pure condition, thereby permanently curing every form of skin affection. Book on Skin Diseases and any medical advice desired sent free to all who write. S. S. S. is for sale at all first class drug stores.

I suffered with Eczema for forty years and could find nothing to cure me until I tried S. S. S. I suffered intensely with the itching and burning; pustules would form from which there flowed a sticky fluid; crusts would come on the skin and when scratched off the skin was left as raw as a piece of beef. I suffered agony in the long years I was afflicted, but when I used S. S. S. I found a perfect cure. There has never been any return of the trouble.

For the information of those who are interested in Falls City, we want to say that at this time our schools are running full time, our churches are comfortably filled every Sunday, Sunday schools have well filled classes, and our fraternal societies are well represented both in numbers and the quality of their membership. Another thing, is that Falls City is a unique town, in that it has no idle young men loafing its streets, all being engaged in some useful occupation. Falls City is the place to live.

NOT A PARTICLE OF SKIN ON BODY

Worst Case of Eczema Doctor Had Seen in 40 Years — For Six Months Father Expected His Baby to Die—Blood Oozed Out All Over Her Body—Had to Be Wrapped in Silk and Carried on a Pillow—Now She Is Perfectly Cured.

DOCTOR RECOMMENDED CUTICURA REMEDIES

"My little girl was born two weeks before her time and my wife died four hours after the birth of our child and I had to raise the baby on artificial foods. Six months after birth she broke out and I had two doctors in attendance. There was not a particle of skin left on her body, the blood oozed out just anywhere, and we had to wrap her in silk and carry her on a pillow for ten weeks. She was the most terrible sight I ever saw, and for six months I looked for her to go to her mama, but thank God and his agents, she is alive and well to-day and she will be three years old the seventh of December and has never had a sign of the dread trouble since.

"I used every known remedy to alleviate her suffering, for it was terrible to witness. Dr. C—— gave her up and then I went to C—— F—— and got Dr. B—— and he and Cuticura Soap and Cuticura Ointment saved her. He recommended the Cuticura Remedies, or said we were right in making use of them. As nearly as I can remember, we used eight cakes of Cuticura Soap and three boxes of Cuticura Ointment; but you must take into consideration that hers was an exceptional case, for an old and good doctor said that it was the worst case that had come to him in forty years. I have always hinged on Cuticura Soap to keep her skin soft and to give her a pure complexion. James J. Smith, Wood and Metal Pattern Maker, Box 234, Buena Vista, Va., Oct. 14 and 22, 1906."

Complete External and Internal Treatment for Every Humor of Infants, Children and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.)
