A friend in need is one whom we can bleed.

Castro ran out just in time to escape being kicked out.

That gurgling, purring sound is Mr. Harriman counting the days to March 4th.

Why has not somebody risen to remark that the Taft cabinet won't be able to resist Knox.

If divorcees keep on increasing, the nation's alimony bill will rival its Panama canal expenses.

Mr. Pulitzer has gone to Panama to see if he is as much of a liar as he has been cracked up to be.

But what a thrill congress would experience on the receipt of a calm, conservative and judicial message.

"Grab your dollars when you are young," advises Uncle Andrew Carnegie, "then, when you are old, you can let the tariff twins do your work."

If Mr. Carnegie had talked in 1892 as he does now, Mr. Cleveland would have been elected by a majority of about 5,000,000.

After all, perhaps we have made some progress in righteousness. Those six honest councilmen out of 86 crooks in Pittsburg would have made work comparatively easy for Diogenes, who was so long looking for even one honest man.

No news that has been received by the people of Oregon during the last twenty-four months is so important as the announcement the transcontinental railroads will make a rate, beginning March 1st and continuing until April 30th, from Kansas City, Omaha, St. Paul and Minneapolis, Winnipeg and other similarly situated towns, to all main line railroad points in Oregon, for \$25. The people of no state in the Union have profited more from these one-way tickets than have those of Oregon during the last four years. The rate from Chicago was \$33, from St. Louis \$30.50, with a proportionate low fare from all points in the United States. This should add many thousands of actual settlers to the population of Oregon. These are one-way tickets, and if travelers desire to return to their former homes in the older eastern states they would have to pay full fare. Every commercial club and advertising bureau in the state, as well as every real estate firm, should begin immediately to advertise these rates. Every citizen of Oregon should write personal letters to old friends and acquaintances reminding them that the rate is good to their town. But the tickets must be bought to the point of destination—it is just as cheap to the most distant Oregon point as to one just over the border of the state.

Dallas is particularly fortunate in our respect, and that is in her almost entire freedom from the pest so prevalent in the east side cities—the tramp or hob. This is caused principally by our town being situated off the direct line of travel to California, men of that stripe coming to desire to hang to the transcontinental routes, presumably so that they may shift their location in short time. This idea was called to our mind recently by reading an article in the Journal from our friend Cauthorn, who advocates the working of them on the public roads, quarries, etc. This idea is a good one for the community in which they have become such a nuisance, and might be worked to advantage here. This would, of course, be in a very limited extent, as it is only occasionally that they drift out here. When they do come here, it is well to let them know that they are not to get a night's lodging and something to eat with a command to move on the next morning, but that they will be put to work on the streets. Work is the one thing that this class of idle gentry are not looking for, and they will go many miles to get by the place where they know that such catastrophe is liable to overtake them. A few days' sentence to the city rock quarry would soon be known to all the craft as a sure thing coming if they hit Dallas, and would tend more than any one thing to keep this undesirable element constantly away from a noisiness to our pity boundaries.

The Pugtown Debating Society will discuss the question "Is Christmas worth the money?"

In the adopting of the ordinance prohibiting the storing of dynamite within the town limits, our city council will have gone a long way toward safe guarding the business property of our city. It was stated at the council meeting Monday night that as much as a ton of the stuff had been stored at one time in our stores. Just think of it, enough, if an accident should have happened to it to have put our entire business district off the map. The Itemizer has several times spoken of the great risk thus incurred, but could get no action taken until this date.

In the election of George E. Chamberlain as senator Tuesday, it conclusively proves that this old world of ours, has not as yet gotten so permeated with corruption that there are no honorable men left. The election of Chamberlain proves several other things, prominent among which is, that when the people have expressed their opinion, it takes an awful nifty machine politician to try to change it. Hereafter Oregon will probably experience no difficulty in electing its senators by the people, and it will not be long until every state in the union is following her example. Then we may have a senate that is not virtually a house of lords, controlled by the big financial syndicate.

A prominent citizen asked us the other day why we did not try and interest some of our local capitalists in the matter of erecting a fine three story brick opera house, with store buildings in the lower story. A news paper man frequently gets tired of this interesting business. We are attempting every week to interest someone in something of presumed benefit to the town, and to tell the truth, it is beginning to cause gray spots to appear in our good looking head covering. Of course, there is plenty of gray matter on the inside of this cranium of ours, but to have it appear before the public gaze in a nude state is too much for our well known bashful propensities. Seriously, though, why would it not be a paying investment to have a good modern three story brick in this little old town of ours, with elevator and the other up to date improvements. There is lack of office room now. Every week there are inquiries for rooms in this brick where we are located, and we suppose it is the same elsewhere. There is plenty of idle capital.

The wise men of the world who do not mix with their fellow-men enough to learn much about them and their condition from observation, are constantly speculating on the cause of the spread of socialism, anarchism and infidelity in a country like this. Not long ago a case came under my observation—and it is no doubt only one of hundreds—that throws a flood of light on the subject, if one will stop to reflect. A man, whose greed seems to have smothered out all feeling of humanity, to satisfy a debt due him by a man who had left the country ran an attachment on everything he could lay his hands on. The raid took in not only all the live stock, and every chicken on the place, but even the household goods, going so far as to take a part of a sack of flour and a piece of bacon. It mattered little to this man that a helpless woman and her children were left to face starvation. He had exacted his pound of flesh and trusted to his money bought popularity to save him from the condemnation of his fellowmen. It is this tyrannical spirit of oppression, parading under the name of modern business, that is causing him to question the justice of law, both human and divine. The man who is brought in contact with the business world every day knows that this man is no more a true type of the business man than is a rotten apple a fair type of a barrel of sound ones. However, just as the bad apple gives the whole barrel a bad odor, just so the conscienceless money shark does the incalculable amount of damage to society and to free institutions. Greed is indeed the besetting sin of some men, and of these whose feelings of humanity have been drowned by the love of gold, it may truly be said, "He who lets his country die, lets all things die, and all things dying curse him."—Ada Democrat.

NORTH DALLAS.

Mrs. John Brown is almost bedfast with a heavy cold.

Mr. J. S. Parker, of Perrydale, spent Friday evening as a guest at the Lee home.

Henry Wright returned Tuesday from near Roca, where he has been since last July.

Lert Miller returned to Black Rock Wednesday, after a two weeks' lay off from work.

The recent snow and rain played havoc with the nice ceiling in our new school house.

Great inconvenience was caused to the people of North Dallas, on account of the breaking of the main water pipe at the creek.

Robert Reed returned Monday evening from Pendleton, where he has been several weeks visiting his sister, Mrs. Towse.

The Brown and Green telephone lines were out of order Tuesday morning on account of one of the poles floating off down the creek.

Mrs. Will Brown received the word that her father, Mr. Paul, of Pittner, is very sick. They are going to try and bring him to Sheridan so as to be under the doctor's care.

The North Dallas school gave Leone Brown a grand surprise in honor of her 11th birthday. Many nice and useful presents were given her. At 10:30 a lunch was served after which the merry crowd went to their several homes, most of them planning another party soon.

"Say, did you know there is going to be an auction sale Saturday, January 23rd?" "Where?" "At Bartlett & Ulrey's second hand store in the old postoffice building at 2 o'clock in the afternoon." "Sure, you will see me there. Let's all go."

MORE PINKHAM CURES

Added to the Long List due to This Famous Remedy.

Camden, N.J.—"It is with pleasure that I add my testimonial to your already long list—hoping that it may induce others to avail themselves of this valuable medicine. Lydia E. Pinkham's Vegetable Compound. I suffered from terrible headaches, pain in my back and right side, was tired and nervous, and I could hardly stand. Lydia E. Pinkham's Vegetable Compound restored me to health and made me feel like a new person, and it still always has my grateful thanks."—Mrs. W. P. V. Adams, 902 Lincoln Avenue, Camden, N.J.

Gardiner, Me.—"I was a great sufferer from a female ailment. The doctor said I would have to go to the hospital for an operation, but Lydia E. Pinkham's Vegetable Compound completely cured me in three months."—Mrs. S. A. Williams, R. F. D. No. 14, Box 39, Gardiner, Me.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It cures all inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pain, backache, that bearing-down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women.

Two Important Things. To be Considered at the Council Meeting Monday Evening.

Two important propositions involving the future welfare of Dallas, are to come up at the next adjourned meeting of the council. As they are both of great interest to every Dallas taxpayer, the session will be held in the circuit court room to give our citizens a chance to attend and express their views. One of the questions is whether Dallas shall become a separate road district and utilize the road tax paid here for the improvement of our main highways. The other question is the further bonding of the city to buy and operate their own water works.

Both are matters on which the councilmen would like an opinion from the taxpayers of Dallas.

Sheriff Grant went to Independence Tuesday to take into custody one Wilson Munda on a charge of insanity. Munda had been a resident of that vicinity since last hop picking, having come there from Montana. He had been staying at Mr. McGowan's near Buena Vista lately, but his actions became so peculiar that M. M. Porterfield and Mike Krebs brought him to Independence. He behaved so badly that the police had to have him pursuing him to do him bodily injury. He was examined by the court and committed to the asylum Wednesday.

Now is the time to visit California

When summer has passed in the most attractive manner, the sun is only mild under the bright blue skies of Southern California. This is one of nature's best provisions—eternal summer for those who can endure a more severe climate.

California has been called the "Mecca of the winter tourist." Its hotels and stopping places are as varied as those of all well regulated cities. Visitors can always find suitable accommodations congenial companions, and varied, pleasing recreations.

SOUTHERN PACIFIC CO.

Will be glad to supply some very attractive literature describing in detail the many delights of winter in California. Very low round trip excursion tickets are on sale to California. The rate from DALLAS to Los Angeles and return is \$58.00. Limit six months, allowing stop-overs in either direction. Similar excursion rates are in effect to all California points.

BUENA VISTA.

Or Kaw was the guest of M. N. Prather week.

Eaten Bevens was a caller in Independence Monday.

Owing to the cold weather our school was closed last week but resumed work again Monday.

Chet McClain is taking a great deal of interest in the old people's home. Good luck to you, sonny.

Harley Prather visited with his parents last week. He is a student of the Capital Business College.

There will be preaching in the M. E. church next Sunday morning by the new pastor Rev. McCain.

Miss Belshe, assistant instructor of our school, was able to resume her duty Monday owing to sickness.

J. M. Prather returned from Portland Saturday, where he visited with his sister and husband for the past week.

By the looks of things at the present writing we will get the full amount of rainfall for 1909 if we were a little better in 1908.

It is reported that our town is to have a butcher shop in the near future. John Wells and Mr. Black are to be the proprietors. Such an improvement is very much needed.

A number of the young people of this place gathered at the home of Jacob Becker Saturday evening for a party. After a few dances they turned the party to a merry social dance.

Jacob Becker is carrying a very fat hand, as the result of coming in contact with a Jersey bull, belonging to Wm. Stebbins, the bull getting him in a mangle and mangle him. The animal was mangled, otherwise the accident might have proved more severe.

The Last Three Games.

Since our last issue the Oreons have played three games, winning the one at Neenah, also at Detroit for a forfeit, and losing last night to the World Champions in Buffalo by an awful close score. Although such a thing was hoped, it has never been the opinion of conservatives that the Oreons could possibly beat the famous Buffalo team. That team claims the world's championship by reason of their never having been defeated. They are a bunch of athletic men, the plump of the five being five feet eleven inches in height, and they have played together continually for six years. We have three men who can perhaps equal them in height, but when the shorts of our five get up against such sizes, they cannot do themselves justice. That the Oreons, have made the showing they did against the famous aggregation is a cause for much congratulation and the score of 20 to 23 shows that the Dutchmen had no walk-over—our boys made them play ball. It may be that a return game has been arranged for, but we cannot say for certain. The telegram to the Itemizer did not get through until this morning and the Oregon crowd attended the game under conditions interfered with the working of the wres last night.

Corvallis Home Darkened by Death.

Sunday morning at 8:30 the messenger of death entered the home of Mrs. F. E. Miller, in Corvallis, and claimed the fair young life of their daughter Laura, age 14 years, 10 months, 3 days. Pneumonia was the cause of death, the illness being less than a week's duration. The family here is a noble grand, Mrs. F. H. Morrison to Oregon some 12 years ago. Mr. Miller has recently engaged in the racket goods and grocery business at 212 Second street. The funeral was held at the M. E. church, Tuesday, at 2 p. m., conducted by the pastor, D. H. Leech. Despite the inclement weather, a large crowd attended the services, indicating the esteem in which the family is held and the loving place in the hearts of friends and acquaintances won by the young lady who has so suddenly been called to come up higher to the brighter world. Burial occurred at the I. O. O. F. cemetery.

Mr. and Mrs. J. R. Craven, are back from the metropolis, where Mr. Craven was in attendance upon the Hardware convention.

FROM CLAUD SHAW.

Oreons 23 Red Wing 16. From the first toss up of the ball the Oreons took the lead of Red Wing and maintained it throughout the game. The Oreons center at all times had the better of his opponent, who was a player of apparently as desirous of increasing his man as getting a goal over him.

Cloud Tells of Games up to January 16th.

Oreons 27 Neenah 24. On a court so slick one can almost see his face in it, the Oreons were not only put up one of the most uphill fights for a victory that has ever fallen to a Dallas team. The management absolutely refused to scrub the court to remove the wax so as to give the Oreons anything like an even break on the foot-ice proposition, realizing his team's tremendous advantage in possessing a peculiar shoe which almost absolutely refuses to slip at all on this floor. At the last minute the Oreons poured water on their shoes and took from the rooms soaked towels to replenish the dampness.

At the jump off Neenah rolled up a score of ten while the Oreons were trying desperately to stick their men and get a start, at every opportunity running to their wet towels on the side lines. While the big Neenah ball chasers were chasing about like deer and running their score up to 16, the Beavers secured four goals and began to get in some passing. Soon Oreons' forwards and center began shooting goals, and when the first half ended the score was 18 to 16 with the home team still with 16. Another spurt in the second half put the soldiers ahead 22-18, which soon became 22-22. In the last brief spell before the end with Oreons ahead one point, Reed missed a foul try which he converted into a 2-point try by a one handed shot and the game was won.

Field goals, Bell, forward, 2; Metzger, forward, 2; Grode, center, 2; Smith, guard, 4; Webber, guard, 2; Reed, 7; Fenton, 2; E. Shaw, 4; fouls, Reed 1.

Oreons 14; Fon du Lac 24. Wisconsin has a wide variety of basketball courts, one type of which is to be found at Fon du Lac. Their equipments consist of baskets secured to glass backboards, a three foot surrounding almost the entire court, netting reaching from this wall upwards and a slick floor with no out-of-bounds. Add to this a good fast team and you have Fon du Lac's key to "some" victories.

The last game the Oreons soon found themselves struggling against a hard proposition. The home team plays a fast and steady game and is strong on rebounding, and their speed and their overly large court increasing the advantage of sure footing. Thus came their opportunity, the result of which is shown below:

Field goals, Fogarty, forward, 5; Ferguson, center, 3; Reeping, guard, 3; Fenton, 3; fouls, Reed 8, Ferguson 2.

Oreons 19; Fon du Lac 23. The second night the soldiers began to score quickly and for a time it seemed they were going to make a greater margin than the preceding evening, closing the half with a lead of ten points.

One word about the Oreons' jump ball work the Oreons gradually drew closer to their opponents' score until the final whistle ended the game, finding them behind only four points.

Oreons 19; Neenah 11. The team now moved back to Neenah for the final game in Wisconsin, January 14th. The second game here began far different from the first, which seemed to be played rather loosely. Every point was fought for with grim determination, so much so that half the game over left the score 7-6 to the Oreons. The reverse quickly followed in the final 20 minutes, as the score grew rapidly on the Oreons' side of the score board, finally leaving the result 19-11.

Field goals, Grode, I. Smith, I. Webber, 1; Fenton, 2; Reed, 2; E. Shaw, 2. Neenah has this year twice beaten Fon du Lac. It seems the larger court at Neenah, even though it is exceedingly slippery, gave us more of a chance for team play than the smaller court at Fon du Lac, where even a slight retardation of speed might cost a goal.

Before entering the state, Esterly, center man of the old Red Wings team, said he would win two or three games in Wisconsin would be good work, but we won five out of seven and labored against conditions we never met in Oregon and Washington.

Eight of the last ten games we have played have been followed by dances, which accounts for the condition of the floors.

Rebeks Install.

About seventy five guests were invited to attend an open installation and banquet at the I. O. O. F. hall last night and were glad in their praise of the hospitality shown them by this popular order, which is one of the oldest organizations in the city. Miss May Shelton, district deputy present, was the installing officer and performed this task in her usual pleasant and dignified manner. The officers for the coming year are: Past noble grand, Mrs. F. H. Morrison; noble grand, Mrs. Charles Seehren; vice grand, Miss Edna Hayes; secretary, Miss Sadie Lynn; recording secretary, Mrs. Ora Cooper; chaplain, Mrs. J. L. Castle; conductor, Miss Iva McDaniel; warden, Miss Evangeline Hart; sentinels, Miss Ella Metzger and Miss Maggie Beebles; supporters to the noble grand, Miss May Shelton and Miss Olive Smith; supporters to vice grand, Miss Edna Hayes and Miss Edna Brown.

WEATHER FORECAST.

Cloudy.

With a lead of six the Oreons seemed to increase their pace and even improve their team play which was a puzzle to the home team could not solve. As the two teams kept working it soon became evident that the only question as to the finish was the margin the Oreons would have.

Summary: Field goals, Heinicke (guard) 2, Fenton 3, Reed 6, E. Shaw 5, Morton 2, C. Shaw 1, fouls, Reed 7 out of 11, Heinicke 10 out of 11, Jonda 1 out of 1.

After the game, the umpire, a man from Milwaukee familiar with basketball ball teams throughout this section of the country, said, in speaking of the Oreons, "You fellows have the best basketball team I have seen in many years."

Thus closed the first four weeks of the tour in which 20 games have been played, only one of which has been lost. The team is rounding into great form individually and collectively, due to the exercise of great care both on and off the court.

BIRTHS AND DEATHS.

antined, they consisting of small pox, measles and scarlet fever.

It will be seen by the foregoing that the death rate of Polk county is very small, just what percent, we are unable to figure out, not having any definite clue at hand as to the population of the county. The showing is at any rate a gratifying one, and we will endeavor in the near future to give the exact percent, as it is certain that old Polk can beat any other county in the state in this respect. We are not bragging when we announce the fact that Polk has as healthful a climate as there is anywhere, conducive to living to a ripe old age and freedom from the many ills that beset human kind in other localities not so favored as ours.

Mix the following by shaking well in a bottle, and take in teaspoonful doses after meals and at bedtime. Fluid Extract Dandelion, one half ounce; Compound Karyogen, one ounce; Compound Syrup Sarsaparilla, three ounces. A local druggist is the authority that these simple harmless ingredients can be obtained at nominal cost from our home druggist. The mixture is said to cleanse and strengthen the clogged and inactive kidneys, overcome backache, bladder weakness and urinary troubles of all kinds, if taken before the stage of Bright's disease. Those who have tried this say it positively overcomes pain in the back, clears the urine of sediment and regulates urination, especially at night curing even the worst forms of bladder weakness. Every man or woman here who feels that the kidneys are not strong or acting in a healthy manner should mix this prescription at home and give it a trial, as it is said to do wonders for many persons.
