STOMACH DISTRESS.

And Indigestion Misery Ends Five Minutes Later.

Every family here ought to keep some Dispepsin in the house, as any one of you may have an attack of indigestion or stomach trouble at any time, day or night. This harmless preparation will digest anything you eat and overcome a sour stomach five minutes afterwards. If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Ask your pharmacist for a case of Pape's Dispepsin and take one triangle after supper tonight. There will be no sour risings, no belching of undigested food mixed with acid, or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Dispepsin is a certain cure for all stomach misery, because it will take hold of your food, and digest it just the same as if your stomach wasn't there. Actual, prompt relief for all your stomach misery is at your pharmacist waiting for you. These large 50-cent cases contain more than sufficient to cure a case of dyspepsia or indigestion.

FALLS CITY.

The snow has about entirely disappeared from our town and vicinity and the green grass looks natural and is a pleasant change.

F. A. Lucas and wife, who have been visiting in Falls City, for the past two weeks, returned to their home in Portland Saturday.

There is a good opening for a private boarding house in Falls City, if run by the right parties. This would be a paying business from the start.

The firm of Muscott & Rieh, have moved their stock of goods into the Courter building, and now are prepared to do business at their new stand, found by the right parties. This would be a paying business from the start.

Our telephone service has been good throughout the late storm, due to the incessant efforts of manager Cliff Pugh and a large force of men continually watching the wires.

The Walker house now has a new cook, and his name is Kramer. He is a distant relation of Cal Kramer, and the boarders of that well known house will now receive good meals as formerly.

Thursday night Mrs. McTimmons was taken suddenly ill with what appeared to be a stroke of paralysis, while crossing the railroad street, and was found lying on the crossing by some people who were fortunately passing. At this time she is somewhat improved.

The rain coming down so heavy at present delays work in the woods, and many of the camps are at present idle. It is unfortunate, as the mills are full up with orders for lumber, and it will cause the loggers to get a move on when the water goes down.

The outlook for Falls City and vicinity was never better than now. Many new enterprises are projected, and labor is in great demand. Soon everything will be on the move as formerly, and our little city will be enjoying a boom with a substantial backing.

The city marshal has given notice that the ordinances of the city must be kept, and that violators of the same shall be prosecuted. Now is the time for the wise ones who do the street talking, and know what is going on, to come to the front and make good their talk, by filing complaint with the justice and furnishing their proofs.

Readers of the city dailies will notice that our state bank examiner is doing just what the writer of this article predicted two years ago, to-wit: Ask for a deputy. Soon the state will be divided into districts and an examiner appointed for each district. A bank examiner is about the most useless officer that could be named. Who ever heard of a single instance of a bank examiner doing anything better than drawing his salary?

C. L. Hawley has the chairmanship of the Committee on Agriculture, and is in the Banking and Education.

Mrs. Chester V. Hare, of Portland, and Mrs. Laura Miller, of Newberg, attended the funeral of the late A. M. Miller Tuesday.

ELECTRICITY FOR LIGHTING IS ONLY EXPENSIVE TO PEOPLE WHO ARE WASTEFUL AND CARELESS.

TO YOU, WHO ARE NATURALLY CAREFUL, IT DOES NOT COME HIGH.

It is economical because it can be quickly turned off when not needed. With gas or kerosene there is the temptation to let light burn, when not needed, to save bother of lighting and adjusting. In some homes the electric light bill amounts to only about \$2 per month. You can probably get some kind of artificial light for less money than electric light, but does it save you anything when it limits opportunities for work and recreation, ruins your eyesight, smokes your walls, mars decorations and increases household work. You can probably save a dollar tomorrow by going without your meals, but it wouldn't be economy. It is not so much what you save, but how you save, that counts. We are always ready to explain the "ins and outs" of the lighting proposition to you. Call on us or phone to us. We are never too busy to talk business.
