SILETZ LANDS.

Bids Let For County Work on Roads--Miscellaneous.

RUSH FOR SILETZ.

Homesteaders and Others Stand in Line all Night to File.

One hundred and four applicants, by actual count, were lined up at the entrance to the Portland land office yesterday morning to file on desirable tracts included in township 7 south, range 9 west, Siletz Indian reservation, which was open to entry and settlement at 9 a. m. yesterday. Before the office had closed at 4 o'clock yesterday afternoon, the applications of approximately 100 of these anxious homesteaders had been received and filed. There are included in the township 144 quarter sections of land but some of the applicants are applying for only 80 acres each so that more than 144 applicants can be served. Register A. S. Dresser and Receiver G. W. Bibee, who have charge of the local office, expect to conclude the settlement of these lands, so far as the applications are concerned, some time today. Fred E. Naylor, a civil engineer of this city, and Charles A. Hughes, a timber cruiser, of Bemidge, Minn., were the first to file. They took their place in the line of applicants that was formed in the Worcester building, in which the land office is located, at 9 o'clock Monday morning and, with the other 100 homesteaders stood in line all day Monday and throughout the night until the office opened at 9 o'clock yesterday morning when they were enabled to file on their coveted 160 acres of choice timberland.

The land included in this township embraces some of the most valuable timberland in the state. Some of the quarter sections will cruise 15,000,000 feet to the acre and it is this fact that accounts for the scramble for the land. Many of the applicants are actual settlers on the land, which has been held up for entry and settlement for about 8 years, pending an approval of the survey following the disclosure of alleged land frauds in this state early in the '90s. A number of conflicting entries came to light yesterday, several applicants filing on the same tract. Officials of the land office, however, did not undertake to determine the respective rights of the different applicants but accepted the fee of \$16 from each of the applicants. Where more than one applicant has filed on the same tract, the officials of the land office in due time will conduct an inquiry and ascertain which of the various applicants is best entitled to the land filed on and it will be in that way the man entitled to the particular tract will be determined. Applicants for the settlement of these lands have six months in

which to go upon the property and establish a residence. Settlements of the lands in this township is regulated entirely by a special act of Congress and differs from the established homestead act in that an actual residence of three years on the lands entitles the settler to a patent to the land. After a residence of 14 months, however, the settler may commute and obtain title to the land by paying to the government a price of \$1.50 an acre.—Oregonian.

UP IN A BALOON.

Man Well Known in Dallas Has Terrifying Experience in Air Travel.

Last Saturday afternoon the big Ferris racing balloon America left Pasadena, California, with five passengers for a trip of observation and scientific research. One of the passengers was Lane C. Gilliam, a resident of Walla Walla. Mr. Gilliam is a son of W. S. Gilliam, lately deceased, both of whom were well known here, he being a nephew of Mrs. Frank Collins and a cousin of Chet and Frank Coad. He was in Dallas on a visit with his old friends here not many months ago. After the balloon went up, it struck one of the worst storms ever experienced in that region among the high altitudes of the Sierra Madras, and for several days the daily papers were filled with grave fears for the safety of the party, but a dispatch to the Portland Journal Tuesday evening brought the news that the entire party had been found intact and uninjured on the side of a nearly inaccessible mountain peak, where they had managed to descend after suffering many hardships. Reaching the ground did not much better their condition, it being a country where all trails were obliterated by a severe snow storm. The rescue parties got them safely out, but it is to be surmised that Mr. Gilliam would not care to duplicate the experience.

J. L. Castle handles the famous German-American coffee, said to be the best on the market. It is roasted and packed in Portland, grown in the Sierra Madras, and is absolutely pure.

We understand that Mr. J. L. Castle intends to erect a hot house on the tract he recently purchased of W. C. Brown in North Dallas. This is an enterprise long needed, and which would no doubt, prove remunerative from the start.

Miss Gertrude Phelps was the guest of honor at a surprise party tendered her Friday evening at the residence of Mr. and Mrs. E. W. Keenan. Games were indulged in and refreshments served. Those attending were, Miss Fay Percival, Miss Ince Johnson, Miss Ethel Johnson, Miss Bertha Foster, Miss Lyle Phelps, Miss Nada Scott, Miss Gertrude Phelps, Mr. Wayne Greenwood, Mr. Harold Rich, Mr. George Brown, Mr. Max Hamilton, Mr. Lloyd Rice, Mr. Leon Elder, Mr. Rose Cady.

SPECIAL SESSION.

County Court Lets Bids for Year's Wood and Road Work.

The county court met in regular session last Tuesday for the purpose of letting bids for the year's supply of wood necessary at the court house, and for the road work contemplated during the coming season.

Three bids were made for the furnishing of wood, they being from B. M. Guy, 40 cords of oak grub at \$3.98 a cord; Morris Hughes, 40 cords of fir wood at \$2.74; E. G. Erickson, 40 cords of oak grub at \$3.85 and 40 cords of fir at \$2.50 a cord. As the Erickson bid was the lowest, he was awarded the contract.

In the matter of bids for the crushing and hauling of rock and its delivery on the county roads, according to the specifications of the county court, the following bids were received; the specification calling for the price of delivery for one yard of rock from the Frink and Lyons quarry by the quarter mile, including the crushing of the rock: Jas. Chitty and R. B. Winslow offered to perform the work at \$1.18 a yard for the first quarter, gradually increasing in price for succeeding quarters, until at a 4 mile haul the price for a yard would be \$2.67. On the same basis the bid of W. J. White was \$1.21 first quarter and \$2.70 for the 16th. Wolf & Bradley, of Washington county, put in a bid for 89 cents for the first quarter and \$1.95 for the 16th, for work from the Lyons quarry, and 86 cents and \$1.90 from Frink quarry. Ira Mehrling, of Falls City, offered to crush the rock for 85 cents a cubic yard and to deliver it on the road for 50 cents a yard for the first mile and 15 cents a yard for each additional half mile, it appearing to the court that Wolf & Bradley were considerably the lowest, a contract was ordered drawing up with them, they to be placed under a bond of \$1500 for the faithful performance of the same.

The county court contemplates the improvement this year of some 3000 yards of road on the Luckiamute and Salt Creek, which will as near as possible be divided between the two roads, although there will be work done on other roads if it is possible to get to them. It all lies in the expediency with which the work can be handled and the convenience of suitable rock.

The unsuccessful bidders are men thoroughly experienced in this work, and already have several outfits in different places. They claim to be able to haul from three to four and a half yards at a load which is surely something new for this county. Work will be started as soon as the weather settles.

THE COLLEGE WINS.

Company H Five Lacked Team Play and Were Defeated Easily.

The basket ball game at the college gym Tuesday evening between Dallas college and Company H brought out a large and enthusiastic audience. Considerable coin of the realm changed hands on the event. Company H that afternoon for some reason being the favorite among the sporting fraternity. The result, however, showed that the large betters were not the wisecracks after all, as the college team put it all over the military boys, winning out by a score of 22 to 15. Lack of team work was the reason for the defeat of the company. Both teams were reinforced by members of the Oregons, as per the lineup we published last week.

A FEARLESS, HONEST PREACHER GIVES HIS OPINION OF PE-RU-NA.

An Up-to-Date Giergyman Describes an Up-to-Date Household Remedy that Has Had the Test of Time and is Known the World Over.

Some preachers are afraid to give an outspoken opinion on any remedy, however highly they may esteem it. Others are not afraid. One of those who is not afraid is quoted below. Read what he says. He means every word of it. If you doubt it write him a letter, enclosing a stamp. He will tell you what he thinks.

Catarrh of Stomach.

Rev. J. T. PEELER, Hendersonville, N. C., writes:
"I desire to make known for the benefit of suffering humanity my experience with Peruna.
"I was afflicted with catarrh of the stomach, and though I tried many remedies and applied to several doctors, it was all in vain.
"Had it not been for Peruna I believe I would have been in my grave to-day.
"I have every reason to believe that Peruna is the greatest remedy for catarrh known to the world. Therefore I have been, and shall continue to recommend it to those who are unwell."

Rev. J. G. DUKES, Pastor of the Unitarian Church at Pinetown, N. C., writes:

"My wife has been in a very bad state of health for several years, and nothing seemed to do her any good until she began to use Peruna one month ago. Since then the color has returned to her face, and she is gaining in flesh every day, and I believe she is a well woman to-day.
"My little boy, ten years old, was pale and had but little life. He began to use Peruna the day his mother began. Today his face is rosy, and he is out in the yard running and jumping with the rest of the children."

Throat Trouble.

Rev. H. W. Tate, 229 Lincoln Ave., Walnut Hills, Cincinnati, Ohio, writes that for several years he has been troubled with a peculiar spasmodic affection of the throat, which interfered with his vocation as a preacher. He took Peruna and his trouble disappeared.
