The Democrats in the House are not all harmonious, but as split dancers they can't be beat.

Mr. John D. Rockefeller's clerical adviser says drinking is not wrong, but excessive drinking is. Does the good gentleman advocate the same theory in respect to money getting?

Any girl who has a waste basket in a fair state of preservation can have a new spring hat without much cost. A few flowers and ribbons will do the rest.

An enthusiastic Oregonian returning to the east for several months visited himself in advance with a generalized note book, and made a record of all his traveling acquaintances and all his old friends with whom he talked in different parts of the country.

These people are now getting booklets from every part of Oregon through the Portland Commercial Club. Others can assist very materially in this way.

The magnificent work of the citizenship of Oregon, the co-operation of the churches and the school with the commercial bodies, has influenced nine tenths of the people who are coming to this state on colonist rates so that they can go direct to their place of final settlement, and the congestion felt so keenly at Portland during record breaking 1907 is almost entirely done away with. ## WORTH MOUNTAINS OF GOLD

### During Change of Life, says Mrs. Chas. Barclay

Grantville, Vt. — "I was passing through the Change of Life and suffering from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has done for me what no other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound."

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weakness, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

With many fine paintings of Oregon scenery. The editorial meetings, as a place for the interchange of ideas and a relaxation period for the state's busy newspapermen, has proven of great benefit to all its members, but an association to promulgate and have passed laws by the legislature for its own benefit is a most dismal failure. This we aver after a membership in the body since it was first instituted and dating back many years.

An addition is being built to the Observer office for the installation of a linotype, so we are informed by one of the proprietors. We are glad to see this evidence of prosperity in the plant of our esteemed contemporary.

"After taking three bottles of your wonderful medicine, our baby was entirely well and needed no more medicine. At sixteen months of age she weighed thirty pounds. She had cried eight months, night and day, and nothing did her good until we tried Scott's Emulsion."—MRS. E. C. SMITH, Villa Rica, Ga.

## Scott's Emulsion

probably saved this child's life. Four doctors had been tried. Scott's Emulsion seemed to be just the thing needed, and it is just the thing needed by thousands of other children. It's so easily digested, so pure and harmless, yet most powerful in building up the most delicate child or adult. But be sure to get Scott's Emulsion, there are so many worthless and harmful imitations.
