NIGHTS OF UNREST.

No Sleep, No Rest, No Peace for the Sufferer From Kidney Troubles.

No peace for the kidney sufferer—Pain and distress soon learn to night, get up with a lame back, twinges of backache bother you all day.

All aching breaks your rest at night. Urinary disorders add to your misery. Get at the cause—cure the kidney.

Doans Kidney Pills will work the cure.

They're for the kidneys only—Have made great cures in this locality. Mrs. B. Sereno, 560 High St., Salem, Oregon, says: "The good reports I heard concerning Doan's Kidney Pills induced me to procure a supply. I have been suffering from backache, which not only bothered me through the day but broke my rest at night. I began to feel the good effects of Doan's Kidney Pills after I had taken a few doses. I soon received a complete cure and there has been no backache or other symptom of kidney complaint since. I am only too pleased to let others know of such a valuable and effective remedy as Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

With all due modesty we believe the home paper is the most important institution in any town. It is the medium through which the people speak to the outside world and is the means of communication between the people of the town and the vicinity. Long ago, under inspiration of the United States Constitution, he must know what is going on about him, and the world must know what he is doing. The use of the newspaper is the best plan by which this is carried on.

Mrs. Mary O. McAllister and Wm. Kimball, both of Dallas, were united in marriage at Portland last Wednesday by J. Whitcombe Bronger.

THANKSGIVING IN FRANCE.

M. Blanc's Surprise For His American Guests.

"The most un-American Thanksgiving I ever spent was in a French hotel ten years ago," says a woman contributor to the New York Globe. "The proprietor was a friendly old soul and liberal to a fault. He not only invited all the guests in the house to dinner, but he sent invitations to ex-guests as well. One family who had spent the previous winter with him had gone home to America, leaving their daughter at school. Old M. Blanc sent an invitation to the school, and the demobelle American and a governess came to Paris and spent the day at the hotel. I had a cot in that garret 'chamber' whence we had come. There were much laughing and merriment, and we drank M. Blanc's health in his best wine as a mark of appreciation. His waiters soon appeared, tottering beneath the weight of a huge plum pudding wreathed in holly and bearing an American and a French flag. Of course we heaped him with praise. He beamed and beamed, poured brandy over his chef d'oeuvre and lighted it, served it himself and said to each person as they thanked him: 'Did I not tell you you would feel chez vous? It is in good and hot. Your national dish! Will you have some more tea?'"

RHEUMATISM CAN NOT BE RUBBED AWAY

It is perfectly natural to rub the spot that hurts, and when the muscles, nerves, joints and bones are throbbing and twitching with the pains of Rheumatism the sufferer is apt to turn to the liniment bottle, or some other external application, in an effort to get relief from the disease, by producing counter-irritation on the flesh. Such treatment will quiet the pain temporarily, but can have no direct curative effect on the real disease because it does not reach the blood, where the cause is located. Rheumatism is more than skin deep—it is rooted and grounded in the blood and can only be reached by constitutional treatment—IT CANNOT BE RUBBED AWAY.

Rheumatism is due to an excess of uric acid in the blood, brought about by the accumulation in the system of refuse matter which the natural avenues of bodily waste, the Bowels and Kidneys, have failed to carry off. This refuse matter, coming in contact with the different acids of the body, forms uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. The aches and pains are only symptoms, and though they may be scattered or relieved for a time by surface treatment, they will reappear at the first exposure to cold or dampness, or after an attack of indigestion or other irregularity. Rheumatism can never be permanently cured while the circulation remains saturated with irritating, pain-producing uric acid poison. The disease will shift from muscle to muscle or joint to joint, settling on the nerves, causing inflammation and swelling and such terrible pains that the nervous system is often shattered, the health undermined, and perhaps the patient becomes deformed and crippled for life. S. S. S. thoroughly cleanses the blood and renovates the circulation by neutralizing the acids and expelling all foreign matter from the system. It warms and invigorates the blood so that instead of a weak, sour stream, constantly depositing acids and corrosive matter in the muscles, nerves, joints and bones, the body is fed and nourished by rich, health-sustaining blood which completely and permanently cures Rheumatism. S. S. S. is composed of both purifying and tonic properties—just what is needed in every case of Rheumatism. It contains no potash, alkali or other mineral ingredient, but is made entirely of purifying, healing extracts and juices of roots, herbs and barks. If you are suffering from Rheumatism do not waste valuable time trying to rub a blood disease away, but begin the use of S. S. S. and write us about your case and our physicians will give you any information or advice desired free of charge and will send our special treatise on Rheumatism.
