DALLAS MERCANTILE CO

AGAIN VICTORIOUS.

Chemawa Indians 7 to 3; Dilworth Derbys of Portland 6 to 1.

Last Saturday, the fast Dallas Grays lined up on the local diamond against the classy team from the Government school at Chemawa, and took their Indians friends into camp to the tune of 7 to 3.

It was a pretty exhibition of baseball, however, and the spectators were more than pleased. Jones, the new find in the pitching line, certainly made good his reputation that had been made here, and Captain Toose made good his promise of springing a surprise on the fans in the twirling stunt. Jones, a former University of Michigan man, besides his pitching, he showed his ability as a "striker" getting three hits out of four times at bat. He had the Indians at his mercy during the whole of the game. This was his first game this season, and third time that he has had a ball in his hand for a year. Considering this, his pitching was nothing short of marvelous, for all know the reputation of the Chemawa boys as hitters. Jones is a little soft yet, but by next Sunday, expects to be in condition.

Up to the eighth inning, the Indians had failed to score, Dallas having secured a lead of four runs. In the eighth, lack of practice, and the strain, began to tell on Jones, and he pitched a couple of wild throws, and a bit, managed to squeeze in a run. In the ninth, on a couple of hits, and a double, the Indians piled on runs, making them three in all. The Indians had secured a hit up to the seventh inning. They put up a good game during the whole of the contest, and for the heavy hitting of the Grays, the story might have been different. Darnell pitched a good game for Chemawa, showing that he had class and a good head. In time, there is no doubt but that "Sam" Morris will have to take a back seat and let Darnell receive all the laurels.

In the sixth inning there came a pretty piece of baseball as has ever been seen on the local diamond. On errors, the Indians filled the bases, with one down. It looked as though they would score three runs at least. Teabo, their doughy little catcher, was so happy that he proceeded to open a "cushion" on second base with himself in the role of an acrobat. But Jones smiled. When he smiles in such a pinch, look out. He is out for blood. The "smile didn't" come. The next three batters up had their batting averages lowered, and went back to their bench—struck out. No one scored. The fans went wild.

Dallas scored once in the first inning, Toose hitting safely for one base, stealing second, and scoring on Fenton's single. In the fourth, Dallas scored two more runs, on hits by Rice and Jones, and an error by Sorter. In the seventh, one more run was added to the Grays, on hits by Fenton and W. Barham, and an error by Sorter. In the eighth, Rice hit for two sacks, and scored on Fenton's single. Fenton scored on W. Barham's hit. Barham was caught stealing second. Jones hit safely, and made the circuit scoring the third run of the inning. Final scores: Dallas, 7; Chemawa, 3.

On Sunday, though the day was more appropriate for a football contest than a baseball game, the Dallas Grays, before a fair sized crowd of "not-to-be-bluffed" fans, took the scalp of the Dilworth Derbys of Portland, by a score of 6 to 1. The Dilworth team though stronger than the other Portland teams seen upon the local field, were no match for the home boys.

It was a good game, regardless of the state of the weather, as long as it lasted. The grounds were in good condition, and the ball was kept dry. Doty was in the box for Dallas, and his curves were too much for the lads from the metropolis. In the six innings played he got ten strikeouts. He is a comer in the pitching division, and if he takes care of himself, before the season is over there won't be a better twirler in the state outside of the leagues. He has a good head, takes things coolly, can't be rattled, and in addition to this, has the goods to deliver, and is capable of delivering them.

The game was interesting, despite the condition of the weather. Fenton's game made, Dallas scored five times in the second inning, and once in the fifth. The Derbys couldn't find Doty, and failed to score until the sixth, when they scored one run. In their half of the seventh, they scored two more runs, but these didn't count, as the final score was the game was "called" by the umpire before Dallas went to bat in their half of the seventh, on account of the rain. Having called the game, the seventh inning could not be counted, as Dallas had no seventh inning at bat. The final score was therefore that which stood at the end of the sixth. Dallas, 6; Dilworth Derbys, 1.

Next Sunday, Dallas plays the J. G. Mack team of Portland. Don't fail to see this game. The Macks are a team with a reputation. The team is made up entirely of professional players with records. There are a lot of "big" men about. All men, and classy players at that. The editor saw them play in Salem, and he knows what he is talking about when he says that "they are a strong aggregation, and Dallas will have to go some to defeat them." So everybody come and see the game. Jones will catch the game for Dallas.

Canadian Officer Poisoned by Weeds—Eczema Developed and Legs Became Scaly—Ankles were Very Sore and Itchy—For Weeks He Could Not Wear Shoes.

"I have been successfully cured of dry eczema. I was inspecting the removal of noxious weeds, it being part of my duty, from the edge of a river and was constantly in the dust from the weeds. At night I took out my trousers and cleaned my limbs, but felt a prickly sensation. I had my attention called to it by a doctor, and I noticed a scum on my legs like fish scales. I could scrape it off, and yet it came back until it until it came to be too itchy and sore and began getting two running sores. My ankles were all sore and scaly and I could not wear shoes. I had to use carpet felt shoes, and I was compelled to be on duty. I got a cake of Cuticura Ointment. In less than ten days I could put on my boots and walk all the time. I was free from the condition of itching. I feel very thankful that Cuticura saved me from what the doctors called a bad leg. Capt. George W. Bliss, Chief of Police, at Waukegan, Ill., Mar. 20, 1907, and Sept. 24, 1908."

WAS EYE WITNESS.

Ed Richmond in Shower of Bullets at Gates Duel.

Mr. Ed C. Richmond was an eye witness and right in the thick of the recent duel that occurred at Gates between Sullivan and Herve, over the affection of a grass widow from the coast. Richmond is now dead, and Herve will probably never to face a charge of manslaughter. Mr. Richmond had been in the Cascades to look after some mining and timber ventures, and was one of the passengers on the stage returning to Gates, as was Sullivan, the man killed. He noticed Sullivan carry a pistol in his holster, but as that seems a common practice, he carried nothing of his. He noticed the stage stopped by parties and Sullivan talked with, but did not overhear the conversation. This was when Sullivan was apprised by friends that Herve was waiting at Gates to do him up. All the passengers were conversing on the way down, and Sullivan seemed as gay as any of them, and no hint of probable trouble was given. On arrival at Gates they got out, and Mr. Richmond, who was sitting up with the driver when the shooting began. He ducked, of course, and backed out of the way as soon as he saw what was up, luckily escaping a bullet. Milne was not hurt either, although a bullet struck the fishing pole he was carrying. Mr. Richmond cannot assert who fired first, as his attention was being taken up with paying the stage driver, although he noticed Herve come up with a gun and say something to Sullivan. He says the shooting reminded him of a bunch of fire crackers firing off. Herve was shot in the abdomen and Sullivan in the neck, most of the bullets going wild. Sullivan got out just behind Ed and he was really between the two men when the firing commenced. He does not want such another experience. He will be called as witness if Herve recovers enough to stand trial.

NATIVE SON GONE.

Willard H. Kinsey Passes Away in Albina.

Willard H. Kinsey, who has long been suffering with Bright's disease and other ailments, passed away on the 8th of this month, at Albina. Mr. Kinsey had not been having good health for some months, and recently had a sale of his farm goods and stock. He was a native son of Albina, and his change of climate would not afford him any relief from constant suffering. He was on his way when stricken with the disease, and he remains here brought up on the train yesterday morning, and at once taken to the Old Fellows hospital, where he was laid to rest by warm friends who have known and respected him since his residence among us. The pall bearers were W. The Goodrich, Holt Greaves, Robert Love, Holt McDaniel, C. G. Coad and Eugene Hayter. Dr. Embree made a few remarks at the grave.

Mr. Kinsey was a native son of Polk county, having been born in 1857 on the place where Frank Freisen now lives in the Richland neighborhood, but he has spent most of his life in the James Kinsey donation claim down the LaCroze. He was a son of Mr. and Mrs. Anson Kinsey, who have been dead some years, and is survived only by his unmarried sister, Miss Nancy, who has made her home with him for many years, and by whom she shared his death is nearly an unimportant one.

Mr. Kinsey had never affiliated with any organization, or sought the political honors, being of a temperament to which such things did not appeal. He preferred the quiet life of a farmer and the company of his family to other occupations. The friends he made here in high esteem for his many virtues and it is with great regret that they heard of his passing.

Mrs. B. L. Lucas, of Portland, visited over Sunday with Mr. and Mrs. H. L. Freuton.

Frank Smith and F. W. Durbin were over from Salem to attend the funeral of Mrs. Walter Baker and child, of Tillamook City, arrived on Friday on a visit with Mr. and Mrs. Ed Dunn.

RESOLUTIONS OF CONDOLENCE.

Whereas it has pleased Almighty God in His Infinite Wisdom to call from the scene of his earthly labors our esteemed neighbor, George F. Shaw.

Be it resolved, that by Dallas Camp No. 209, W. O. W. has lost a true neighbor and a faithful Woodman.

Be it further resolved, that this Camp extends its condolence and sympathy to the bereaved family.

Be it further resolved, that a copy of these resolutions be read at the subject of the family, that a copy be sent to the man, and that the charter be draped for thirty days.

Fraternally submitted,
V. P. Fiske,

THE E. L. CONVENTION.

Many Delegates Present and a Most Interesting Session.

The annual convention of the Eugene District league was held in Dallas May 7-8-9. Delegates of all the chapters were present. This convention is one long to be recalled by the many thoughts of Christian work brought out by different papers and addresses. The doors were opened by the many thoughts of Christian work brought out by different papers and addresses. The doors were opened by the many thoughts of Christian work brought out by different papers and addresses.

Friday evening after the song service Dr. M. C. Wire, our district superintendent, spoke to a large crowd, after which Miss Alpha Wilson gave the address of welcome in behalf of the local chapter of the reception committee and their places of entertainment assigned to them.

Saturday morning at 8:45 the meeting was opened in the usual way and the organizing of a committee made. Wesley Wire, of Eugene, was elected secretary of the convention. A young lady of Albany read a paper on "The International Epworth League Convention." This great convention is to be held in Seattle July 12, 1909. In some places the Epworth League is a special car for their members going to Seattle. The paper, Junior Work, written by Mrs. Ida Carter and read by Mr. Wesley Wire, brought out the idea that junior work was better and doing more Christian work than the league, because in junior work you get the younger classes interested, and they are usually more willing to help bring others into the junior league. Miss Eva Marie Jones, of Eugene, gave the address on the subject of "The Relation of the Epworth League to the Deaconess Movement." This address was certainly one of the finest taken by any one in order to hear it.

At 2:00 o'clock in the afternoon the session began. Miss Edna Morrison, of Dallas, read an interesting paper on the subject of "How can the Epworth League reach the Young People and Bring them to Christ?" I do not remember on Miss Elliott's paper, as we all know that she is capable of writing a good one. Rev. Chas. Meek, D. D., gave a pleasing address on "The Epworth League."

The reports of the chapters were very good although the members are all going to try to bring in a better report next year.

In the evening the praise service was led by Prof. Swearer, of University of Oregon, who gave the address in the words the address that President Fletcher Homan, of Willamette University was given. His subject was "The Power of the Epworth League." It seems to me as though those who heard the address would have the ambition to get a better education as to do the higher and nobler things of life. The decorations were changed and the colors of the Willamette University were used in honor to the speaker.

The Sunday school exercises were begun by the Sunday school at 10 o'clock, after which Rev. Homan again spoke to the Epworth League. The Secretary of the League's report was administered by Dr. Wire and the visiting clergyman. The regular meeting of the Epworth League was held in the evening. The delegates, the subject being "Making a Christ of Christ." Several good thoughts were given, and among them was the one, "Do we fully realize that Christ is with us all the time?" President McCain gave us this idea, that if we did realize this, we would be able to do our work and be more careful what he said and did. This service was followed by a song service, after which Prof. Swearer gave a splendid address which was certainly enjoyed by all. This was followed by the offering of offerings, after which a splendid consecration service was held, a fitting close for the convention.

THE BROWN WILL.

Provisions Made for Heirs as Filed Today in Probate Court.

In the name of God, Amen: I, William C. Brown, of the county of Polk and state of Oregon, being of legal age, and sound and disposing mind and memory, but knowing the uncertainty of life and the certainty of death, do make, publish and declare this my last will and testament in the manner following, that is to say:

First—It is my will that as soon as practicable after my death, all my just debts and funeral expenses, including the expenses of my last sickness, be paid.

Second—I devise and bequeath to my son, John G. Brown, the farm on which he now lives, the same being known as the Perry Smith place and containing about 300 acres; he to have and to hold the same during the term of his natural life, and at his death said land to go to his children, William and Clarence Brown, in fee simple.

Third—I devise and bequeath to my son, Henry M. Brown, for the term of his natural life, what is known as the Home place, the same being the farm on which he now resides, and containing about 800 acres of land, he to have the full use and occupation thereof during the term of his natural life and at his death the same to go to his sons, Frank, Lot and George Brown, in fee simple, provided they are each alive at the time of his death, and if either of them should die before the survivors to get all.

Fourth—I devise and bequeath to my son, Joseph Brown, during the term of his natural life, all the land now owned by me in what is known as the J. Holcomb place and in the J. Riggs claim, in T. S. R. W. he to have full use of same during his life and then to be divided between his natural heirs.

Fifth—I devise and bequeath to my daughter, Violet Ann Kersey, in fee simple, my home place in Dallas, together with lot 8 in block 2 in Levens addition.

Sixth—I devise and bequeath to my niece, Maud Butler, daughter of my deceased son, Alton Brown, in fee simple, that certain brick building in Dallas occupied by the First National bank and Wm. Howe grocery, with land therein.

Seventh—The balance of my estate, after turning over the foregoing bequests and paying any indebtedness and expenses, I direct to be turned over to a suitable person as trustee, who shall be appointed by the county court, said trustee to hold same in trust, except personal property, for a period of 10 years for my daughter and sons, the trustee to collect the rents and profits arising and distribute the same monthly between said daughter, share and share alike. At the end of 10 years it is to be divided between them, share and share alike.

Eighth—As soon as practicable after administration costs are paid, all money, notes, accounts and personal property are to be divided equally between my sons and daughter.

Ninth—I hereby request that the county judge appoint some discreet person as executor of this my last will and testament.

Tenth—I hereby revoke all former wills, and declare this to be my last one. Dated April 7th, 1905.

W. C. BROWN.
Witnessed by J. E. Sibley and H. C. Eakin.

The above will was offered for probate this morning, and in conformity with one of its provisions as requested by the deceased, Judge Coad has appointed Hon. R. E. Williams, president of the First National bank, to act as executor of the property.

The personal property of the estate is estimated at considerable and the cash on hand in the bank will probably exceed \$10,000. We suppose Mr. Brown's monthly rent roll will run close around \$400, on a rough estimate. There are no debts against the estate except those incurred during Uncle Bill's last illness and burial.
