

WHY NOT SPECULATE WITH No Chance To Lose

An investment of \$1,000 now will
double in one year and more
than triple in two.

We are selling 10 acre fruit tracts right
on the edge of town for \$200 an acre. They
will be worth \$800 in two years, when the fruit on
them comes into bearing. There is no question
about this increase. It has happened in orchard
land all over the valley. We give you a chance
to pick up easy money without a bit of trouble
to yourself. It is a safe investment and can
not decrease in value. We have only seven of
these tracts left, and they may be all gone any
day now. Don't wait any longer but

BAD BLOOD THE SOURCE OF ALL DISEASE

Every part of the body is dependent on the blood for nourishment and
strength. When this life stream is flowing through the system in a state of
purity and richness we are assured of perfect and uninterrupted health;
because pure blood is nature's safe-guard against disease. When, however,
the body is fed on weak, impure or polluted blood, the system is deprived of
its strength, disease germs collect, and the trouble is manifested in various
ways. Pustular eruptions, pimples, rashes and the different skin affections
show that the blood is in a feverish and diseased condition as a result of too
much acid or the presence of some irritating humor. Sores and Ulcers are
the result of morbid, unhealthy matter in the blood, and Rheumatism, Cat-
arrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood
disorders that will continue to grow worse as long as the poison remains.
These impurities and poisons find their way into the blood in various ways.
Often a sluggish, inactive condition of the system, and torpid state of the
avenues of bodily waste, leaves the refuse and waste matters to sour and
form uric and other acids, which are taken up by the blood and distributed
throughout the circulation. Coming in contact with contagious diseases is
another cause for the poisoning of the blood; we also breathe the germs and
microbes of Malaria into our lungs, and when these get into the blood in
sufficient quantity it becomes a carrier of disease instead of health. Some
are so unfortunate as to inherit bad blood, perhaps the dregs of some old
constitutional disease of ancestors is handed down to them and they are
constantly annoyed and troubled with it. Bad blood is the source of all dis-
ease, and until this vital fluid is cleansed and purified the body is sure to
suffer in some way. For blood troubles of any character S. S. S. is the best
remedy ever discovered. It goes down into the circulation and removes any
and all poisons, supplies the healthful properties it needs, and completely
and permanently cures blood diseases of
every kind. The action of S. S. S. is so
thorough that hereditary taints are removed
and weak, diseased blood made strong
and healthy so that disease cannot return. It
cures Rheumatism, Catarrh, Scrofula, Sores
and Ulcers, Skin Diseases, Contagious
Blood Poison, etc., and does not leave the
slightest trace of the trouble for future outbreaks. The whole volume of
blood is renewed and cleansed after a course of S. S. S. It is also nature's
greatest tonic, made entirely of roots, herbs and barks, and is absolutely
harmless to any part of the system. S. S. S. is for sale at all first class
drug stores. Book on the blood and any medical advice free to all who write.

CHILD ATE AN ENTIRE BOX OF CUTICURA

Spread on Some Crackers—Not the
Slightest Injury Resulted from
Little Fellow's Escapade—In
Most Positive Way Ingredients of

CUTICURA PROVEN PURE
& SWEET AND HARMLESS

A New York friend of Cuticura writes
the following interesting letter:—

"My three year old son and heir,
after being put to bed, took a trip across
the Atlantic, investigated the steam-
crackers and a box of Cuticura Ointment.

"When a search was made for the
box, it was found empty and the kid
admitted that he had eaten the con-
tents of the entire box spread on the
crackers. It cured him of a bad cold
and I don't know what else."

No more conclusive evidence than the
above could be offered that every
ingredient of Cuticura Ointment is ab-
solutely pure, sweet and harmless. It
is not the most beneficial result can
be expected to attend its application to
even the tenderest skin or youngest
infant. This feeling is shared by
mothers and nurses to such an extent
that Cuticura Soap and Cuticura Oint-
ment have for many years been unhesi-
tatingly used throughout the civilized
world for preserving, purifying and
beautifying the skin, scalp, hair and
hands of infants and children from the
hour of birth. And greater still, if
possible, is the confidence reposed in
Cuticura for the treatment of
tormenting and disgusting humors of the
skin and scalp. The suffering which
Tuesday and Wednesday among the
young and the comfort they have af-
forded worn-out and worried parents
as priceless agents in the speedy,
permanent, safe and economical treat-
ment of infantile and birth humors, eczema,
rashes, irritations, inflammations,
scabs and chaps, and other itching,
scaly and pimply humors when all other
remedies suitable for children fail.

Cuticura Remedies are sold throughout the world.

Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable

Almost everyone knows of Dr. Kilmer's
Swamp-Root, the great kidney, liver and
bladder remedy, be-
cause of its remark-
able health restoring
properties. Swamp-
Root fulfills almost
every wish in over-
coming rheumatism,
pain in the back, kid-
neys, liver, bladder
and every part of the
urinary passage. It
corrects inability to
hold water and scalding pain in passing it,
or bad effects following use of liquor, wine
or beer, and overcomes that pressing ne-
cessity of being compelled to go often
through the day, and to get up many
times during the night.

Swamp-Root is not recommended for
everything but if you have kidney, liver
or bladder trouble, it will be found just
the remedy you need. It has been thor-
oughly tested in private practice, and has
proved so successful in curing bladder
trouble, that it has been made by which all
readers of this paper, who have not al-
ready tried it, may have a sample bottle
sent free by mail, also a book telling
more about Swamp-Root, and how to
find out if you have kidney
trouble or bladder trouble.

When writing mention
reading this generous
offer in this paper and

judge is well and favorably known all

message that is not only worth the

out to spend an hour of profit with one
who is thoroughly familiar with ques-
tions of our day.
