The price of these Tracts will be placed
at \$250 an Acre.

An Investment of \$1,000 now will
double in one year and more
than triple in two.

We are selling 10 acre fruit tracts right
on the edge of town for \$200 an acre. They will
be worth \$800 in two years, when the fruit on
them comes into bearing. There is no question
about this increase. It has happened in orchard
land all over the valley. We give you a chance
to pick up easy money without a bit of trouble
to yourself. It is a safe investment and can
not decrease in value. We have only seven of
these tracts left, and they may be all gone any
day now. Don't wait any longer but

SKIN DISEASES HUMORS IN THE BLOOD

When the blood is pure, fresh and healthy, the skin will be soft, smooth
and free from blemishes, but when some acid humor takes root in the cir-
culation its presence is manifested by a skin eruption or disease. These
humors get into the blood, generally because of an inactive or sluggish
condition of the members of the body whose duty it is to collect and carry
off the waste and refuse matter of the system. This unhealthy matter is left
to sour and ferment and soon the circulation becomes charged with the acid
poison. The blood begins to throw off the humors and acids through the
pores and glands of the skin, producing Eczema, Acne, Tetter, Psoriasis,
Salt Rheum and skin eruptions of various kinds. Eczema appears, usually
with a slight redness of the skin followed by pustules from which there
flows a sticky fluid that dries and forms a crust, and the itching is intense.
It is generally on the back, breast, face and arms and legs, though other parts
of the body may be affected. In Tetter the skin dries, cracks and bleeds;
the acid in the blood dries up the natural oils of the skin, which are intended
to keep it soft and pliant, causing a dry, feverish condition and giving it a
hard, leathery appearance. Acne makes its appearance on the face in the
form of pimples and black heads, while
Psoriasis comes in scaly patches on different
parts of the body. One of the worst
forms of skin trouble is Salt Rheum;
its favorite point of attack is the scalp,
sometimes causing baldness. Poison Oak
and Ivy are also disagreeable types of skin
disease. The humor producing the trouble
lies dormant in the blood through the
winter to break out and torment the
sufferer with the return of Spring. The best
treatment for all skin diseases is S. S. S.
It neutralizes the acids and removes the
humors so that the skin instead of being
irritated and diseased, is nourished by a
supply of fresh, healthy blood. External
applications of salves, washes, lotions, etc.,
while they soothe the itching caused by
skin affections, can never cure the trouble
because they do not reach the blood. S. S. S. goes down into the circulation
and forces out every particle of foreign matter and restores the blood to its
normal, pure condition, thereby permanently curing every form of skin
affection. Book on Skin Diseases and any medical advice desired sent free
to all who write. S. S. S. is for sale at all first class drug stores.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this
country more common because cheap-
er than any other. Many sudden
deaths are caused
by it—heart dis-
ease, pneumonia,
heart failure or
apoplexy are often
the result of kid-
ney disease. If
kidney trouble is
allowed to advance
the kidney-joined
blood will at-
tack the vital organs, causing catarrh
of the bladder, brick-dust or sediment in
the urine, head ache, back ache, lame
back, dizziness, sleeplessness, nervous-
ness, or the kidneys themselves break
down and waste away cell by cell.
Bladder troubles almost always result
from a derangement of the kidneys and
better health in that organ is obtained
quickest by a proper treatment of the kid-
neys. Swamp-Root corrects inability to
hold urine and scalding pain in passing it,
and overcomes that unpleasant necessity
of being compelled to go often through-
out the day, and to get up many times during
the night. The mild and immediate effect
of Swamp-Root, the great kidney remedy
is soon realized. It stands the highest be-
cause of its remarkable health restoring
properties. A trial will convince anyone.
Swamp-Root is pleasant to take and is
sold by all druggists in fifty-cent and
one-dollar size bottles. You may have a
sample bottle and a book that tells all
about it sent free by mail. Address,
Dr. Kilmer & Co., Binghamton, N. Y.
When writing mention reading this news-
paper in this paper. Don't make
any mistake, but remember the name
Swamp-Root, and don't let a dealer sell
you something in place of Swamp-Root—
you do yourself will be disappointed.

hold urine and scalding pain in passing it,
and overcomes that unpleasant necessity
of being compelled to go often through-
out the day, and to get up many times during
the night. The mild and immediate effect
of Swamp-Root, the great kidney remedy
is soon realized. It stands the highest be-
cause of its remarkable health restoring
properties. A trial will convince anyone.
Swamp-Root is pleasant to take and is
sold by all druggists in fifty-cent and
one-dollar size bottles. You may have a
sample bottle and a book that tells all
about it sent free by mail. Address,
Dr. Kilmer & Co., Binghamton, N. Y.
When writing mention reading this news-
paper in this paper. Don't make
any mistake, but remember the name
Swamp-Root, and don't let a dealer sell
you something in place of Swamp-Root—
you do yourself will be disappointed.

There is a disease prevailing in this
country more common because cheap-
er than any other. Many sudden
deaths are caused
by it—heart dis-
ease, pneumonia,
heart failure or
apoplexy are often
the result of kid-
ney disease. If
kidney trouble is
allowed to advance
the kidney-joined
blood will at-
tack the vital organs, causing catarrh
of the bladder, brick-dust or sediment in
the urine, head ache, back ache, lame
back, dizziness, sleeplessness, nervous-
ness, or the kidneys themselves break
down and waste away cell by cell.
Bladder troubles almost always result
from a derangement of the kidneys and
better health in that organ is obtained
quickest by a proper treatment of the kid-
neys. Swamp-Root corrects inability to
hold urine and scalding pain in passing it,

EOLA.

Sunday school is getting along fine
with their button contest, 42 last Sun-
day.
Boy training is about over for the
women folks, there will be some train-
ing on the sleds for the men.
There is a town site laid off on the
McNary place on the Independence road
called McNary.
Lewis Beck, wife and daughter, Mar-
garet from Salt Creek, visited R.
Brinks last week.
Cherries are ripening very slowly on
account of cloudy weather. Fergoson
will commence picking 29th.
The railroad is being finished up
ready for the rails to be laid. Now
Miller has finished his part which was
from Eola to Traggio's.
Sunday, July 4th, the Eola Sunday
school will meet at the schoolhouse at
9 o'clock, from there they will go to the
Burch picnic grounds near Rickreall,
where they will have Sunday school,
then a lunch, then a good time general-
ly. The picnic will be a success, and
very likely there will be another
one needed.
