

# S.S.S. CURES MALARIA

Malaria is a species of blood poverty known as anaemia. It is a condition in which the circulation is so weak and impure that it is unable to supply the system with sufficient nourishment and strength to preserve ordinary health.

The medical profession is divided in opinion as to the manner in which malarial poison gets into the blood. Some take the position that it is an atmospheric poison, the specific germs of which are breathed into the lungs and thus transmitted to the circulation. Others advance the opinion that persons become inoculated with the poison through the bites of mosquitoes. All however agree that MALARIA is a blood affection, and any treatment to successfully overcome it must not only purify this vital fluid, but at the same time add the necessary qualities of richness and strength to the circulation.

The malarial poison destroys large numbers of the red corpuscles of the circulation, and the peculiar paleness of anaemic persons is due to this fact. In the first stages of Malaria there is a bilious condition of the system, constant bodily weakness, poor appetite, and a "no account," tired feeling. S.S.S. searches out and destroys every particle of malarial infection and builds the blood up to a healthy, nourishing condition. Then the system receives its required nutriment, the bright red corpuscles begin to multiply in the circulation, sallow complexions grow ruddy and flushed with health, the liver and digestion are righted, the appetite improved, and the system vitalized and refreshed in every way. S.S.S. is a safe and pleasant remedy as well as an efficient one. If you have Malaria we will be glad to have you write us describing the case. We will send free our book on the blood and at the same time our physicians will give you some medical advice that will be of great service to you in curing yourself with S.S.S. No charge for the book or advice.

## COOPER BROTHERS GATHER. Seven of one Family Living Whose Ages Total 460 Years.

The seven Cooper brothers, all prominent in the local history of Oregon, held their sixth annual family reunion at the home of Colonel J. C. Cooper at McMinnville Saturday. The combined ages of the seven brothers aggregate 460 years. The members of the family group consist of W. H. Cooper, of Stanton, aged 76 years; D. J. Cooper, of The Dalles, aged 74 years; J. S. Cooper, of Independence, aged 69 years; J. C. Cooper, of McMinnville, aged 65 years; R. D. Cooper, of Grass Valley, aged 60 years; E. W. Cooper, of Grass Valley, and J. E. Cooper, of Portland, twins, aged 58 years.

The Cooper boys, all loyal to the Union cause during the Civil War, witnessed much of the border warfare in the vicinity of their Missouri home. To J. C. Cooper, who was host at today's reunion, was entrusted the family hoard of gold. This he buried safely just before one of the guerrilla raids, the members of which came near hanging his father because he could not tell them where the treasure was hidden.

W. I. Cooper, the eldest of the boys, bears the distinction of having cast the one solitary vote that was polled for Abraham Lincoln at Springfield, Mo., in 1860.

**WIN THEN LOSE.**  
Taft Vetoes Siletz Bill Passed by Both Houses of Congress

On the advice of Secretary Ballinger, President Taft Saturday night declined to sign Representative Hawley's bill confirming the titles of some 80 odd settlers on the Siletz Reservation and by reason of this "pocket veto" the bill is dead.

This bill passed the house of representatives several weeks ago and was promptly reported to the senate and lay on the senate calendar for two weeks before it was called up by Senator Chamberlain. Saturday the bill was

engrossed, signed by the speaker of the house and Vice President Sherman, and was laid before the president when he came to the capitol that night. As the bill relates to affairs of the interior department the president referred it to Secretary Ballinger, who was present, and he advised against its approval, contending it would legalize titles that might better be handled in the regular way by the interior department.

On this advice President Taft declined to sign the bill. The interior department, under its agreement with the Oregon delegation, will now proceed to dispose of the long-standing Siletz cases in accordance with their merits as the department sees them.

Representative Hawley is deeply disappointed at the failure of his bill, for he lectured a vast amount of time securing its passage through the house and regarded it as a measure intended to grant relief to persons who have honestly striven to acquire title under adverse circumstances.

As the interior department probably will pass on all entries that would be affected by the Hawley bill before congress reconvenes in December, probably no further attempt will be made to legislate along this line.

Had this particular bill been promptly passed through the senate when reported, however, Hawley could have had an opportunity to explain its provisions to the president, and he feels that under those circumstances Taft would have acted favorably.

That night, with a great mass of bills to sign, the president had no opportunity to discuss any one in detail.—Oregonian.

## DO IT NOW. Dallas People Should not Wait Until it is too Late.

The appalling death rate from kidney disease in most cases is due to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms give place to chronic disorders and the sufferer grows gradually into diabetes, dropsy, Bright's disease, gravel or some other serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells, if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's kidney pills are especially for kidney disorders—they cure where others fail. Over one hundred thousand people have recommended them.

Here is one of the many cases in this vicinity:  
M. B. Stoner, McMinnville, Ore., says: "I was bothered a great deal at times by backache and dizziness, and the contents of several boxes of Doan's kidney pills checked my trouble."

For sale by all dealers. Price 50 cents. Write Millburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

## VETERAN PRINTER. Connected With Early Day Work in Polk County.

Coll Van Cleave, a pioneer printer of Oregon, died at St. Joseph's home for the aged in Montavilla Friday, aged 77. The details of the funeral, which will be held Sunday, have not been arranged.

Mr. Van Cleave spent an energetic life, and in addition to aiding in the publication of some of the more important newspapers of the pioneer days, he held various political positions. He was one of the first mayors of Albany and during President Arthur's administration he served as collector of customs at Yaquina. He was born at Lebanon, Illinois, and when 18 years old he established a newspaper at Springfield, Ill.

At the outbreak of the Civil War he was made captain of Company F of the Ninth Illinois Calvary in 1862. Soon after leaving the military service in the early 60s, Mr. Van Cleave came to Oregon and went to work on The Dallas Register. Later he came to Portland and worked on the Oregonian as a typesetter. He was long the editor of the Albany Register and later, on the coast, edited the Yaquina Advertiser.

Although the father of 13 children, only six six survive. They are: Fred A. J. and Archie C. Van Cleave, of Portland; Ralph S. Van Cleave, of Toledo, Ore.; Mrs. Floyd A. Williams, of Independence, and Harrie Merie, an actress, of Salt Lake City, Utah.—Oregonian.

## ELECTRICITY FOR LIGHTING IS ONLY EXPENSIVE TO PEOPLE WHO ARE WASTEFUL AND CARELESS. TO YOU, WHO ARE NATURALLY CAREFUL, IT DOES NOT COME HIGH.

It is economical because it can be quickly turned off when not needed. With gas or kerosene there is the temptation to let light burn, when not needed, to save bother of lighting and adjusting. In some homes the electric light bill amounts to only about \$2 per month. You can probably get some kind of artificial light for less money than electric light, but does it save you anything when it limits opportunities for work and recreation, ruins your eyesight, smokes your walls, mars decorations and increases household work. You can probably save a dollar tomorrow by going without your meals, but it wouldn't be economy. It is not so much what you save, but how you save, that counts. We are always ready to explain the "ins and outs" of the lighting proposition to you. Call on us or phone to us. We are never too busy to talk business.
