

S.S.S. CURES SKIN DISEASES

The skin is composed of two distinct layers. One is known as the epidermis, or outer skin, which has no fibres, and serves principally as a covering to the body, and a protection from outward dangers to the delicate flesh beneath. The other layer is known as the derma, or true skin, and is composed of elastic fibres, fat tissue, glands, lymphatics, nerves, etc. The thousands of tiny veins and arteries with which it is interlaced constantly supply every fibre and tissue with healthful properties from the circulation to keep the skin smooth and perfect.

This is changed, however, when the blood becomes infected with humors, acids or impurities. Instead of constantly supplying rich, nutritive properties to the skin, the circulation deposits the acid impurity with which it is contaminated, into the sensitive fibres and tissues. This causes irritation and inflammation, which splits or breaks the thin outer cuticle, while the tissues beneath ulcerate and discharge upon the surface in the form of Eczema, Salt Rheum, Tetter, etc. There is likewise a dry form of skin diseases, such as Acne, Psoriasis, etc. In these varieties the humor in the blood diseases and inflames the glands, hair follicles, etc., causing them to swell and protrude from the outer surface. Pimples, rashes, eruptions and like troubles, are all dependent on imperfect blood, and no one can have a good complexion, free from humiliating blemishes, unless the skin is kept healthy by good blood.

S.S.S. cures Skin Diseases of every kind by neutralizing the acids and removing the humors from the blood. It cools the acid-heated circulation, builds it up to normal strength, multiplies its rich, nutritious corpuscles, and adds to its purity in every way. Then the skin, instead of being irritated, inflamed and diseased by acid impurities or fiery humors, is nourished, healthy stream of blood. S.S.S. is the greatest of all blood purifiers, and therein lies its ability to cure skin diseases. The Swift Specific Co., Atlanta, GA. Medical advice free.

S.S.S. CURED HER.

Some time ago I was troubled with a severe skin affection called Acne. Small pimples would appear on my face and neck which would in time fester and become inflamed. My complexion soon turned muddy and sallow and most unsightly. I resorted to every remedy I could find, but nothing seemed to help. I was advised to try S.S.S. and concluded to give it a trial. The result was entirely satisfactory. My complexion soon became clear, the pimples disappeared, and my skin became soft and smooth. I cannot too highly recommend S.S.S. to any who are likewise afflicted.

In a personal letter from Chester Washburn, United States geological expert, he says that he may in the near future get up here for the purpose of examining our strata as to whether it may be considered as oil producing. We are very much under the opinion that if he does not get here within the next few days, we will have found out for ourselves, and that the result will be extremely gratifying to all of us.

Presumably a spark from the creamery chimney set fire yesterday afternoon to the old Madison saloon roof, and burned quite a hole. It was extinguished by the hose cart across the street without calling out the department.

Obituary.

Elizabeth Scott was born in Walpole county, Iowa, June 7, 1855 and crossed the plains with her parents in 1865, was baptized into the church of Christ in 1867 by Elder Mar at Rickreall, Ore. She was married to John L. Fishback April 5, 1874. To this union were born ten children of whom nine are living, and were all by her bedside during the last illness which was very severe. After a goodbye handshake and asking each one to meet her in heaven she was more than reconciled to go home to the father that gave her and her loved ones who had gone on before. Sister Fishback had always lived in or near Monmouth. Her faith in God's word never wavered. Her interest in the church was marked by intelligent devotion to the principles of New Testament Christianity and her children in that they rise up and call her blessed. The funeral services were conducted by her ex-pastor, Rev. E. C. Wignome, by her request and her body was laid to rest by that of her husband in the K. of P. cemetery, north of Monmouth.

It was no Trick at all. Wash, Lane county, entered the second prize at the Salem cherry fair, way and made Polk county hustle to pull down the first prize. It had been little earlier in the season. Lane would have repeated its record of last year. Cherries ripen here earlier than in Polk and our best cherries were gone. Cottage Grove Leader.
