Rev. Pease visited in Astoria Saturday and Sunday.

J. J. Davis was a county seat visitor Monday.

Mrs. Shore went to Portland Saturday.

Christian Church Services.
 Bible school 10 a. m. Morning subject, "Choice of Masters." C. E. at 4:30 p. m. Evening subject, "Christian Unity." During the evening service I expect to demonstrate how all churches may become united, without loss to any. Every true christian recognizes that it would be better if all churches were united and absolutely harmonious. You are invited to come with all of your friends to this discussion of this most vital of all subjects.

LEON MYERS,
 Christian Minister.

Hon. Punderson Avery, of Corvallis, ex-senator from Benton county and one of the leading citizens of that county, is a candidate for the democratic nomination for senator from Polk and Benton counties. Mr. Avery's candidacy was announced too late to admit of the filing of the nominating petitions, but his friends will vote for him by writing his name on the ballot, and placing an X before it, as some other democratic nominations will be made. Friends of Hon. Geo. W. Myer, of Dallas, former representative from this county, will probably nominate him in like manner for joint representative from Polk and Lincoln counties. It is understood that Mr. Myer will make a vigorous campaign if nominated.

The sample ballots for primary election are out, that of the republicans being a green one and the democrats pink. After taking our policies by the wholesale, they have now gone so far as to usurp our color.

WILLIS S. DUNIWAY
 Direct Primary Candidate for State Printer at Republican Primary, Sept. 24.

To the Republicans of Oregon.
 In my first campaign for State Printer, I pledged the people of Oregon "an economical business administration, square deal for taxpayers, no deals with bosses." Daily, during my term, I have been mindful of my obligation to the electors who gave me their trust and confidence.

What has been done during my term as State Printer is fairly well known to the people of the state of Oregon, inasmuch as the newspapers have generously given to the public from time to time statements of my economics that have saved over \$40,000 to the State Treasury in three years.

Calling attention of the Republicans to the fact that it is honest observance of the laws, rather than any particular system, which is necessary in the printing and all other departments, I respectfully submit my name a second time to the judgment of Republicans who desire economical business conduct of the State Printer's office.

WILLIS DUNIWAY.

Statement of Senator C. W. Nottingham
 Chairman Investigation Committee
 Portland, Oregon, September 10, 1910.

As Chairman of committee of hold-over Senators, appointed to investigate cost of operating state institutions and departments, I asked the State Printer in the early summer as to his receipts. I had heard that he was making \$40,000 to \$50,000 a year out of the state. He said that he drew less than \$32,000 gross per year for the services of his plant and the entire force of skilled workmen (10 to 35 an average 18 or 20 men, at salaries averaging \$1,200 each per year), and asked me to write the Secretary of the State's office for confirmation from the records as to the amount received by the Printing department annually under Duniway's administration.

On August 11, 1910, I wrote the Secretary of State, asking for a statement, and on August 18, 1910, I received a reply, giving information as to amounts paid State Printer Duniway from all sources from January 1, 1907, to August 1, 1910. It confirms Mr. Duniway's statement that the Printing Department has drawn somewhat less than \$32,000 gross per annum during his term. It includes everything from the University of Oregon to the A. Y. P. Commission to the Seattle Fair, and also the expense of printing 125,000 copies of initiative measures submitted to the voters of the state in 1905, as well as legislative printing and printing for all departments.

With this amount of \$32,000 per year, the State's expenditures for printing are ended, as the Printer must furnish the plant, pay all employees, supply everything needed in the way of machinery, ink, power, and incidentals, and make what profit he can for himself and his presses, linotype and other equipment. The state of Oregon is certainly getting her immense amount of printing at low figures since Mr. Duniway became State Printer.

The statement published by the assembly candidate for printer (Clarke) that State Printer Duniway's "income is greater than the combined salaries" of the governor and 20 other state offices is ridiculous. They draw \$68,800 per year, against \$32,000 per year for the printer, his plant and employees.

The imaginative yarn by "Bill" Baker (brother of Frank C. Baker) that State Printer Duniway "will make \$111,301.33 profits" (or \$28,000 a year) is silly. \$28,000 of profits out of \$32,000 gross won't do even for a campaign lie. It simply shows that the old printing crowd, headed by Duniway, is bitter against him, and is ready to go any length to defeat the Direct Primary Candidate.

(Signed) C. W. NOTTINGHAM.

Duniway Commended by an Assembly Paper

It pays to be honest, generally. And then it is right, which is a better reason. A number of Oregon Newspapers have been lying about W. S. Duniway, state printer. This does their cause more harm than good. They have been saying, for instance, that Mr. Duniway ran four years ago, on the flat salary issue. This is a plain lie. He did nothing of the kind. He ran on the promise to put the office on a business basis, which he did. And to cut out the graft, which he did. They have been telling lies about the profits of the office—lies that are easily proven such. Plain lies when put along side the facts. Mr. Duniway is not on the Statesman's ticket, but he is a Republican, and a staunch one, and he has been and is running his office as he said he would, charging the rates fixed by law, without any padding, spreading or grafting of any kind.

Paid Adv. S22

FOR CONGRESSMAN

Hawley or Mulkey---Which?

W. C. Hawley is the assembly candidate.

B. F. Mulkey submits his candidacy to the people.

Hawley opposes Statement No. One, direct legislation and popular election of senators.

Mulkey stands for Statement One, the direct primary and popular election of senators.

Hawley stands for Cannonism, Aldrichism and standpatism. He voted for a revision of the tariff to enrich special interests.

Mulkey stands for a revision of the tariff downward to benefit the consumer, stands with the insurgents and Roosevelt to make this a "government of the people, by the people, for the people," instead of for the trusts and special interests.

Hawley is reactionary.

Mulkey is progressive.

Mulkey has challenged Hawley to debate the foregoing issues.

Hawley has repeatedly declined.

Why?
 Which do you prefer?
 If you are a stand-patter, vote for Hawley.
 If you are a progressive, vote for Mulkey.
 No. 13 on ballot.

Shore's Department Store

DALLAS, ORE.

TO THE VOTERS OF POLK COUNTY

Having been urged by my friends to become a candidate for the office of Representative from Polk County, I wish to say, that I was born and raised in Polk County and have spent the most of my life here. I have followed my occupation of farming in Eola precinct during the term of my life so far and have never before been a candidate for any office and it is with reluctance that I now enter upon the race; however I promise that if elected I will at all times support Statement No. 1, the Direct Primary, and will to the best of my ability at all times represent the people of Polk County.

THOMAS W. BRUNK

Paid Adv. S22

FOR STATE TREASURER

T. B. Kay, anti-assembly candidate for State Treasurer, is well qualified for the position, having had wide experience in both business and public life. He has served eight years in the legislature and was chairman of the Ways and Means committee and other important committees, and has been in touch with the ways of doing business in the various state institutions.

While always opposing clerkship grafts and useless appropriations which earned for him the name of "The Watch-dog of the Treasury," yet he was always a liberal supporter of measures of merit in the interest of the various sections of the State.

Mr. Kay supported the measure in the interest of the Monmouth Normal school, which should commend him to the friends of that institution. He was the author of the flat salary law which saves to the state over \$35,000 annually, and his record is as good as any in the legislature.

Vote for T. B. Kay for State Treasurer.

Paid Adv. S22

JUDGE GRANT B. DIMICK
 OREGON CITY, OREGON
 Direct Primary Candidate for Republican Nomination for GOVERNOR

Judge Dimick was born in Marion county, Oregon, March 4, 1869; elected mayor of Oregon City in 1899 and re-elected for four successive terms; elected presidential elector on the Republican ticket in 1904; elected county judge of Clackamas county on the Republican ticket in 1906. He was educated in the state normal school at Monmouth, Oregon.

I stand as a firm defender of the Direct Primary Law and Statement No. 1, as enacted by the people of the state of Oregon by one of the largest majorities ever given an initiative measure, and also the Initiative and Referendum, for the reason that it is a safeguard to the rights of our people, and has been the means of giving to the people of our state valuable legislation.

I have pledged myself to the people of the state of Oregon that if elected, I will, during my term of office, discharge my duty carefully, fearlessly and honestly, and see that all laws are strictly enforced.

That I will oppose any attempt by the legislature to destroy the Primary Legislation Law or the Initiative and Referendum.

That I will oppose all extravagant appropriation of public funds, and also the creation of additional salaried offices, boards and commissions.

I am opposed to hiring out our State prisoners to private parties to manufacture commercial products that are sold in the open markets in direct competition to commercial products made by honest labor.
