

## Tickling in the Throat

"Just a little tickling in the throat!" Is that what troubles you? But it hangs on! Can't get rid of it! Home remedies don't take hold. You need something stronger—a regular medicine, a doctor's medicine. Ayer's Cherry Pectoral contains healing, quieting and soothing properties of the highest order. Ask your doctor about this. No alcohol in this cough medicine. J. C. Ayer Co., Lowell, Mass.

Constipation positively prevents good health. Then why allow it to continue? An active liver is a great preventive of disease. Ayer's Pills are liver pills. What does your doctor say?

## TICKING RASH ON FACE AND NECK

Cured—Scratched Until Face was Mass of Raw Flesh—Used Cuticura and had First Good Night's Sleep in 3 Months.

"An itching rash broke out on my face and neck, so bad that I scratched it until my face was a mass of raw flesh which kept me awake all night. After going to my family doctor, he not helping me, I tried another doctor, but without success. After doctors failing a friend recommended the Cuticura Remedies. That night, after washing my face and neck with Cuticura Soap, I applied some Cuticura and had the best night's sleep in three months. I used about two lots of Cuticura Soap and Cuticura when you could not see a mark on my face or neck. I will gladly recommend the Cuticura Remedies to anybody."—Wm. Silver, 213 West 26th St., New York, Mar. 1, 1910.

In another letter Mr. Silver says: "My rash was of about two years standing. After using Cuticura Soap and Cuticura for about three days I saw a decided improvement and was entirely cured in two months." For the prevention and treatment of itching, burning, scaling eruptions and the promotion of permanent skin and hair health, Cuticura Soap and Cuticura Ointment are absolutely unrivaled in purity, efficacy and economy. A single cake of Cuticura Soap and box of Cuticura Ointment are sufficient.

Send throughout the printer word. Please give a free trial. Send your name and address to the nearest Cuticura box or to the treatment of the skin.
