

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There is no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to Wendell's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.—take the advice received and be well.

COUNCIL MEETING.

Quite a Number of New Crosswalks Ordered Put in.

The city council met in regular session last Monday evening with all members and officers present except Fenton.

Coad reported that the street committee had ordered the auto speed signs changed to conform with the state law on the subject. He also reported several railroad crossings in bad shape. Also that the committee had allowed George Gerlinger to change contour of the bridge at the south end of Main street. He also recommended a crossing from Youkum's to Coulter's. Report adopted.

The hearing was opened for objections or remonstrances regarding the assessment for street work on Church and Clay. Mr. H. S. Butz and Mr. Nate Snow appeared and raised objections to as they thought to a much dirt, but when they were advised that the streets were not yet completed, as they had yet to have the dirt removed with the flexible roller when it arrives, then rolled and put in first class condition, the objections were removed.

Arres reported the purchase of the necessary books for conforming with the Bancroft bonding act at a cost of some \$50.

New crosswalks were ordered from Stouffer's to the high school, from Biddle's to Grant's and that those removed on Mill street be replaced at once.

Statts moved that street committee take up with the school board the condition of the newly laid walk at the high school—not sufficient crown.

Coad brought up the matter of the S. P. violating a city ordinance regarding the cutting into our macadam streets. The auditor was ordered to notify the railroad company of their liability.

A resolution apportioning the cost of macadam work on Clay and Church streets was read and passed.

An ordinance providing for the construction of cement walks in the business district was read first time.

An ordinance regulating the construction of cement walks was referred back from the ordinance committee with an adverse report, and upon coming up for passage was defeated.

A request from Arres for a cement crosswalk across Williams street to the postoffice at no cost to the city, was laid over until such time as the road scraper has been tried out.

On motion of Coad the matter of getting rid of the city garbage was referred to the committee on health and police with power to act.

The matter of repairing the macadam at the railroad crossing on Main street was on motion of Statts left to the street committee.

HOPS VALUED BY LOOKS AND AROMA.

Best Are Raised in Bohemia, Bavaria and Parts of England.

According to the prevailing opinion, which, according to some American growers, are mere prejudices, the best hops are raised in Bohemia, Bavaria and some parts of England, notably Kent. Most American brewers as well as their European brothers value hops largely by their appearance and their aroma. This matter is being

HEAD OF GOLDTHROAT BARLEY.

thrashed out thoroughly in connection with the barley and hop exhibition which will be held in Chicago Oct. 12-22. As in the case of other aromatic plants, the sources of the aroma are not well understood. Aroma usually depends upon such minute particles of substance that even the delicate reactions in the chemical laboratory are frequently inadequate to discover them. The high prices which are paid, for instance, for certain wines are based upon their flavor or aroma, and yet this flavor or aroma cannot be discovered by chemical analysis. It is not surprising, therefore, that the substances which contain the flavor or aroma of hops have never been ascertained with certainty. There is a theory that they are closely associated with the soft resins contained in the lupulin, or the hop flour, which is found between the bracts of the cone and which is really the essential part of the hop plant.

As for the color of the hops, various preferences prevail, some preferring the varieties which are entirely green, while others think the yellowish green is preferable. In this country the yellowish kinds are usually preferred, while in Germany the green ones have the call.

Inasmuch as the brewing value of hops depends largely upon the lupulinic acid and the soft resins and the American hops are unusually rich in soft resins, American hop growers need have no fear of entering the prize competition at Chicago under the rules which have been adopted for the jury which is to judge the hops.

Have your family photograph, it will yield you more satisfaction as the years go by than in any other way. Do it and do it now. Cherrington is still in Dallas and will make you the very finest. Your friends will love you better if you give them a fine photograph of yourself.

Chamberlain's Cough Remedy
Cures Colds, Croup and Whooping Cough.

TAKE IT IN TIME.

Just as Scores of Dallas People Have

Waiting doesn't pay. If you neglect the aching back, urinary troubles, diabetes, surely follow. Doan's Kidney Pills are for backache, for other kidney ills. Many people in this locality recommend Doan's Kidney Pills.

Here's one case: Z. Rosendorf, Front St., Independence, Ore., says: I do not believe there is a man in this country who has suffered as severely from kidney disease as I have during the past ten years. I had acute pains throughout my body and often my back was so weak and stiff that I could not stoop. My kidneys were also disordered and too frequent passages of the kidney secretions obliged me to arise many times at night. My limbs became badly swollen and there was a puffiness beneath my eyes. I doctored in great detail but did not receive relief until I began using Doan's Kidney Pills. I felt better from the first and continued taking them until every symptom of kidney trouble had disappeared. I firmly believe that Doan's Kidney Pills saved my life and for that reason I cannot praise them too highly.

The above statement was given on September 7, 1907 and on December 9, 1907, Mr. Rosendorf said: "The statement I gave for publication recommending Doan's Kidney Pills two years ago, still holds good. I am glad again to give this preparation my endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

AL. G. BARNES' BIG WILD ANIMAL CIRCUS.

"Totally different from anything you have ever seen before."

That is the keynote of the success of the Al. G. Barnes Big Three Ring Wild Animal Circus that comes to Dallas Thursday, September 28th, for two performances, the first of which will begin promptly at two o'clock in the afternoon, and the second at eight in the evening.

Of course, there will be a parade, but it is not to be one of the ordinary spectacles associated with the familiar circus. Instead, this parade, upon which many thousands of dollars have been invested in excess of the usual amount of the size and importance of the Al. G. Barnes organization, will include many features entirely new to the circus parade.

The Al. G. Barnes is the only real wild animal circus in the world. There are other combinations that advertise trained animals as an adjunct to their exhibitions, but Barnes is the only one presenting a performance lasting two hours which is given entirely by 300 trained animals from the jungles and wildernesses of strange countries.

There are lions, tigers, bears, leopards, panthers, cheetahs, monkeys, and other most familiar animals that perform marvels in the way of horsemanship, leaping on and off the backs of fleet steeds as they travel at electrical speed around the three big rings.

Again, there are elephants that reproduce scenes in a latter shop with such humorous effect that the audience is kept in a constant roar of sincere laughter.

A particular feature of the Al. G. Barnes Big Three Ring Wild Animal Circus is the steel arena. In this stronghold are inclosed at each performance the most untamable of beasts and their human masters; for a beast may be untamable, but still yield, under human dominion, to training. Men and women both are the trainers—fierce, indomitable coteries who direct the movements of savage lions, cougars, leopards and jaguars with the readiness of a school teacher handling a class of children.

The only troupe of performing Royal Bengal tigers, the same representing an expenditure of \$20,000, that is known in the United States is offered by Al. G. Barnes. There is one other, but that is a troupe owned and operated for the pleasure of the Maharajah of Ceylon. These fierce beasts do remarkable tricks in the steel arena, and their size and sinuous grace is such that many artists throughout the country have used them as models.

Bears are always popular. There is something almost human in their attributes, and in the troupe of seven which Mr. Barnes presents are acrobats and comedians that never fail to score "big hits."

Columns would be necessary to describe all the marvels that are offered in this big show in which every act is a thrill. But too much stress cannot be laid upon the complete dog and pony circus which Mr. Barnes has provided.

The intelligence of the seal is well known. But "High School Seals" are something new. Mr. Barnes has them. This group of amphibians do everything but talk. They ride horses with the ease of the practical equestrian, play ball and juggle flaming torches, just the same as you would yourself if in the sawdust ring.

Music! To be sure! Al. G. Barnes has one of the best orchestras possible to obtain, and that is Professor Nichols' Military Concert Band, which will give a concert preceding each performance.

Free street parade at 10 a. m.

Real Estate

THE AWARDS FOR EXHIBITS OF BARLEY.

Cash Prizes Totalling Seven Thousand Dollars.

Awards for exhibits of barley at the second international barley and hop prize exhibit at Chicago, Oct. 12-22, will be made as follows: The awards will consist of over 100 cash prizes, totalling about \$7,000, which have been contributed by a number of associations of brewers, maltsters and individual manufacturers. The highest individual prize is \$300.

For the purpose of prize distribution each of the four botanically different types represented by (1) Marchia, (2) Bay Brewing, (3) White Club, (4) Chevalier will constitute a class by itself.

Prizes are also awarded according to geographical origin—by states—and commercial importance of the crop in the discretion of the committee on awards.

LEAVES (BRACETS) OF THE CONE OF HOPS.

awards. Special awards will also be made in accordance with the conditions imposed by contributors. The amount of barley offered for exhibit must be at least sixty pounds in bulk, with a sheaf of barley of at least twelve heads each.

The specimens must represent a fair average product of one field on which they were grown and must be taken by the exhibitor himself from a quantity of 2,000 pounds at least.

All samples of barley must be properly certified to have been grown by the exhibitor according to the "rules and regulations" to be obtained from the committee on awards, 1508 Republic building, Chicago.

At the hop ranch of Davidson & Hedges, two miles from Independence, fire brought about a loss of \$25,000 Monday morning at a defective fire caused the blaze. All the hops had been picked and dried and when the fire started it was impossible to check the flames after the hops had ignited. Two hundred and fifty bales, weighing 200 pounds to the bale, were destroyed. These were contracted for at 40 cents a pound and the three hop houses burned were valued at \$3000 each. The property was insured for \$6000.

You can get the Pacific Monthly and the Itemizer for \$2 a year.

Will be in our new building about **Sept. 15th.** with many new and up-to-date pieces of Furniture, Caskets and Rugs.

Several new lines will be added to our already well assorted stock.

Trunks and Suit Cases are in now which make a New Line for us. WE handle everything in our line.

Detroit, Mich., August 21st, 1911,

MR. C. L. CRIDER,
DALLAS, ORE.

Flanders 20 wins the 800 mile St. Louis to Kansas City reliability run. Score 998, two points penalty only for loose nut on fender. Four days of heavy driving, sand and mud. Flanders worked perfectly throughout the run, defeating Marmon, Cadillac, Hudson, International, Ohio, Buick, Parry, Mitchell and Ford. Every car defeated by Flanders 20 except Ford was much higher priced car than Flanders and the Ford was completely disqualified.

Dealers and observers all along the line enthusiastic over the cars wonderful performance. Following three perfect road scores in Iowas little Glidden Flanders 20 has won every event in which she has been entered. The gruelling 1400 miles, Minneapolis to Helena reliability run, the Worcester hill climb, where she out fortyseven seconds off the former record, and now the St. Louis to Kansas City reliability run. In every event she has defeated many cars of far greater size and price.
