A Good Position.

Can be had by ambitious young men and ladies in the field of "wireless" or and ladies in the field of "wireless" or railway telegraphy. Since the 9-hour aw became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Poditions pay beginners from \$70 to \$90 per month, with good chance of advancement. The National Telegraph Institute of Portland, Ore., operates six citical institutes in America, under supervision of R. R. and Wireless officials and places all graduates into positions, It will pay you to write them for fall particulars.
