## GOOD SUGGESTION.

Chief Engineer Morrison made a suggestion to the city council Monday night that we believe should be acted upon. Academy street is one of the roadways to be improved next year. At its intersection with Main and for some distance west it is not of street width, the college campus cutting quite a hole in it. Before it can be improved it would be filled out to the required width, and Mr. Morrison's idea is that the city now begin to use it for a dump ground for the accumulations all over town for which it has been so hard to find a place of disposal. We believe the suggestion a good one, and that the doing so could save to the city the hauling of many loads of dirt next spring. This is but in line with the improvement the Itemizer has been advocating for so long—the straightening out of Main street—and after that corner of the campus is filled up we could go ahead with the dumping from the Stouffer hill north, and soon have the foundation for an entirely straight Main street to the creek, instead of the turn that now makes of that thoroughfare such an unsightly one, and cuts up the residence property in such bad shape. It will not be long until a new bridge will have to be built across the LaCreole, and this time we would like to see it a cement or iron structure, a beautifier for the town, and not the unsightly crisscross structure of the present—one which we are afraid will go out with every high water, and which does not show up our Main street to advantage to people coming in from that direction. We believe that every property owner on the north side of the creek would be perfectly willing to see such a change made, as there is no question but what it would straighten out their property angles, give them access to straight streets, and really make North Dallas a portion of the city, to say nothing about doing away with that long and inconvenient hill climb.

There can be no doubt that at the present time there is something seriously wrong as to the manner in which our legislative bodies are constituted. There is a powerful influence exerted upon many legislators and members of city councils after elections, which makes them not only ignore the principles to which they pledged themselves, but in many instances wilfully and deliberately to vote against their pledges. This influence further induces them to vote against all measures which have a tendency to place the government nearer to the people. The corporate interests are solidly against such measures and use every effort to defeat the same. It is this condition of affairs which has caused the citizens to believe that many of the men delegated with power to enact laws, or ordinances, are often improperly influenced to cast their votes against measures which are in the interest of the people. Such improper influences may not always come in the form of a bribe in money, or a position with a salary, but often it is in the form of some advantage to be derived by such votes.

There is nothing in the world worth getting angry about.

The noblest part of friendship is the honest boldness in privately pointing out our errors.

### No Objections Raised to Proposed Sewer Improvement.

The city council met in regular session last Monday evening with Mayor Craven presiding, all the officers present, and Councilmen Fuller, Coad, Fenton, Staats, Cosper and Campbell in attendance.

The mayor opened the hearing on the proposed sewer improvement and no objections appearing, the hearing was on motion of Coad closed, further regular proceedings to issue.

Coad reported for the street committee the unsafe condition of the Pfeiffer building, the refusal of the race company to replank the race at Levens street, that the quarry had been properly dismantled for the winter, and the unsafe condition of several sidewalks.

On motion of Fenton the marshal was instructed to fix the walk over the race.

The Christian church walk was on motion of Coad referred to the street committee.

On motion of Staats the marshal was instructed to see that needed sidewalk repairs were made.

Quite a delegation of Northeast Dallas residents appeared to support a petition for an arc light at the intersection of Jefferson and Academy. On motion of Fenton the matter was referred to the fire and water committee with power to act.

On motion of Coad the owner of the Pfeiffer building was ordered notified by the auditor of the instability of his building, and that if the same was not fixed it would be condemned.

The matter of a catch basin at the Christian church was, on motion of Staats, referred to the street committee with power to act.

Staats moved that the council approve the report of Coad that the city pay for the excess in making the armory cement walk 10 feet instead of 5 foot-4. A new walk was ordered from the armory west.

On motion of Coad the matter of keeping the business streets clean was referred to the health and police committee with full power to act.

The council decided to as a whole look up the matter of a sewer outlet on the west.

The quarterly reports of the city officials were presented and referred to the finance committee.

## TESTED AND PROVEN.

### There is a Heap of Solace in Being Able to Depend Upon a Well Earned Reputation.

For months Dallas readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. No another remedy ever produced such convincing proof of merit. Mrs. Melissa Govro, Log Cabin St., Independence, Oregon, says: "I suffered for years from kidney complaint, the principal symptoms being retention of the kidney secretions and nervousness. I was also subject to headache and dizzy spells. I felt weak and run down and hardly knew what to do to find relief as I had doctored a great deal without being benefited. I finally began using Doan's Kidney Pills and in less than a week I was better. The contents of four boxes of this remedy made me feel like a different woman, ridding me of the headaches and dizzy spells and strengthening my back. My kidneys are now normal and I feel better in every way." The above statement was given September 7, 1907, and on December 9, 1909, Mrs. Govro said: "The statement I gave for publication some years ago recommending Doan's Kidney Pills still holds good."

## A GREAT DISCOVERY.

### Certain Ingredients That Really Promote Hair Growth When Properly Combined.

Resorelin is one of the most effective germ destroyers ever discovered by science, and in connection with Beta Nixol which is both germicidal and antiseptic, a combination is formed which destroys the germs which rob the hair of its natural nourishment, and also creates a clean, healthy condition of the scalp, which prevents the development of new germs.

Pilocarpin, although not a coloring matter or dye, is a well-known ingredient for restoring the hair to its natural color, when the loss of hair has been caused by disease of the scalp. These ingredients in proper combination, with alcohol added as a stimulant and for its well-defined nourishing properties, perfect perhaps the most effective remedy that is known for scalp aches and itches.

We have a remedy which is chiefly composed of these ingredients, in combination with other extremely valuable medicinal agents. We guarantee it to positively promote hair growth and to grow thick even though the scalp spots is bare of hair. If there is any vitality left in the roots, it will positively cure baldness, or we will refund your money. If the scalp has a glazed, shiny appearance, it is an indication that baldness is permanent, but in other instances we believe baldness is curable.

We want every one troubled with scalp disease or loss of hair to try Rescall "33" Hair Tonic. If it does not cure dandruff and grow hair to the satisfaction of the user, we will without question or quibble return every cent paid us for it. We print this guarantee on every bottle. It has effected a positive cure in 95% of cases where put to a practical test.

Rescall "33" Hair Tonic is entirely unlike, and we think, in every particular, better than anything else we know of for the purpose of curing scalp disease. We urge you to try this preparation at our entire risk. Certainly we know of no better guarantee to give you. Remember, you can obtain Rescall Remedies only at our store—The Rescall Store—CONRAD STARFRIN, Dallas, Tex.

## THE YOUTH'S COMPANION IS FOR EVERYBODY.

Of course if you are too young to read or so old you have forgotten how, you may not enjoy The Youth's Companion. That is rather a surprising statement, however, for hosts of children love to have the stories and jingles of the Children's Page read to them. There is many a grandfather and grandmother whose eyes are dim who like nothing better than to sit and listen to The Companion story and articles. Many a blind person and even those who in addition can neither speak nor hear have been cheered by The Companion, its contents having been read aloud to them through the fingertips of friends. The reading of The Youth's Companion is a pretty sure cure for the kinds of loneliness. Robinson Crusoe would have been a happier man if he could have had his Companion Thursday as his only friend. Send for the Prospectus for 1912 and sample copies of the paper.

We think you will agree when you have read them, that no other paper gives quite so much of such a high quality as The Companion, and it costs only \$1.75 now for the 52 weekly issues. On January 1, 1912, the subscription price will be advanced to \$2. The new subscriber receives a gift of The Companion, a pretty sure cure for the kinds of loneliness, and all the remaining issues of 1911 free from the time the subscription is received.

## Sheriff's Sale of Real Property.

NOTICE is hereby given that by virtue of a writ of execution and order of sale of attached real property bearing date the 14th day of October, A. D. 1911, issued out of the circuit court of the state of Oregon for Yamhill county and under the seal of said court and to me directed, commanding me to sell the hereinafter described real property by me, undersigned as sheriff of Polk county, Oregon, in the manner by law required, for the purpose of satisfying that certain judgment recovered on September 21st, 1911, in the aforesaid circuit court by Mary D. Simonson, plaintiff, against M. A. Thurston, defendant, for the sum of \$83.26 together with interest thereon at 6 per cent per annum until paid, and the further sum of \$30 as special attorney's fees and \$13.80 costs and disbursements of this said action, and for the selling costs upon this writ.

Now, be it known, that by virtue of a certain writ of attachment issued out of the circuit court of the state of Oregon for Yamhill county in that action wherein said Mary D. Simonson was plaintiff and M. A. Thurston was defendant, I did on the 29th day of October, 1911, levy upon and attach the following real property, and have since said date continually and now have the same in my possession under and by virtue of the said attachment, and that by virtue of the said writ of Execution and Order of Sale of Attached Property, I will, on Saturday, the second day of December, 1911, at the hour of 1:00 o'clock, p. m., at the front door of the Polk county court house at Dallas, Oregon, sell at public auction, for cash in hand to the highest bidder, all the right, title and interest which said M. A. Thurston had on the 29th day of October, 1911, or at any time thereafter had or now has in and to the following described real property, to wit: Beginning at the southwest corner of the Williamette Meridian in Polk county, Oregon; thence north 8 22 chains; thence west 16 chains; thence north 20 chains; thence east 40 chains; thence south 25.22 chains; thence west 24 chains, to the place of beginning, containing 100 acres more or less, for the purpose of satisfying the said judgment, costs and selling costs upon this said writ.

Dated at Dallas, Oregon, October, 18, 1911.

J. M. GRANT,  
Sheriff of Polk County, Oregon.
